## B.C.A (Semester - I) (New) (CBCS) Examination: Oct/Nov-2022 ENGLISH (Compulsory) Literary Voyage

Day \& Date: Monday, 23-01-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Rewrite the following sentence by choosing the correct alternatives:

1) Who wanted an autograph of Gandhi?
a) students from Cambridge
b) students from Oxford
c) students from Harvard
d) students from Stanford
2) What did the grandmother desire to do on her deathbed?
a) Talk and comfort the family
b) Pray God and tell her beads
c) Dream of bygone days
d) Spent her time talking to her grandson
3) Dangers and difficulties are $\qquad$ _.
a) part and parcel if life
b) the things one must avoid
c) the things that one must escape from
d) the tests of your success or failure
4) Who sung praises for the flowers?
a) Bards
b) Oracles
c) Saints
d) Gods
5) Which flower won the competition?
a) Rose
b) Lily
c) Both
d) None of the two
6) The boy in the poem 'The Toys' is $\qquad$ .
a) the speaker of the poem
b) a mother less child
c) an adamant child
d) a naughty little fellow
7) The government $\qquad$ (judged) the strength of the cyclone Amphan. (use suitable prefix)
a) mis
b) dis
c) $u n$
d) semi
8) This is an interesting task. (Identify the underline word)
a) Adjective
b) Adverb
c) Pronoun
d) Conjunction
Q. 2 Write the answer of any 'Four' of the following. ..... 12
a) How is untouchability related to the essay 'The Birth of Khadi'?
b) How did the grandmother take care of the author?
c) What are the qualities the poet discusses in "Let me not pray to be sheltered $\qquad$ "?
d) Why did the poetess focus on the lotus flower in the poem?
e) Discuss the theme of guilt in the poem "The Toys"?
f) What are the different words used for staying away from alcohol in this essay ‘The Birth of Khadi'?

## Q. 3 What is communication? When would you say that your communication is successful?

## OR

What is formal communication? Write a note on the principles of effective communication.
Q. 4 What is intrapersonal communication? How to improve to it? 10

## Seat

No.
B.C.A. (Semester - I) (New) (CBCS) Examination: Oct/Nov-2022 FUNDAMENTALS OF COMPUTER (Paper - I)
Day \& Date: Tuesday, 24-01-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Choose the correct alternatives from the options.

1) __ device is used in third generation.
a) IC
b) VLSI
c) ALSI
d) Vacuum tube
2) A hybrid computers is the one having combined properties of $\qquad$ .
a) Micro and Mini computers
b) Mini and super computers
c) Main frame and super computers
d) Analog and Digital computers
3) $\qquad$ is output device designed to get soft copy output.
a) Scanner
b) Monitor
c) Printer
d) Plotter
4) Which of the following is a secondary memory device?
a) RAM
b) Hard Disk
c) ROM
d) None of the Above
5) In MICR commonly used font is $\qquad$ -
a) F 13 D
b) E13D
c) E 13 B
d) F 13 B
6) Magnetic tape is a type of $\qquad$ access device.
a) Sequential
b) Direct access
c) Step
d) Indirect
7) Example of a good password is $\qquad$ .
a) name of a partner or spouse
b) name of a child or pet
c) words contains multiple random digits
d) none of these
8) Backup of the source data can be created $\qquad$ -
a) On the same device
b) On another device
c) At some other locate
d) All of these
Q. 2 Answer the following questions. (Any Four)
a) What is search engine?
b) What is address bus?
c) What is ROM?
d) Give the List of computer applications.
e) What is a volatile and non-volatile memory?
f) Define Printer.
Q. 3 Write short notes. (Any Two) ..... 08a) E-mailb) $C D$c) Assembly Language
Q. 4 Answer of the following questions. (Any Two) ..... 08a) Write deference between Interpreter and Compiler.b) Explain types of network.c) What is input Device? Explain keyboard in details.
Q. 5 Answer of the following questions. (Any One) ..... 08
a) What is computer? Explain block diagram of computer.
b) What is Output Device? Explain monitor in detail.

## SLR-FS-3

## Seat

No.

## B.C.A (Semester - I) (New) (CBCS) Examination: Oct/Nov-2022 OFFICE AUTOMATION (Paper - II)

Day \& Date: Wednesday, 25-01-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
3) Draw necessary diagrams whenever necessary.
4) Use of logarithmic table and calculator is allowed.
Q. 1 Choose the correct alternatives from the options.

1) What is the extension of word files?
a) . dot
b) . txt
c) .xIms
d) .doc
2) Bold, Italic, Regular are known as $\qquad$ .
a) Text Effect
b) Font Effect
c) Font Style
d) Word Art
3) Formula in Excel start with $\qquad$ .
a) $\%$
b) $=$
c) +
d) -
4) What is the extension of Power Point File?
a) .pmt
b) .pnt
c) .ppt
d) .pdf
5) The Mail Server as defined in the text uses the $\qquad$ protocol.
a) HTTP
b) FTP
c) POP
d) SMTP
6) WWW Means $\qquad$ .
a) World Wide WAN
b) World Wide Web
c) World WAN Web
d) World WAN WAN
7) Which of the following is not a font style?
a) Bold
b) Italics
c) Regular
d) Superscript
8) In Ms Excel $\qquad$ are text entries.
a) Labels
b) Tupple
c) Attributes
d) Character

## Q. 2 Answer the following questions. (Any Four)

a) What is Power Point?
b) List out the Main components of MS-Word.
c) How can you add a new Excel work Sheet?
d) What is the size limitation for on Access Database?
e) What is short cut key for add a new file in MS-Word?
Q. 3 Write short notes. (Any Two) ..... 08a) Explain Recycle Bin.b) How to insert slide number on presentation?c) Explain features of MS-WORD.
Q. 4 Answer of the following questions. (Any Two) ..... 08a) Explain different parts of windows.b) Explain any four short cut keys in MS-Word.c) What is table? Explain different operations on table.
Q. 5 Answer of the following questions. (Any One) ..... 08a) What is window? Explain functions of windowsb) Explain creation of tables in MS-Word.

Set

## B.C.A (Semester - I) (New) (CBCS) Examination: Oct/Nov-2022 PROGRAMMING AND PROBLEM SOLVING USING ‘C’ (Paper - I)

Day \& Date: Tuesday, 27-01-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Draw neat diagrams and give equations wherever necessary.
3) Figures to the right indicate full marks.
4) Use of logarithmic table and calculator is allowed. (At. Wts.: $\mathrm{H}=1, \mathrm{C}=12, \mathrm{O}=16, \mathrm{~N}=14, \mathrm{Na}=23, \mathrm{Cl}=35.5$ ).
Q. 1 Choose the correct alternatives from the options.

1) Enumeration is a $\qquad$ data type in c?
a) library
b) user defined
c) built-in
d) none of the above
2) An algorithm represented in the form of programming language is $\qquad$ .
a) Flowchart
b) Pseudo Code
c) Program
d) None
3) Header files in C contain $\qquad$ .
a) Compiler command
b) Library functions
c) Header information of c programs
d) Operators for files
4) The precedence of arithmetic operators is (from highest to lowest)?
a) $\%,{ }^{*}, l,+,-$
b) $\%,+, l,{ }^{*},-$
c) $+,-, \%,{ }^{*}$, /
d) $\%,+,-,{ }^{*}, /$
5) Which is correct with respect to size of the datatypes?
a) char >int> float
b) int> char > float
c) char <int<double
d) double > char >int
6) Which of the following is true for variable names in C ?
a) They can contain alphanumeric characters as well as special characters
b) It is not an error to declare a variable to be one of the keywords(like goto, static)
c) Variable names cannot start with a digit
d) Variable can be of any length
7) What is right way to initialize array?
a) intnum $[6]=\{2,4,12,5,45,5\}$;
b) int $n\}=\{, 4,12,5,45,5\}$;
c) intn $\{6\}=\{2,4,12\}$;
d) int $\mathrm{n}(6)=\{, 4,12.5,45,5\}$;
8) What will be the output following c code?
\#include<stdio.h>
void main()
int $k=0$ :
for $(\mathrm{k}<3$ : $\mathrm{k}++$ )
printf("Hello"); \}
a) Compile time error
b) Hello is printed thrice
c) Nothing
d) Varies
Q. 2 Answer the following questions. (Any Four) 08
a) What is algorithm?
b) Draw symbol for decision and process.
c) What is identifier?
d) Syntax of switch case.
e) What is two dimensional array?
f) What is loop?
Q. 3 Write short notes. (Any Two) ..... 08
a) Pseudo code
b) Structure of c program
c) goto Statement
Q. 4 Answer of the following questions. (Any Two) ..... 08

a) What is data type? Explain Primitive data types in details?

b) Write a C program to find out sum of digit of given number and reverse that
number.

c) Write a C program to find out given number is prime or not.
Q. 5 Answer of the following questions. (Any One) 08
a) What is array? Explain one dimensional array with one example.
b) What is operator? Explain different operators used in c with example.

## B.C.A (Semester - I) (New) (CBCS) Examination: Oct/Nov-2022 Web Programming - I (Paper - II)

Max. Marks: 40
Day \& Date: Saturday, 28-01-2023
,
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Draw neat diagrams and give equations wherever necessary.
3) Figures to the right indicate full marks.

## Q. 1 Choose the correct alternatives from the options.

1) The year in which HTML was first proposed $\qquad$ -.
a) 1990
b) 1980
c) 2000
d) 1995
2) Which character is used to represent the closing of a tag in HTML?
a) 1
b) !
c) 1
d) .
3) What is CSS?
a) CSS is a style sheet language
b) CSS is designed to separate the presentation and content, including layout, colors, and fonts
c) CSS is the language used to style the HTML documents
d) All of the mentioned
4) How to create a hyperlink in HTML?
a) <a href = "www.javatpoint.com"> javaTpoint.com </a>
b) <a url = "www.javatpoint.com" javaTpoint.com /a>
c) <a link = "www.javatpoint.com"> javaTpoint.com </a>
d) <a> www.javatpoint.com <javaTpoint.com /a>
5) The Attribute Of The <tr> Tag Sets The Vertical Alignment Of The Row Is.
a) Vrow
b) Haling
c) Align
d) Valign
6) How to insert an image in HTML?
a) <imghref = "jtp.png" / >
b) <imgurl = "jtp.png" />
c) <img link = "jtp.png" />
d) <imgsrc = "jtp.png" />
7) Which of the following is the correct syntax to display the hyperlinks without any underline?
a) a \{text-decoration : underline;\}
b) a \{decoration : no-underline;\}
c) a \{text-decoration : none; $\}$
d) None of the above
8) What are the new form elements introduced in html5?
a) 2
b) 3
c) 4
d) 5
a) What is use of frame and frameset tag?
b) What is mean by internet?
c) Explain the use of CSS.
d) What is use of Placeholder attribute in input tag?
e) Explain the structure of HTML program.
f) Explain the Image Map with example.
Q. 3 Write short notes. (Any Two) 08
a) Table tag
b) DOCTYPE Element
c) Media tag
Q. 4 Answer the following questions. (Any Two) 08
a) Explain CSS Properties details.
b) Explain GET and POST methods with example.
c) What is an Event? Explain with example.
Q. 5 Answer the following questions. (Any One) 08
a) What is List tag? What are the types of List tag explain with example?
b) Explain the Form tag with input tag attributes.

