9. All rights are reserved by AVISHKAR Core Committee, Solapur University, Solapur.
10. For more information contact: [coordinator.avishkar@sus.ac.in](mailto:coordinator.avishkar@sus.ac.in)

- **Guidelines for the Preparation of Poster**

- The poster with code number (given at the time of registration) must be displayed in the place allotted immediately after the registration. Do not write name of the participant or the college on the poster. Do not reveal the identity or name of the college during the presentation.
- Poster must be 1m X 1m size printed on normal flex / or any suitable type.
- The research material must be properly organized on poster and the text must be minimum and font size must be readable from the distance at least 1m.
- The layout of the poster is given below-

- **Guidelines for the Construction of Model**

- The model with code number (given at the time of registration) must be displayed in the place allotted immediately after the registration. Do not reveal the identity or name of the college during the presentation.
- The model may be working or non-working. It is advised to use non-polluting or environment friendly materials for preparation of non-working model. More weightage is to be given for working model.
- Use of fireworks / arms during model presentation is strictly prohibited. However, if it is unavoidable for an exhibit, its imitation may be used with the prior permission of OSD, Avishkar Research Convention / Principal of the organizing college.
- Communicate the additional facilities (table, chair, electricity points, etc.) required for the display of the model prior to the convention / competition.

- **Guidelines for Preparation of Power Point Presentation**

- The power point presentation can be made by using any tool but the supporting file must be carried by the presenter.
- It can be made either in English or Devnagari. Use universal font/s to avoid delays during presentation. In case of Devnagari, carry the fonts in your pen drive or use Google Input Tool for Marathi typing.
- Keep your pen drive virus free. Possibly save only one folder containing the important files of related to your research project in your pen drive to avoid delays.
- Use minimum text on the slides. Make presentation using suitable pictures / diagrams / graphs / tables, etc.
- Keep the slides limited so as to finish presentation within 7-8 minutes.
- Do not mention name of the participant or the college on any of the slides.
- Introduce yourself only with code number (To be given at the time of registration) and do not reveal the identity or name of the college during the presentation.