## B.C.A. (Semester - I) (New) (CBCS) Examination: Oct/Nov-2022 BASICS OF MATHEMATICS (Paper - I)

Day \& Date: Monday, 30-01-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
3) Draw necessary diagrams whenever necessary.
4) Non programmable calculators are allowed.
Q. 1 Choose the correct alternatives from the options.

1) Disjunction of the statements $p$ and $q$ are false if both the statements are
a) True
b) False
c) True and false
d) True or false
2) If sets $A$ \& $B$ are disjoint if $\qquad$ .
a) $A \cup B=\varnothing$
b) $A \cap B=\phi$
c) $A \cup B=A$
d) $A \cap B=B$
3) A set having only one element is known as $\qquad$ .
a) Singleton set
b) Binary set
c) Null set
d) Finite set
4) Let $A=\{a, b, c, d, e, f, g, h\}$ then cardinality of $A$ is $\qquad$ .
a) 8
b) 10
c) 9
d) 0
5) A relation $R$ which is reflexive, symmetric and transitive is called as $\qquad$ relation.
a) Partial ordering
b) Equivalence
c) Void
d) Inverse
6) If $X R Y$ and $Y R X$ then the relation $R$ is called $\qquad$ relation.
a) symmetric
b) asymmetric
c) antisymmetric
d) equivalence
7) For two sets $A \& B$ If $n(A \cup B)=12, n(A)=8, n(B)=7$ then $n(A \cap B)=$
$\qquad$ .
b) 4
c) 5
d) 6
8) The order of row matrix is $\qquad$ .
a) $n \times n$
b) $1 \times n$
c) $n \times 1$
d) $1 \times 1$
Q. 2 Answer the following questions. (Any Four)
a) Define square matrix with example.
b) Prepare the truth table of ( $\mathrm{pv} \sim \mathrm{q}$ )
c) Define transitive relation.
d) Find the power set of $A=\{a, b, c\}$
e) State Inclusive-exclusive principles for three sets.
f) If $\left[\begin{array}{ll}5 & 7 \\ x & 1 \\ 2 & 6\end{array}\right]-\left[\begin{array}{cc}1 & 2 \\ -3 & 5 \\ 2 & y\end{array}\right]=\left[\begin{array}{cc}4 & 5 \\ 4 & -4 \\ 0 & 4\end{array}\right]$ Then find $x \& y$.
Q. 3 Answer the following questions. (Any Two) 08
a) Define symmetric matrix \& skew symmetric matrix with example.
b) In a city $20 \%$ of the population travels by car, $50 \%$ travels by bus and $10 \%$ travels by both car and bus. Then, find persons travelling by car or bus.
c) Let $A=\{1,2,3\}$. Let $R$ be the relation defined on the set $A$ given by $R=\{(1,2),(1,3),(2,1),(2,2),(2,3),(3,3)\}$. Write matrix of relation $R$. Also draw digraph of relation R. \& find in degree \& out degree of each vertex.

## Q. 4 Answer of the following questions. (Any Two)

a) Let $X$ be the universal set, for the nonemptysets $A$ and $B$, verify the De Morgan's laws.
i) $(\mathrm{A} \cup \mathrm{B})^{\prime}=\mathrm{A}^{\prime} \cap \mathrm{B}^{\prime}$
II) $(\mathrm{A} \cap \mathrm{B})^{\prime}=\mathrm{A}^{\prime} \cup \mathrm{B}^{\prime}$

Where $X=\{1,2,3,4,5,6,7,8,9,10\}$ $A=\{1,2,3,4,5\} B=\{1,2,5,6,7\}$
b) Using truth table prove that, $p \wedge(q \vee r) \equiv(p \wedge q) \vee(p \wedge r)$
c) Find the number of integers between 1 to 700 which are divisible by 3 or 5 , neither by 3 nor by 5 .
Q. 5 Answer of the following questions. (Any One)
a) Define tautology, contradiction \& contingency.
b)

If $A=\left[\begin{array}{lll}1 & 3 & 3 \\ 3 & 1 & 3 \\ 3 & 3 & 1\end{array}\right]$ prove that $A^{2}-5 A$ is a scalar matrix.

## B.C.A (Semester - I) (New) (CBCS) Examination: Oct/Nov-2022 DESCRIPTIVE STATISTICS (Paper-II)

Day \& Date: Tuesday, 31-01-2023

Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
3) Draw neat diagrams and give equations whenever necessary.
4) Use of logarithmic table and calculator is allowed.
Q. 1 Choose the correct alternatives from the options.

1) __ is a classic example of primary data.
a) Population census
b) Central statistical organization report
c) Reserve Bank of India bulletin
d) National sample survey report
2) Sample is $\qquad$ .
a) Subset of population
b) Part of Population
c) $5 \%$ of population
d) at least $50 \%$ of population
3) The two regression lines intersect at $\qquad$ .
a) $(0,0)$
b) $(\bar{X}, \bar{Y})$
c) $\left(\sigma_{x}, \sigma_{y}\right)$
d) none of these
4) The data of marks $35,455,40,47,50,56$ of six students in Statistics will be called as $\qquad$ .
a) an increasing series
b) an individual series
c) a decreasing series
d) a continuous series
5) A primary data is a data collected from $\qquad$ .
a) Office records
b) Direct interviews
c) Bulletins
d) Annual reports
6) Which of the following is Positional average?
a) Arithmetic mean
b) Geometric mean
c) Harmonic mean
d) Median
7) Which one of the following relation between standard deviation (S.D) and variance $V(X)$ of a variable $X$ is true?
a) $\mathrm{S} . \mathrm{D}=\operatorname{Var}(\mathrm{X})$
b) $(S . D)^{2}=\operatorname{Var}(X)$
c) $S . D=[\operatorname{Var}(x)]^{2}$
d) None of these
8) If a constant value 10 is subtracted from each observation of a set the variance is $\qquad$ _.
a) increased by 100
b) decreased by 10
c) decreased by 100
d) not changed
Q. 2 Answer the following questions. (Any Four) ..... 08
a) State merits and demerits of A.M
b) Define concept of statistical population with example.
c) Define concept of measures of dispersion.
d) Define continuous and discrete random variable with example.
e) Define absolute and relative measures of dispersion.
f) Find correlation between X and Y given $\mathrm{n}=5, \sum \mathrm{X}=75, \sum \mathrm{Y}=100, \sum \mathrm{XY}=$ $325, \sum X^{2}=250, \sum Y^{2}=500$
Q. 3 Write short notes. (Any Two) ..... 08
a) Explain the term Stratified random sampling with example.
b) Write objects of central tendency and criteria for good measures of central tendency.
c) Explain the term bivariate data with examples any two.
Q. 4 Answer of the following questions. (Any Two) ..... 08
a) Define Correlation. its types with example.
b) Discuss the effect of change of origin and scale on Regression coefficient.
c) Define C.V and its merits and demerits.
Q. 5 Answer of the following questions. (Any One) 08
a) Explain term cummulative frequencies. Write construction of less and more ogive curvs.
b) Define Regression. Drive the expressions for regression line of $X$ on $Y$.

## Seat

No.
Set $\mathbf{P}$

## B.C.A (Semester - I) (New) (CBCS) Examination: Oct/Nov-2022 Fundamentals of Electronics (Paper - I)

Day \& Date: Wednesday, 01-02-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
3) Draw necessary diagrams whenever necessary.
4) Non Programmable calculators are allowed.
Q. 1 Choose the correct alternatives from the options.

1) material is used for infrared color LED.
a) GaAs
b) GaPs
c) Gas
d) GaAsP
2) SiO 2 is used as mask in $\qquad$ Process.
a) wafer
b) metallization
c) diffusion
d) photolithiographic
3) In epitaxial growth $\qquad$ material is used.
a) $P$
b) N
c) PN
d) NP
4) Bid type thermistor has 12.5 to $\qquad$ mm diameter.
a) 0.5
b) 0.10
c) 0.15
d) 0.20
5) Thickness of wafer in IC is $\qquad$ micrometer.
a) 2
b) 20
c) 200
d) 2000
6) 

a) SiO 2
b) CO 2
c) GeO 2
d) SiO
7) Thickness of LCD layer is $\qquad$ micrometer.
a) 10 to 20
b) 10 to 30
c) 10 to 40
d) 10 to 50
8) LCD uses $\qquad$ material.
a) IN 2 O 2
b) IN 3 O 2
c) $\quad \mathrm{IN} 2 \mathrm{O} 3$
d) INO 3
Q. 2 Answer any four of the following.
a) Write any four applications of LED.
b) Define LCD?
c) Define SMT and SMC.
d) Define linear IC.
e) Write application of IC.
f) What is mean by wafer in IC.
Q. 3 Answer any two of the following. ..... 08a) Explain monolithic IC for diode.
b) Explain SMC and SMD.
c) Explain SMT and single layer PCB.
Q. 4 Answer any two of the following. ..... 08a) Explain the working of LCD.
b) Explain monolithic IC for transistor.
c) Explain Multilayer PCB.
Q. 5 Answer any one of the following. ..... 08
a) Explain IC fabrication process in detail.
b) Explain Construction and working of seven segment LED Display.

## B.C.A. (Semester - I) (New) (CBCS) Examination: Oct/Nov-2022 Linear Electronics - II

Day \& Date: Friday, 24-03-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
3) Draw neat diagrams wherever necessary.
4) Non programmable calculators are allowed.
Q. 1 Choose the correct alternatives from the following.

1) is property of resistor.
a) Capacitance
b) Reactance
c) Resistance
d) Inductance
2) Paper capacitor is $\qquad$ .
a) electrolyte
b) non electrolyte
c) insulator
d) conductor
3) In conductor VB and CB are $\qquad$ -
a) far away
b) close
c) Separate
d) overlapped
4) $\qquad$ is used as dielectric in non electrolyte capacitors.
a) Glass
b) Aluminum
c) Gold
d) Silicon
5) In P type semiconductor $\qquad$ are majority carriers.
a) Protons
b) electrons
c) Holes
d) Charge
6) Diode becomes forward biased when anode is connected to $\qquad$ .
a) positive
b) negative
c) supply
d) battery
7) Efficiency of Full wave rectifier is $\qquad$ .
a) 81.6
b) 81.3
c) 81.5
d) 81.4
8) MOSFET has SiO2 layer on $\qquad$ side.
a) drain
b) source
c) gate
d) Substrate

## Q. 2 Answer any four of the following

a) Define resistor.
b) Define semiconductor.
c) Draw diagram of $n$-type semiconductor.
d) Define capacitance and write unit.
e) Write a function of BJT terminals.
f) Define power supply.
Q. 3 Answer any two of the following.
a) Explain construction and Working of P-N-P transistor.
b) Explain half wave rectifier.
c) Explain carbon composition resistor.
Q. 4 Answer any two of the following. 08
a) Explain the construction potentiometer.
b) Write a short note on p - types semiconductor.
c) Define inductor. Explain its types.
Q. 5 Answer any one of the following. 08
a) Define power supply. Explain 3 pin IC regulator.
b) Classify Materials on the basis of energy band diagram and explain n-type semiconductor.

## B.C.A. (Semester - I) (Old) (CBCS) Examination: Oct/Nov-2022 ENGLISH (Compulsory) <br> Literary Voyage

Day \& Date: Monday, 23-01-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.

## Q. 1 Rewrite the following sentences by choosing the correct alternative.

1) Gandhi was asked to deliver a speech on $\qquad$ -.
a) Khadi
b) Freedom
c) Religion
d) Poverty
2) Jadav Payeng belongs to the state of $\qquad$ .
a) Maharashtra
b) Assam
c) Guwahati
d) Sikkim
3) The grandmother used to fetch the author's $\qquad$ before school.
a) books
b) shoes
c) uniform
d) wooden slate
4) The poet desires not to be sheltered from $\qquad$ .
a) love
b) compassion
c) dangers
d) cowardice
5) $\qquad$ sung praises for the flowers.
a) Bard
b) Oracle
c) Saints
d) None of these
6) The father discovered $\qquad$ coins.
a) silver
b) gold
c) copper
d) nickel
7) Entering into some one else's house without permission is $\qquad$ .
a) illmannered
b) illegal
c) illogical
d) illogic
8) I have never heard $\qquad$ them after that incident.
a) at
b) by
c) of
d) to
Q. 2 Answer the following questions (any four)
a) What is the importance of khadi in the context of the freedom Struggle?
b) How was Jadav Payeng inspired to start planting tree?
c) What kind of relationships did the author have with his grandmother?
d) What are the various qualities that Rabindranath Tagore discusses as important in the poem?
e) Why did Toru Dutt focus on the Lotus flower in the poem?
f) What is the significance of the toys in the poem 'The Toys'?

# Q. 3 Answer the following question. (Any one) <br> a) Write about the process of communication in detail. <br> b) Write about the principles of effective communication. 

Q. 4 Write a description about your memorable tour with your family members. ..... 10

## B.C.A. (Semester - I) (Old) (CBCS) Examination: Oct/Nov-2022

 FUNDAMENTALS OF COMPUTER (Paper - I)Day \& Date: Tuesday, 24-01-2023
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Multiple choice questions

1) The brain of any computer system is $\qquad$
a) output unit
b) Memory
c) CPU
d) Control unit
2) is used as a primary storage device.
$\qquad$
a) Magnetic tape
b) RAM
c) Floppy disk
d) None of the above
3) One thousand bytes represent a $\qquad$ .
a) Megabyte
b) Gigabyte
c) Kilobyte
d) None of the above
4) Light pen and joystick are $\qquad$ .
a) Algorithm
b) Input devices
c) Output devices
d) Portals
5) The capacity of 3.5 inch floppy disk is $\qquad$ .
a) 1.40 MB
b) 1.44 GB
c) 1.40 GB
d) 1.44 MB
6) The output quality of a printer is measured by $\qquad$ .
a) CPS
b) PPM
c) LPM
d) DPI
7) The task of performing operations like arithmetic and logical operations is called $\qquad$ .
a) Processing
b) Storing
c) Editing
d) Sorting
8) MICR is $\qquad$ type of device.
a) output
b) storage
c) input
d) none of these
Q. 2 Answer any four of the following.
9) What is computer?
10) What is Firmware?
11) What is hardware?
12) What is computer memory?
13) What is protocol?
14) What is E-Mail?
Q. 3 Write short notes on any two of the following. ..... 08
15) Expansion slots2) OMR device3) Internet
Q. 4 Answer any Two of the following. ..... 08
16) Explain Magnetic tape with diagram.
17) Explain mouse and its types.3) Explain block diagram of computer.
Q. 5 Answer any one of the following. ..... 081) What are the types of network? Explain in details.2) Explain generations of computer.

## B.C.A. (Semester - I) (Old) (CBCS) Examination: Oct/Nov-2022 LOGIC DEVELOPMENT WITH ‘C’ PROGRAMMING (Paper - II)

Day \& Date: Wednesday, 25-01-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Draw neat diagrams and give equations wherever necessary.
3) Use of logarithmic table and calculator is allowed.
4) Figures to the right indicate full marks.
Q. 1 Choose the correct alternative from the following options.

1) Which is not a translator?
a) Assembler
b) Interpreter
c) Compiler
d) Linker
2) Which of the following is not a keyword of $C$ ?
a) register
b) void
c) main
d) goto
3) Which of the following ' $C$ ' expression is equivalent to the algebraic expression: $3 x^{2}+3(4 x+6)$
a) $3^{*} x^{*} x+3^{*}(4 x+6)$
b) $3^{*} x^{*} x+3(4 x+6)$
c) $3^{*} x^{*} x+3\left(4^{*} x+6\right)$
d) $3^{*} x^{*} x+3^{*}\left(4^{*} x+6\right)$
4) Find the output of the following program:
void main()
\{ printf(\%d",32>>2);
\}
a) 8
b) 30
c) 128
d) 64
5) 

a) We can write if..else only inside if part
b) We can write if...else only inside else part
c) We can write if...else in both if and else part
d) We can write one if...else and after another if...else
6) Missing condition in for loop will generate $\qquad$ .
a) Compiler error
b) Runtime error
c) Warning
d) Infinite loop
7) Which of the following are format specifiers in C ?
i) $\% \mathrm{f}$
ii) \%c
iii)\%q
iv)\%z
v) $\% u$
a) i, ii, iv \& v
b) ii, iii, iv \& v
c) i, ii, v
d) i, ii, iii \& v
8) $\qquad$
a) ()
c) $\}$
b) []
d) -> is used to access individual element of an array.
Q. 2 Answer the following questions. (Any Four) ..... 08
a) What is flowchart? Which symbols are used in flowchart?
b) Write the structure of ' $C$ ' program.
c) Which data types are available in ' C '?
d) What is the use of 'typedef'?
f) What is conditional operator?
g) Write a program to check the given number is even or odd.
Q. 3 Write short notes on any two of the following. ..... 08
a) Pseudo code
b) Type conversion
c) Escape sequence characters
Q. 4 Attempt any two of the following questions. ..... 08
a) Explain bitwise operators.
b) What is array? Explain types of array.
c) Draw the flowchart and write a program to print the factorial of given integer. (Hint: if the given integer is 4 then the factorial will be $4 * 3 * 2 * 1=24$ )
Q. 5 Attempt any one of the following questions. ..... 08
a) Explain different iterative statements in ' $C$ '.
b) Draw the flowchart and write a program to print all the prime numbers between 1 and 100.

## B.C.A. (Semester - I) (Old) (CBCS) Examination: Oct/Nov-2022 BASICS OF WEB PROGRAMMING - I

Day \& Date: Friday, 27-01-2023

Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Choose the correct alternative from the following options.

1) CSS stands for $\qquad$ .
a) Cascading style sheet
b) Color style sheet
c) Creative style sheet
d) Computer style sheet
2) Which of the tag is used to create table row in table
a) $\langle t d>$
b) <tr>
c) <table>
d) <ts>
3) Which is singular tag $\qquad$ .
a) <h1>
b) <p>
c) <img>
d) <o1>
4) HTML is a $\qquad$ .
a) Programming language
b) Scripting language
c) Markup language
d) All of the above
5) If you want to merge two or more rows in a table which attribute you can use'?
a) rowmerge
b) rowspan
c) colmerge
d) colspan
6) How can you make a list that lists items with numbers?
a) OL
b) DL
c) UL
d) list
7) In what form the style rules represented.
a) Selector\{property:value;\}
b) Selector\{value:property;\}
c) Selector\{property:value\}
d) Selector\{property=value:\}
8) HTML5 documents may contain a $\qquad$ element. which is used to set the header section of a document.
a) Header
b) Footer
c) Section
d) None of above

## Q. 2 Answer the following questions. (Any Four)

a) Explain singular and paired tags with example.
b) Explain structure of HTML.
c) Explain Requirement for internet.
d) Explain need of HTML5.
e) Explain any one media tag in HTML5.
a) Explain any two input tag in HTML5 with example.
b) Explain Use of CSS.
c) Explain application of internet.

## Q. 4 Attempt any two of the following question.

a) Explain following CSS properties.

1) Opacity
2) Table
b) Write HTML code that shows image mapping.
c) Explain graphics in HTML5.
Q. 5 Attempt any one of the following questions.
a) What is CSS? Explain the types of selectors.
b) Explain 2D/3D transformations.

## B.C.A. (Semester - I) (Old) (CBCS) Examination: Oct/Nov-2022 SOFTWARE ENGINEERING - I (Paper - II)

Day \& Date: Saturday, 28-01-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Choose the correct alternatives:

1) Which one of the following models is not suitable for accommodating any change?
a) Build \& Fix Model
b) Prototyping Model
c) RAD Model
d) Waterfall Model
2) Which model can be selected if user is involved in all the phases of SDLC?
a) Waterfall Model
b) Prototyping Model
c) RAD Model
d) both $a$ and b
3) Which of the feasibility is related to cost-benefit analysis aspects?
a) Economical
b) Technical
c) Operational
d) None of these
4) Weather forecasting is an example of $\qquad$ system.
a) Abstract
b) Deterministic
c) Closed
d) Probabilistic
5) Which one of the following is not a phase of Prototyping Model?
a) Quick Design
b) Coding
c) Prototype Refinement
d) Engineer Product
6) Problem identification is done during $\qquad$ phase.
a) System design
b) System analysis
c) System testing
d) All of the above
7) The inter-connections \& interaction between the subsystems are called as $\qquad$ .
a) Environment links
b) Connecting links
c) Interfaces
d) Control lines
8) The $\qquad$ is the element of system that involves in modifying the input.
a) Output
b) Interface
c) Processor
d) Control
Q. 2 Answer any four of the following.
a) What is system analysis?
b) What are the various phases of SDLC?
c) What is software engineering?
d) How you can gather requirements?
f) What is Natural and Man-made system?
g) In software development process, what is the meaning of debugging?
Q. 3 Write short notes on any two of the following:
a) Elements of system.
b) Open and closed system.
c) RAD model.
Q. 4 Answer any two of the following. 08
a) What is Feasibility study? Explain different feasibility studies in detail.
b) What is System? What are the characteristics of system?
c) Explain waterfall model of SDLC in details.
Q. 5 Answer any one of the following. 08
a) Explain different fact finding techniques in detail.
b) Who is System Analyst? Explain his/her different roles in SDLC.

## B.C.A. (Semester - I) (Old) (CBCS) Examination: Oct/Nov-2022 BASICS OF MATHEMATICS - I (Paper - I)

Day \& Date: Monday, 30-01-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
3) Use of scientific calculator is allowed.
Q. 1 Choose the correct alternative from the following options.

1) The order of product matrix $C=A \cdot B$ is $\qquad$ . where $A=[a i j]_{m \times n}$ and $B=[b i j]_{\mathrm{n} \times \mathrm{p}}$
a) $m \times n$
b) $n \times m$
C) $m \times p$
d) $p \times m$
2) The set and it's complement are $\qquad$ .
a) never disjoint
b) always disjoint
c) always equal
d) None of these
3) If all the elements of matrix of relation R are 1 then relation R must be
$\qquad$ relation.
a) universal
b) void
c) empty
d) ideal
4) The compound statement $p \leftrightarrow q$ is false if and only if $\qquad$ .
a) both $p$ and q are false
b) both $p$ and $q$ are true
c) one of $p$ or $q$ is false
d) None of these
5) A relation $R$ defined on a set $A$ is said to be $\qquad$ if $R$ is reflexive, antisymmetric and transitive.
a) partial ordering
b) equivalence
c) universal
d) trivial
6) A square matrix $A=[\mathrm{aij}]_{\mathrm{n} \times \mathrm{n}}$ is said to be upper triangular matrix if $\qquad$ .
a) aij $=0$; for all $\mathrm{i}<\mathrm{j}$
b) aij $=0$; for all $i \neq j$
c) aij $=0$; for all $\mathrm{i}>\mathrm{j}$
d) aij $\neq 0$; for all $\mathrm{i}>\mathrm{j}$
7) $\sim(p \wedge q) \equiv$ $\qquad$ .
a) $\sim p \wedge \sim q$
b) $\quad \sim p \vee q$
c) $\mathrm{p} \vee \sim \mathrm{q}$
d) None of these
8) Let $A=\{x \mid x$ is an odd number divisible by 2$\}$ then cardinality of set A is $\qquad$ .
a) infinity
b) $\varnothing$
c) 0
d) 2
Q. 2 Answer the following questions. (Any Four)
a) Draw digraph or relation
$R=\{(a, a),(a, b),(b, b),(b, d),(b, a),(c, a),(c, d),(d, a),(d, c),(d, d)\}$ defined on set $A=\{a, b, c, d\}$.
b) State DeMorgan's Laws in the set theory.
c) Define tautology and contradiction.
d) Define row matrix with suitable example.
f) Define equivalence relation.
g) Define complement of a set.
Q. 3 Answer any two of the following.
a) Let $\mathrm{A}=\left[\begin{array}{cc}-10 & 16 \\ 20 & -14\end{array}\right]_{2 \times 2}$ and $\mathrm{B}=\left[\begin{array}{cc}-6 & -14 \\ 0 & 7\end{array}\right]_{2 \times 2}$

Be the two matrices. Find the matrix $\mathrm{A}+\mathrm{B}$ and $\mathrm{A}-\mathrm{B}$.
b) Prepare truth table for converse, inverse, contrapositive of the conditional statement $\mathrm{p} \rightarrow \mathrm{q}$.
c) Let $A=\{1,2,3,4,5\}$. Let R be the relation defined on the set A by, xRy if and only if $x$ divides $y, x, y \in A$. Write relation $R$. Write matrix of relation R. Also write in-degree and out-degree of every element in the set $A$.
Q. 4 Answer any two of the following questions.
a) Let $A=\{a, b, c, d, e\}, B=\{b, c, d, f, g, h\}$ be the two sets. Find the sets $A \cup B, A \cap B, B-A, A \oplus B$. Also write their cordinalities.
b) Check whether the following statement is logically equivalent or not. $(p \wedge q) \vee \sim(q \rightarrow p) \equiv \sim P$.
c) Define transpose of a matrix and symmetric matrix with suitable example.

## Q. 5 Answer any one of the following questions.

a) Define transitive closure. Hence find transitive closure $\mathrm{R}^{*}$ of relation $R=\{(p, q),(p, s),(q, q),(q, r),(r, p),(r, q),(s, p),(s, q)\}$ defined on set $A=\{p, q, r, s\}$. Also draw digraph of transitive closure $R^{*}$.
b) Test whether the following argument is valid or not.
$\sim \mathrm{p} \rightarrow \mathrm{q}, \sim \mathrm{r}, \mathrm{q} \leftrightarrow \mathrm{r}, \sim \mathrm{q} \vee \sim \mathrm{P} \vdash \sim(\mathrm{p} \rightarrow \sim \mathrm{q})$

## B.C.A. (Semester - I) (OId) (CBCS) Examination: Oct/Nov-2022 STATISTICAL METHODS - I (Paper-II)

Day \& Date: Tuesday, 31-01-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
3) Use of any type of calculator is allowed.
4) Graph paper will be supplied on request.
Q. 1 Choose the correct alternative from the following options.

1) The measure of central tendency that can be determined by using greater than ogive is $\qquad$ .
a) A.M.
b) Mode
c) Median
d) All of these
2) Median divides the total data into $\qquad$ equal parts, when data is arranged in ascending order.
a) 2
b) 3
c) 4
d) None of these
3) If the variables $X \& Y$ are independent then correlation between them is
$\qquad$ .
a) Zero
b) 1
c) -1
d) 0.4
4) If upper limit of a class is the lower limit of the next class, then the classes are of type $\qquad$ .
a) Exclusive
b) Inclusive
c) Open - end
d) None of these
5) Measure of dispersion that based on extreme observation is $\qquad$ .
a) S.D.
b) C.V.
c) Coefficient of range
d) None of these
6) SRS method dose not provides representative sample of population is
$\qquad$
a) Homogeneous
b) Heterogeneous
c) Infinite
d) None of these
7) Few drops of blood taken for diagnosis is the $\qquad$ .
a) SRSWR
b) SRSWOR
c) Stratified Sampling
d) Systematic Sampling
8) Regression is a method of estimating value of one variable for known value of other variable, if the variables are $\qquad$ -.
a) Positively correlated only
b) Negatively correlated only
c) Perfect positively correlated only
d) Correlated only
Q. 2 Answer the following questions. (Any Four) ..... 08
a) State any two advantages of sampling method.
b) The equation of line of regression $Y$ on $X$ is $5 Y+3 X=60$. Find regression coefficient Y on X .
c) Define class frequency with illustration.
d) Given $n=10, \Sigma x=25, \Sigma x^{2}=745$, find variance.
f) Define correlation.
g) The A.M. of observations $10,15, x, 30,50$ is 26 , find the value of $x$.
Q. 3 Write short notes.
a) Stratified Sampling Method
b) Absolute \& Relative measure of dispersion
c) Positive \& Negative Correlation

## Q. 4 Attempt any two of the following question.

a) State any two merits \& demerits of median.
b) Find range $\theta$ it's coefficient from the following observations.
$10,12,14,18,17,21,24,6$
c) If bxy $=0.5$, byx $=1.6, \overline{\mathrm{X}}=14, \overline{\mathrm{Y}}=10$
Estimate Y when $\mathrm{X}=20$.
Q. 5 Attempt any one of the following question.
a) Draw Histogram to represent the following data \& hence find mode.
Weight (in kg) : 40-45 $45-50 \quad 50-55 \quad 55-60 \quad 60-65 \quad 65-70 \quad 70-75$
$\begin{array}{llllllll}\text { No. of Students: } & 10 & 19 & 27 & 36 & 30 & 25 & 16\end{array}$
b) Computer Karl Pearson's coefficient of correlation between X \& Y. \& hence comment on the result.

$X \quad:$|  | 14 | 20 | 27 | 30 | 32 |
| :--- | :--- | :--- | :--- | :--- | :--- |

$Y \quad: \begin{array}{llllll}19 & 27 & 36 & 30 & 25\end{array}$

## B.C.A. (Semester - I) (OId) (CBCS) Examination: Oct/Nov-2022 DIGITAL ELECTRONICS (Paper - I)

Day \& Date: Wednesday, 01-02-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions :1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Choose the correct alternative from the following options.

1) Output of AND gate is 1 when inputs are $\qquad$ -
a) 0,0
b) 0,1
c) 1,0
d) 1,1
2) Output of $X$-NOR gate is high when $\qquad$ .
a) inputs are same
b) inputs are different
c) inputs are high
d) inputs are low
3) Binary to gray code conversion of 0110 is $\qquad$ .
a) 0101
b) 0011
c) 1100
d) 1010
4) NOT gate is $\qquad$ Gate.
a) One I/P one O/P
b) Two I/P one O/P
c) One I/P two O/P
d) None of these
5) Half adder circuit has $\qquad$ I/P.
a) 2
b) 3
c) 1
d) 4
6) 

a) Binary
b) Octal
c) Decimal
d) Gray
7) Full Adder has $\qquad$ .
a) Two input two output
b) Three input two output
c) Three input one output
d) One input two output
8) The decimal 13 is equivalent to $\qquad$ BCD.
a) 00010011
b) 1011
c) 1101
d) 10
Q. 2 Answer the following questions. (Any Four)
a) What is gray code? Explain with example.
b) Convert (11010) $)_{2}=(?)_{8}$
c) Convert (546) $10=(?)_{16}$
d) What is BCD? Explain with example.
f) What is Decimal number System?
g) What is multiplexer?
Q. 3 Write short notes. (Any Two)
a) 3 bit Synchronous up counter
b) XOR and XNOR gate.
c) k-map with any example.
Q. 4 Attempt any two of the following question. 08
a) Explain universal gate in details.
b) Explain hexadecimal number system.
c) What is multiplexer? Explain any two types of multiplexer.
Q. 5 Attempt any one of the following questions. 08
a) What is adder? Explain half adder and full adder in details.
b) What is seven segment display? Explain segment decoder in details.

## B.C.A. (Semester - I) (OId) (CBCS) Examination: Oct/Nov-2022 Development of Human Skills Paper - II

Day \& Date: Friday, 24-03-2023

Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Choose the correct alternative from the following options.

1) Goal setting is essential for to overcome $\qquad$ .
a) Strength
b) Weakness
c) Skills
d) Values
2) Which of these interviews is taken for candidate far away?
a) Lunch Interview
b) Telephone
c) Stress Interview
d) Group Interview
3) Writing a letter with "you-attitude" means writing $\qquad$ .
a) from tine point of view of the reader
b) using the word "you" repeatedly
c) from the point of view of other persons not concerned
d) from the point of view of the writer
4) To make a presentation effective and impressive, you should use:
a) Jargon
b) Passive sentences
c) a simple and active form of sentences
d) Complex sentences
5) Which of these must be avoided in a group discussion?
a) Speaking facts
b) Asking questions
c) Speaking fast
d) Speaking with clarity
6) Which of these is not a medium for e-mail?
a) Intranet
b) Internet
c) Extranet
d) Paper
7) Which of these are vital for any organizations?
a) Debates
b) Group discussions
c) Speeches
d) Arguments
8) Freud founded the $\qquad$ approach to understanding human behavior.
a) Palliative
b) Psychodynamic
c) Patronymic
d) Psychedelic
Q. 2 Attempt any four of the following questions.
a) What does SWOT Stands for?
b) Define Attitude.
c) Define Personality.
d) Work culture.
f) Dressing sense.
g) Full form of TCS.
Q. 3 Write short notes. (Any Two) ..... 08
a) Write on Preparing for the Interview.
b) Formation of Attitude
c) Employers Expectations
Q. 4 Attempt any two of the following questions. ..... 08
a) Types of Interview
b) Types of Letters
c) Importance of Group discussion
Q. 5 Attempt any one of the following questions. ..... 08
a) Write short note on TCS
b) What is Resume? Write characteristics of a Good Resume.

# B.C.A. (Semester - II) (New) (CBCS) Examination: Oct/Nov-2022 ENGLISH (Compulsory) LITERARY VOYAGE 

Day \& Date: Tuesday, 07-02-2023
Max. Marks: 80
Time: 12:00 PM To 03:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicates full marks.
Q. 1 A) Answer the following question by choosing correct option provided. 10

1) What is the honourable part of discourse?
a) To give opportunity
b) To Talk
c) To Listen
d) To Lead
2) Who regards the value of education as unquestionable?
a) Practical men
b) Educated men
c) Eminent men
d) Plutocrats
3) Whose cruelty is the ugliest in its ferocity?
a) Dictators
b) Racists
c) Conservatives
d) Cowards
4) What is described as septic daggers in the poem "Our Earth Will Not Die"?
a) Arsenic pollutants
b) Infected lakes
c) Infected rivers
d) Acid rain
5) What is the profession of the ideal man described in the poem?
a) Paster
b) Farmer
c) Cobbler
d) Teacher
6) What does the poet wish to hear from the lover in the poem
"Remember"?
a) Marriage plans
b) His work
c) His family
d) Future plans
7) Identify the correct synonym from the given option. "Dark."
a) gloomy
b) ugly
c) dirty
d) None of the above
8) Fill in the blanks with the past tense forms of the verbs given within the brackets.
"We $\qquad$ (go) to Bhutan last year."
a) went
b) go
c) gone
d) None of the above
9) It is preferable that bullet points are $\qquad$ .
a) Long sentences
b) Short phrases
c) Short paragraphs
d) None of the above
10) P.P.T. means $\qquad$ .
a) Power point presentation
b) Point power presentation
c) Presentation of power point
d) None of the above
B) Answer the following questions in one word/sentence.
11) What is the main desire in a discourse?
12) What are the common factors among men of eminence?
13) What is the true sense of freedom?
14) Who has lynched the lakes in the poem "Our Earth Will not Die?"
15) What is the profession of the ideal man described in the poem?
16) Who is the poet addressing to in the poem "Remember?"
Q. 2 Answer the following questions in brief. (Any Eight) 16
a) What is the relation between wit and discourse?
b) What is the meaning of discretion of speech?
c) What is the relation between education and virtue?
d) What kind of people can achieve the true essence of freedom?
e) What are the various effects of forcing people in an inelastic system and holding them fixed?
f) What are the various images used by the poet to deliver his message in the poem "Our Earth Will Not Die?"
g) Describe the theme of the poem "ode on solitude."
h) Explain the true love of poet in the poem "Remember."
i) Write down the process of bread making in the factory.
j) What are the five part of power point presentation?
k) Prepare a 5 minutes presentation of yourself for introduce in an interview.
l) Explain the importance of soft skill, "Interpersonal intelligence."

## Q. 3 A) Write down the answers in briefly. (Any Two)

1) Describe the Reaching process to college from home.
2) Define the concept power point presentation \& its use.
3) Explain the difference between formal letter and informal letter.
B) Prepare a presentation on your favorite musician. 06
Q. 4 A) Answer the following questions. (Any Two) 08
4) Read the following advertisement and write a job application letter.
"Indian Model School, Solapur
Requires Teacher
Educational qualification: B.A. B.ed
Experience - min 1 year in teaching Interested candidates send CV and application at Indiamodelschool@gmail.com
5) Write down the job application letter for the post of "Assistant professor" in Lokmanya Tilak Vidyalaya, Sangola.
6) Write down the describing process of cake. How to make cake within 15 minutes.
B) Prepare a presentation on your favorite cricketer.
Q. 5 Answer the following questions. (Any Two)
a) State three (for each) such situations from your personal life when you have felt the following
7) Mad
8) Sad
9) Glad
b) Write down the process of making sugar in factory in your own language.
c) Write down the process of reaching vegetable market in your city from your home.

## B.C.A. (Semester - II) (New) (CBCS) Examination: Oct/Nov-2022 ADVANCED PROGRAMMING IN C

Day \& Date: Wednesday, 08-02-2023

Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions :1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Choose the correct alternative from the following options.

1) Any C program $\qquad$ -.
a) Must contain at least one function
b) Need not contain any function
c) Needs input data
d) None of the above
2) What is \#include <stdio.h>?
a) Preprocessor directive
b) Inclusion directive
c) File inclusion directive
d) None of the mentioned
3) Which of the following uses structure?
a) Array of structures
b) Linked Lists
c) Binary Tree
d) All of the mentioned
4) The size of a union is determined by the size of the $\qquad$ .
a) First member in the union
b) Last member in the union
c) Biggest member in the union
d) Sum of the sizes of all members
5) Which of the following are themselves a collection of different data types?
a) String
b) Structures
c) Char
d) All of the mentioned
6) How many number of pointer (*) does $C$ have against a pointer variable declaration?
a) 7
b) 127
c) 255
d) No limits
7) Stdout, stdin and stderr are $\qquad$ .
a) File pointers
b) File descriptors
c) Streams
d) Structure
8) Comment on the following pointer declaration.
int *ptr, p;
a) ptr is a pointer to integer, p is not
b) ptr and $p$, both are pointers to integer
c) ptr is a pointer to integer, $p$ may or may not be
d) ptr and $p$ both are not pointers to integer
Q. 2 Answer the following questions. (Any Four) ..... 08
a) What is union? With syntax.
b) Write the syntax of function Declaration.
c) Explain printf() and scanf.
d) Explain register storage class.
f) How to initialization pointer.
Q. 3 Write short notes on any two of the following. ..... 08
a) Explain File opening modes in c.
b) Explain pointer of pointer with example.
c) Write a program that checks entered number is palindrome or not using function with argument without return value.
Q. 4 Attempt any two of the following question. ..... 08
a) Write a difference between structure and union.
b) Write a program in C copy the content of one file in to another file.
c) What Preprocessor? Explain list of Preprocessor directives.
Q. 5 Attempt any one of the following question. 08
a) Write a program to print student details using structure (take attributes rollno, name, sub[5],calculate total, per)
b) What is function? Explain types of function depending on its signature.

## SLR-FS-21

# B.C.A. (Semester - II) (New) (CBCS) Examination: Oct/Nov-2022 INTRODUCTION TO OPERATING SYSTEM 

Day \& Date: Thursday, 09-02-2023

Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions :1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Choose the correct alternative from the following options.

1) An operating system manages $\qquad$ .
a) Memory
b) Processor
c) Disk and I/O device
d) All of above
2) Short-term scheduler executes more frequently than long-term scheduler.
a) True
b) False
3) Which of the following do not belong to queues for processes?
a) Job queue
b) PCB queue
c) Device Queue
d) Ready Queue
4) is a logical extension of time sharing.
a) Real time
b) Multiprocessing
c) Distributed
d) Multiprogramming
5) The starvation problem faced in $\qquad$ scheduling algorithm.
a) FCFS
b) SJF
c) Priority
d) $R R$
6) FIFO Scheduling is $\qquad$ .
a) Non Preemptive Scheduling
b) Dead Line Scheduling
c) Preemptive Scheduling
d) None of these
7) $\qquad$ Control the degree of multiprogramming.
a) Complier
b) CPU
c) Long term scheduler
d) Ready queue
8) The number of processes completed per unit time is known as $\qquad$ .
a) Output
b) Throughout
c) Efficiency
d) Capacity
Q. 2 Answer the following questions. (Any Four)
a) Define Operating system?
b) What is thread? List out types of thread.
c) What is process? List out operations on process.
d) What is multiprogramming operating system?
f) What is semaphore? List out the types of semaphore.
g) Stands for FCFS and SJF.
Q. 3 Write short notes. (Any Two)
a) Life cycle of process.
b) Types of scheduler.
c) System Calls.
Q. 4 Attempt any two of the following question.
a) Consider the following example. Implement FCFS scheduling algorithm.

| Process | Brust-Time |
| :--- | :--- |
| Pl | 8 |
| P2 | 6 |
| P3 | 3 |

i) Draw the Gantt chart.
ii) Calculate the average waiting time.
iii) Calculate the average turnaround time.
b) What is scheduling? Explain the scheduling criteria's.
c) Explain the components of operating system.
Q. 5 Attempt any one of the following question.
a) What is operating system? Explain the types of operating system.
b) Explain the services provided by OS.

SLR-FS-22

## Seat

No.
Set

## B.C.A. (Semester - II) (New) (CBCS) Examination: Oct/Nov-2022 BASICS OF WEB PROGRAMMING - II

Day \& Date: Friday, 10-02-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions :1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Multiple choice question.

1) The script Tag must be placed in $\qquad$ .
a) Head
b) Head \& Body
c) Title \& head
d) All of the above
2) Which jQuery method is used to hide selected elements?
a) hidden()
b) hide()
c) visible(false)
d) display(none)
3) J Query $\qquad$ allow you to select and manipulate HTML element(s).
a) Selectors
b) Action
c) Fade
d) None
4) The jQuery slide methods slide elements $\qquad$ .
a) Up \& Down
b) Left
c) Right
d) None of the above
5) $\qquad$ allows us to run multiple jQuery methods (on the same element) within a single statement.
a) Fading
b) Chaining
c) Animation
d) Hide
6) JavaScript objects are containers for named values called properties or methods.
a) True
b) False
7) JavaScript $\qquad$ are used to store multiple values in a single variable.
a) Array
b) String
c) Class
d) None
8) JavaScript functions are defined with the $\qquad$ keyword.
a) var
b) def
c) function
d) None
Q. 2 Answer Any Four the following questions.
a) Explain operators in JavaScript.
b) What is DOM?
c) Explain jQuery noConflict().
d) Explain need of jQuery.
f) Explain user defined function in JavaScript.
g) What is a CDN? What are the advantages of using CDN?
Q. 3 Write short notes. (Any Two) 08
a) jQuery Chaining
b) Data Types in JavaScript
c) Get \& Set CSS classes
Q. 4 Attempt any two of the following question.
a) Differentiate between Client-side scripting \& server-side Scripting.
b) Explain decision making Statements in JavaScript.
c) Explain Event Handling in JavaScript with example.
Q. 5 Attempt any one of the following question.

08
a) Explain jQuery Selectors with suitable example.
b) What are the effects methods used in jQuery?

## B.C.A. (Semester - II) (New) (CBCS) Examination: Oct/Nov-2022 OFFICE AUTOMATION

Day \& Date: Saturday, 11-02-2023

Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions :1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Multiple Choice Question.

1) Which Word feature allows you to see the keyboard shortcuts to access commands from the Keyboard?
a) ToolTips
b) ScreenTips
c) Keyboard Shortcuts
d) Key Tips
2) The Wrap Text command in excel is used to $\qquad$ .
a) To Place the content of a cell among the multiple cell
b) To Make the content of a cell centrally aligned
c) To make the lengthy content of a cell appear in multiple lines inside the same cell
d) To make the content of a cell bold
3) The save As ... dialog box can be used $\qquad$ .
a) To save file by some alternative Name
b) To save file format other than word
c) For saving the file for first time
d) All the Above
4) Which character indicates start of formula in Ms-Excel?
a) $\%$
b) =
c) !
d) $\$$
5) You can enlarge or shrink your document, using which feature of word Interface?
a) Zoom Controls
b) Mini Toolbar
c) Dialog Box Launchers
d) None of the Above
6) Word wrap means $\qquad$ .
a) Aligning text with the right margin
b) Inserting spaces between words
c) Moving text automatically to the next line
d) None of the above
7) What is the shortcut key for "change case" the selected text?
a) $\mathrm{Ctrl}+\mathrm{F}$
b) $\mathrm{Ctrl}+$ Shift+C
c) Shift +F3
d) None of these
8) Which of the following is Page Orientation?
a) Landscape
b) Portrait
c) Both a \& b
d) None of the above
Q. 2 Answer the following questions. (Any Four) ..... 08a) Explain the terms Hardware \& Software.
b) Explain desktop Icon \& its functions.
c) What is Recycle Bin?
d) What is Spread sheet?
e) What is Undo \& Redo?
f) What is Splitting \& Merging?
Q. 3 Write short on Any Two of the following. ..... 08
a) Explain applications of computer.
b) Explain the steps to insert clip Art in word.
c) How to Convert files to different formats?
Q. 4 Attempt any two of the following question. ..... 08
a) Explain steps for adding any one Graphics to the Presentation.
b) Explain the following terms:
9) Database
10) Table
11) Form
12) Reports
c) Explain different types of breaks in Ms-Word.
Q. 5 Attempt any one of the following question. 08
a) Explain steps for creating Table in Ms-word.
b) What is Computer? Explain characteristics of computer in detail.
B.C.A. (Semester - II) (New) (CBCS) Examination: Oct/Nov-2022 BASIC OF MATHMATICS - II
Day \& Date: Monday, 13-02-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions :1) All questions are compulsory.
13) Figures to the right indicate full marks.
Q. 1 Choose the correct alternative from the following options.
14) In the adjacency matrix of graph $G$, if all the diagonal elements are zero and all the non-diagonal elements are one the graph $G$ is $\qquad$ graph.
a) pseudo
b) multi
c) bipartite
d) None of these
15) A walk in which $\qquad$ is repeated is called as path.
a) edge
b) vertex
c) no edge
d) no vertex
16) If a simple graph $G$ has 5 vertices and 6 edges then its complement graph $\overline{\mathrm{G}}$ has $\qquad$ number of vertices and $\qquad$ number of edges respectively.
a) 6 and 5
b) 5 and 6
c) 5 and 4
d) 6 and 4
17) In a tree having ' $n$ ' number of vertices, there exists exactly $\qquad$ path between every pair of vertices.
a) at least one
b) $\mathrm{n}-1$
c) unique
d) $n$
18) Kruskal's algorithm is used to find $\qquad$ .
a) Hamiltonian circuit
b) Shortest spanning tree
c) Eulerian circuit
d) Chinese postman problem's solution
19) If a graph G is a multi-graph then the graph $\mathrm{G} \oplus \mathrm{G}$ i.e. ringsum of graph G with itself is $\qquad$ graph.
a) multi
b) simple
c) null
d) none of these
20) Travelling salesman problem is a particular case of $\qquad$ graph.
a) Hamiltonian
b) Eulerian
c) Fleury's
d) Plane
21) A null graph having 5 verticals is $\qquad$ regular graph.
a) 5
b) 4
c) 0
d) 1

## Q. 2 Answer the following questions. (Any Four)

a) Define tree with suitable example.
b) Define Eulerian trail and Hamiltonian path.
c) From the following graph $G$, draw the graph $G-v_{3}$ and $G-\left\{e_{1}, e_{5}, e_{6}\right\}$

d) Draw the graph $\mathrm{K}_{4}$ and $\mathrm{N}_{4}$.
e) Define bipartite graph with suitable example.
f) Draw complement graphs of the following graphs.
1)

2)

Q. 3 Answer any two of the following questions.
a) Write a note on Travelling Salesman Problem.
b) State and prove shaking hand lemma.
c) Write Kruskal's algorithm to find shortest spanning tree.
Q. 4 Attempt any two of the following question.
a) Write adjacency matrix and incidence matrix for the following graph.

b) From the following graphs, draw the graphs $G_{1} \cap G_{2}$ and $G_{1} \oplus G_{2}$

c) Solve the following Travelling Salesman Problem with head quarter at vertex a.

## Q. 5 Attempt any one of the following questions.

a) Define shortest spanning tree. Hence find shortest spanning tree and its weight for the following weighted connected graph G, by using Kruskal's algorithm.

b) Define Hamiltonian graph. Solve following Chinese Postman Problem and find total distance traveled by postman.

# B.C.A. (Semester - II) (New) (CBCS) Examination: Oct/Nov-2022 Statistical Methods - II 

Day \& Date: Tuesday, 14-02-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions:1) All questions are compulsory.
2) Figures to the right indicate full marks.
3) Draw neat diagrams and give equations wherever necessary.
Q. 1 Choose the correct alternative from the following options.

1) In ${ }^{\mathrm{n}} \mathrm{Pr}_{\mathrm{r}}$ the restriction is $\qquad$ .
a) $\mathrm{n}>r$
b) $\mathrm{n} \leq \mathrm{r}$
c) $n \geq r$
d) None of these
2) If you have to make a choice of 7 question out of 10 question set, you can do it in $\qquad$ number of ways.
a) $3!\times 10 \mathrm{C}_{7}$
b) $7!\times 10 \mathrm{C}_{7}$
c) $10 \mathrm{P}_{7}$
d) $\frac{10 \mathrm{P}_{7}}{7!}$
3) If $P(A \cap B)=0$, then the two events $A \& B$ are $\qquad$ .
a) Mutually exclusive
b) Exhaustive
c) Equally likely
d) Independent
4) If an unbiased coin is tossed twice, the probability of obtaining at least one tail is $\qquad$ .
a) 0.25
b) 0.50
c) 0.75
d) 1
5) Expected value of a random variable $\qquad$ .
a) Can never be zero
b) Is always positive
c) Maybe positive or negative
d) Maybe positive or negative or zero
6) If $X$ is Binomial variable with parameters $n \& p$, then $X$ can assume $\qquad$ .
a) Any value between o \& n
b) Any value between o \& n, both inclusive
c) Any whole number between o \& n, both inclusive
d) Any number between o \& infinity
7) If $F(x)$ be the c.d.f. of continuous r.v. $x$ then which one of the following statements is false.
a) $\mathrm{P}(\mathrm{a}<x<b)=\mathrm{P}(\mathrm{a} \leq \mathrm{x} \leq \mathrm{b})$
b) $\mathrm{P}(x=\mathrm{k})=0$ where K is constant
c) First derivative of $\mathrm{F}(x)$ with respect to $x$ is the pdf of $x$
d) None of these
8) If $X \rightarrow U(a, b)$, then variance of $X$ is $\qquad$ .
a) $\frac{(b-a)}{2}$
b) $\frac{a+b}{2}$
c) $\frac{(b-a)}{12}$
d) None of these
Q. 2 Answer the following questions. (Any Four) ..... 08
a) Define permutation.
b) Define mathematical definition of probability.
c) Define probability mass function of discrete random variable.
d) State mean \& variance of Geometric distribution.
e) If a continuous r.v. $x$ having pdf, $f(x)=3 x^{2} ; 0<x<1$ then find it's mean.
f) If $X \sim U(5,7)$ then find the value of $E(x)$
Q. 3 Write short notes. (Any Two) ..... 08
a) Principles of Counting
b) Properties of Normal Distribution
c) Conditional Probability

## Q. 4 Attempt any two of the following question.

a) State addition and multiplication law of probability.
b) If $X \sim B(\mathrm{n}=7, \mathrm{p}=0.3)$ then find.

1) pmf of $x$
2) $p(x=3)$
c) Verify whether following function is p.m.f. or not
$p(x)=\left\{\begin{array}{cc}\frac{1}{5} & ; x=0,1,2,3,4 \\ 0 & ; \text { otherwise }\end{array}\right.$
Q. 5 Attempt any one of the following questions.
a) State axioms of probability.
If $\bar{A}$ is complement of an event $A$ then prove that, $P(A)+P(\bar{A})=1$
b) Define - Sample space.
If two dice are rolled simultaneously then write down the sample space \& hence find probability of -
3) Getting 6 on at least one die
4) Getting sum of numbers on upper face is 9
B. C.A. (Semester - II) (New) (CBCS) Examination: Oct/Nov-2022

## Introduction to Microprocessor

Day \& Date: Wednesday, 15-02-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Multiple choice questions.

08

1) The circuits in the 8085A that provide the arithmetic and logic functions are called the:
a) CPU
b) ALU
c) $1 / O$
d) None of these
2) Which, of the following is the 16bit register in 8085 processor?
a) Stack Pointer
b) Program Counter
c) Both A \& B
d) None of these
3) It determines the number of operations per second.
a) Clock speed
b) Bandwidth
c) Word Length
d) None of these
4) An 8-bit microprocessor can process $\qquad$ data at a time.
a) 4 bit
b) 8 bit
c) 16 bit
d) All of these
5) Microprocessor understands a set of instructions called $\qquad$ .
a) Program
b) Code
c) Instruction Set
d) All of these
6) Word length is depend on.
a) Internal bus width
b) Register
c) ALU
d) All of these
7) BIU Stands for
a) Bus Interface Unit
b) Bus Instruction Unit
c) Bus Internal Unit
d) None of these
8) The pin configuration of 8086 is available in the $\qquad$ .
a) 40 pin
b) 50 pin
c) 30 pin
d) None of these
Q. 2 Answer any four of the following. ..... 08
9) Define microprocessor.
10) What is address bus?
11) What is data bus?
12) What are the limitations of 8 bit microprocessor?
13) What is $T$ state?
Q. 3 Write short notes on any two of the following
14) What are the applications of microprocessor?
15) What is instruction set?
16) What is Machine Cycle and Instruction Cycle?
Q. 4 Answer any Two of the following 08
17) What is interfacing in microprocessor?
18) Explain the concept of I/O mapping.
19) Explain the type of 8 bit microprocessor.
Q. 5 Answer any one of the following 08
20) Explain in detail internal architecture of 8085 microprocessor.
21) Explain pin function of 8085 microprocessor with diagram.

# B.C.A. (Semester - II) (New) (CBCS) Examination: Oct/Nov-2022 Software Engineering - II 

Day \& Date: Thursday, 16-02-2023

Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions :1) All questions are compulsory.
2) Figures to the right indicate full marks.

## Q. 1 Multiple Choice questions.

1) refers to the collection of information pertinent to systems project.
a) Data gathering
b) Data Exporting
c) Data Embedding
d) Data importing
2) A physical DFD
a) has no means of showing material flow
b) does not concern itself with material flow
c) can show only stored material
d) can show the flow of material
3) A data flow can
a) only enter a data store
b) only leave a data store
c) enter or leave data store
d) either enter or leave a data store but not both
4) White box testing, a software testing technique is sometimes called?
a) Graph testing
b) Basic path
c) Glass box testing
d) Data flow
5) Which one of the following is NOT desired in a good software requirement specifications (SRS) document?
a) Non-Functional requirement
b) Goals of Implementation
c) Functional requirement
d) Algorithms for software
6) System testing is a
a) Black box testing
b) Grey box testing
c) White box testing
d) Both a and b
7) Test cases are designed during which of the following stages?
a) test recording
b) test configuration
c) test planning
d) test specification
8) Which of the following is not a test type?
a) Database Testing
b) Security Testing
c) Statement Testing
d) Functional Testing

## Q. 2 Answer the following questions. (Any Four)

a) Define Decision Tree.
b) What is Software Testing?
c) Explain the Incremental approach.
d) What are the guidelines for drawing DFD?
f) What are CASE tools?
g) What is structured design?
Q. 3 Write short notes. (Any Two) ..... 08
a) What is white box testing in detail?
b) Difference between System Analysis \& System Design.
c) Design any 3 input screens for 'Library System'.
Q. 4 Attempt any two of the following question. ..... 08a) What is flowchart? Explain symbols in detail.b) What is Normalization? Explain upto 3 NF .c) What is Black box testing in detail?
Q. 5 Attempt any one of the following questions. ..... 08
a) Draw first level DFD of Payroll System.
b) What is Decision table? Explain its types with example.
Seat
No.
B.C.A. (Semester - III) (New) (CBCS) Examination: Oct/Nov-2022 OOPS with C++ - I
Day \& Date: Tuesday, 21-02-2023
Max. Marks: 40
Time: 09:00 AM To 11:00 AM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Fill in the blanks by choosing correct alternatives given below.

1) C++ Language developed at $\qquad$ ?
a) AT \& T's Bell Laboratories of USA in 1972
b) Sun Microsystems in 1973
c) Cambridge University in 1972
d) AT \& T's Bell Laboratories of USA in 1979
2) Which of the following is called insertion/put operator in $\mathrm{C}++$ ?
a) $\gg$
b) $\ll$
c) $>$
d) $<$
3) Wrapping data and its related functionality into a single entity is known as $\qquad$ .
a) Abstraction
b) Encapsulation
c) Polymorphism
d) Modularity
4) Which concept allows you to reuse the written code?
a) Encapsulation
b) Abstraction
c) Inheritance
d) Polymorphism
5) Which of the following is not a type of Constructor?
a) Friend constructor
b) Copy constructor
c) Default constructor
d) Parameterized constructor
6) What is the other name used for functions inside a class?
a) Member variables
b) Member functions
c) Class functions
d) Class variables
7) Which of the following cannot be a friend?
a) Function
b) Class
c) Object
d) Operator function
8) Which of the following is a static polymorphism mechanism?
a) Function overloading
b) Operator overloading
c) Templates
d) All of the mentioned
Q. 2 Attempt any four of the following questions.
a) Define class and object.
b) How we can achieve dynamic memory allocation in C++ program?
c) Differentiate between static data members and static member functions.
d) State the applications of OOP.
e) What is inheritance?
f) Define function overloading with example.
Q. 3 Write short notes (Any Two) ..... 08
a) What is the benefit of inline function in a C++ program? Give example.
b) How we can define member function inside and outside the class?
c) Which are the access specifiers used in C++? Explain with example
Q. 4 Attempt any two of the following questions. ..... 08
a) Differentiate between POP and OOP.
b) How we can pass object as a parameter to function? Give an example.
c) Explain type casting in C++ with examples.
Q. 5 Attempt any one of the following question. 08
a) Define constructor. Explain types of constructor with example.
b) What is an operator overloading? Write a program to overload an unary operator.
Seat
No.
B.C.A. (Semester - III) (New) (CBCS) Examination: Oct/Nov-2022 Data Structures using 4.0 ' C ' - I
Day \& Date: Wednesday, 22-02-2023
Max. Marks: 40
Time: 09:00 AM To 11:00 AM
Instructions: 1) All questions are compulsory.
9) Figures to the right indicate full marks.
Q. 1 Fill in the blanks by choosing correct alternatives given below.
10) Pick out the non-linear data structure
a) Array
b) Queue
c) Stack
d) None of these
11) The queue follow
a) LIFO
b) FIFO
c) LILO
d) None of above
12) In linked lists there are no NULL links in:
a) Single linked list
b) Linear doubly linked list
c) Circular linked list
d) None of the above
13) Which of these is a postfix expression?
a) $a+b-c$
b) $+a b$
c) $a b c^{*}+d e-+$
d) $a * b(c+d)$
14) Which of the following is not the part of ADT description?
a) Data
b) Operations
c) Both of the above
d) None of the above
15) Process of removing an element from an empty stack is
a) removing
b) underflow
c) deleting
d) overflow
16) How is an array initialized in C language?
a) int $a[3]=\{1,2,3\}$;
b) int a $=\{1,2,3\}$;
c) int a[ ] = new int[3];
d) int a(3) $=[1,2,3]$;
17) Which of the following data structures allow insertion and deletion from both ends?
a) stack
b) Deque
c) Queue
d) String

## Q. 2 Attempt any four of the following question

a) Define the term a) time complexity b) space complexity
b) Explain the role of a stack in recursion.
c) What is priority queue?
d) Differentiate between stack and queue
e) Convert infix expression to postfix expression: (A+B) * (C+D)
f) Define data structure.
Q. 3 Write short notes any two
a) Divide and conquer algorithm
b) Differentiate between array and linked list
c) Types of queue
Q. 4 Attempt any two of the following questions. 08
a) Define Algorithm. Explain characteristics of algorithm.
b) Explain ADT for stack.
c) Which operation we can perform on queue?
Q. 5 Answer any one of the following questions.
a) What is stack? Write a program to implement stack using array.
b) Explain types of linked list? Write a program to implement singly linked list and perform the following operation on linked list.
a) insert at beginning
b) insert at end
B.C.A. (Semester - III) (New) (CBCS) Examination: Oct/Nov-2022 Database Management System
Day \& Date: Thursday, 23-02-2023
Max. Marks: 40
Time: 09:00 AM To 11:00 AM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Choose the correct alternatives from the options.

1) The $\qquad$ operation allows the combining of two relations by merging pairs of tuples, one from each relation, into a single tuple.
a) Select
b) Join
c) Union
d) Intersection
2) A schedule is $\qquad$ if it is conflict equivalent to a serial schedule.
a) Conflict serializable
b) Conflicting
c) Non serializable
d) None of the mentioned
3) In timestamp ordering protocol, suppose that the transaction Ti issues write (Q) and TS(Ti) < W-timestamp(Q), then $\qquad$ .
a) Read operation is executed
b) Read operation is rejected
c) Write operation is executed
d) Write operation is rejected
4) An entity in $A$ is associated with at most one entity in $B$, and an entity is $B$ associated with at most one entity in A) this is called as $\qquad$ .
a) One-to-many
b) One-to-one
c) Many-to-many
d) Many-to-one
5) Which of the following can be a multivalued attribute?
a) Phone_number
b) Name
c) Date_of_birth
d) All of the mentioned
6) In the relational modes, cordiality is termed as $\qquad$ _.
a) Number of tuples
b) Number of attributes
c) Number of tables
d) Number of constraints
7) Shadow paging has
a) no redo
b) no undo
c) redo but no undo
d) neither redo or undo
8) The term attribute refers to a $\qquad$ of a table.
a) Record
b) Tuple
c) Column
d) Key

## Q. 2 Attempt any four of the following question.

a) List of database users.
b) Draw the state diagram of a transaction.
c) Define the term: i) Tuple ii) Domain
d) What is shadow based recovery?
e) What is serializability?
f) What are the advantages of DBMS?Q. 3 Write short notes (any two)08
a) Explain 2-tier and 3-tier architecture.
b) What is Transaction? Explain ACID properties with example.
c) What is data replication? Explain types of data replication.
Q. 4 Answer any two of the following questions.

08
a) Explain three problems of concurrency control with example.
b) Explain lock-based protocols and timestamp based protocol.
c) Explain Generalization, Specialization, and Aggregation.
Q. 5 Answer the following questions. (any one) 08
a) What is Distributed Database? Explain types of distributed system.
b) What is Join in DBMS? Explain types of Join with example.

## B.C.A. (Semester - III) (New) (CBCS) Examination: Oct/Nov-2022

 Software Testing \& Quality AssuranceDay \& Date: Friday, 24-02-2023
Max. Marks: 40
Time: 09:00 AM To 11:00 AM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
3) Draw neat diagrams and give equations wherever necessary.
Q. 1 Choose the correct alternatives from the options.

1) Which of the following term describes testing?
a) Finding broken code
b) Evaluating deliverable to find errors
c) A stage of all projects
d) None of the mentioned
2) White Box techniques are also classified as $\qquad$ .
a) Design based testing
b) Structural testing
c) Error guessing technique
d) None of the mentioned
3) Which of the following is/are White box technique?
a) Statement Testing
b) Decision Testing
c) Condition Coverage
d) All of the mentioned
4) What are the various Testing Levels?
a) Unit Testing
b) System Testing
c) Integration Testing
d) All of the mentioned
5) Alpha testing is done at $\qquad$ .
a) Developer's end
b) User's end
c) Developer's \& User's end
d) None of the mentioned
6) Testing done without planning and Documentation is called $\qquad$ .
a) Unit testing
b) Regression testing
c) Adhoc testing
d) None of the mentioned
7) Software mistakes during coding are known as $\qquad$ .
a) Errors
b) Failures
c) Bugs
d) defects
8) Inspections and testing are what kinds of Quality Costs?
a) Prevention
b) Internal Failure
c) External Failure
d) Appraisal

## Q. 2 Attempt any four of the following question.

a) Why testing is required?
b) What are the phases of testing?
c) What is use of performance testing?
d) What are the advantages of WBT?
f) What is test case template?
g) When we can start testing?
Q. 3 Write short notes. (Any Two) ..... 08a) Stress testingb) Boundary value analysisc) Loop testing
Q. 4 Attempt any two of the following question. ..... 08
a) Alpha and beta testing.b) Explain smoke testingc) What is review process? Explain.
Q. 5 Attempt any one of the following question. ..... 08a) Explain the defect life cycle in detail.b) Create review report for Gmail login account.

## B.C.A. (Semester - III) (New) (CBCS) Examination: Oct/Nov-2022 Web Development using PHP

Day \& Date: Saturday, 25-02-2023
Max. Marks: 40
Time: 09:00 AM To 11:00 AM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Multiple Choice Questions.

1) What does PHP stand for?
i) Personal Home Page
ii) Hypertext Preprocessor
iii) Pretext Hypertext Processor
iv) Preprocessor Home Page
a) Both i) and iii)
b) Both ii) and iv)
c) Only ii)
d) Both i) and ii)
2) PHP files have a default file extension of $\qquad$ .
a) . html
b). xml
c) .php
d). ph
3) Which version of PHP introduced Try/catch Exception?
a) PHP 4
b) PHP 5
c) PHP 6
d) PHP 5 and later
4) Which of the following PHP statement/statements will store 111 in variable num?
i) int\$num=111
ii) int mum =111
iii) $\$ n u m=111$
iv) 111=\$num
a) Both i) and ii)
b) i), ii), iii) and iv)
c) Only iii)
d) Only i)
5) What will be the output of the following PHP code?
<?php
\$num=1;
\$num 1=2;
print\$num."+". \$num 1;
?>
a) 3
b) $1+2$
c) 1.+. 2
d) Error
6) What will be the output of the following PHP code?
<?php
\$num="1";
\$num 1="2";
print\$num+\$num 1;
?>
a) 3
b) $1+2$
c) Error
d) 12
7) Which of the conditional statements is/are supported by PHP?
i) if statements
iii) if-elseif statements
a) Only i)
c) ii), iii) and iv)
ii) if-else statements
iv) switch statements
b) i), ii) and iv)
d) i), ii), iii) and iv)
8) Which of the looping statements is/are supported by PHP?
i) for loop
ii) while loop
iii) do-while loop
iv) for each loop
a) i) and ii)
b) i), ii) and iii)
c) i), ii), iii) and iv)
d) Only iv)
Q. 2 Attempt any four of the following question. 08
a) What is basic syntax of PHP?
b) Require () function.
c) History of MYSQL.
d) List out different functions used for comparing string with example.
f) MYSQL data types.
g) History of PHP.
Q. 3 Write short notes. (Any Two) 08
a) Explain different operators used in PHP.
b) What is function? Types of function.
c) What is cookie?
Q. 4 Attempt any two of the following question.
a) What is validation?
b) Explain different parameter passing technique used in PHP with example.
c) Explain Global variable in PHP.
Q. 5 Attempt any one of the following question. 08
a) Design web page which insert, delete and update records.
b) Explain MySQL Architecture in detail.
B.C.A. (Semester - III) (New) (CBCS) Examination: Oct/Nov-2022 Computer Networks - I
Day \& Date: Monday, 27-02-2023
Max. Marks: 40
Time: 09:00 AM To 11:00 AM
Instructions: 1) All questions are compulsory.
9) Figures to the right indicate full marks.
10) Draw neat diagrams wherever necessary
Q. 1 Multiple choice questions
11) which network topology requires a central controller or hub?
a) Star
b) Mesh
c) Ring
d) Bus
12) $\qquad$ is the multiplexing technique that shifts each signal to a different carrier frequency.
a) TDM
b) FDM
c) Both FDM \& TDM
d) PDM
13) Communication channel is shared by all the machines on the network in
a) broadcast network
b) unicast network
c) multicast network
d) anycast network
14) The number of layers in ISO OSI reference model is $\qquad$ .
a) 4
b) 5
c) 6
d) 7
15) The required resources for communication between end systems are reserved for the duration of the session between end systems in $\qquad$ switching method.
a) Packet
b) Line
c) Circuit
d) Frequency
16) Header of a frame generally contains $\qquad$ .
a) synchronization bytes
b) addresses
c) frame identifier
d) all of the mentioned
17) Which of the following is the multiple access protocol for channel access control?
a) CSMA/CD
b) CSMA/CA
c) Both CSMA/CD \& CSMA/CA
d) HDLC
18) $\mathrm{A} \quad$ ___ is the physical path over which a message travels.
a) Path
b) Medium
c) Protocol
d) Route
Q. 2 Answer any four of the following.
a) Bridge
b) Attenuation
c) Serial transmission
d) Networking Uses
e) Single Bit Error
f) ALOHA
Q. 3 Write short notes on any two of the following.
a) Data communication model
b) Guided media
c) TDM
Q. 4 Answer any Two of the following. 08
a) Write a note on Applications of Internet
b) What is Pulse Code Modulation? Draw and explain the Encoding technique for it.
c) Explain the Simplex and Stop \& Wait protocols.
Q. 5 Answer any one of the following.

08
a) Draw and explain the TCP/IP reference model
b) Explain the CRC error Control technique with example.
B.C.A. (Semester - III) (New) (CBCS) Examination: Oct/Nov-2022 Financial Accounting with Tally

Day \& Date: Tuesday, 28-02-2023

Max. Marks: 80
Time: 09:00 AM To 12:00 PM
Instructions: 1) All questions are compulsory.
2) Draw neat labelled diagrams wherever necessary.
3) Figures to right indicate full marks.
4) Use of log table and calculators is allowed.
Q. 1 Answer the following question by choosing the correct option.

1) $A$ $\qquad$ is an intangible.
a) Goodwill
b) Stock
c) Building
d) Cash
2) 

a) Balance sheet
b) Trial balance
c) Trading Account
d) Profit and Loss
3) Wages paid for installation of machinery should be debited to $\qquad$ Account.
a) Machinery
b) Wages
c) Trading
d) Profit and Loss
4) Prepaid expenses are shown on the $\qquad$ Side of the balance sheet.
a) Assets
b) Liability
c) Debit
d) credit
5) Trading account is prepaid on the basis of $\qquad$ Expenses.
a) Indirect
b) Direct
c) Revenue
d) Other
6) Income and Expenditure account is a $\qquad$ .
a) Capital account
b) Real account
c) Personal account
d) Nominal account
7) Gradual and permanent decrease in the value of assets is known as $\qquad$ .
a) Discount
b) Interest
c) Depreciation
d) Installment
8) $\qquad$ is an explanation of the journal entries passed.
a) Invoice
b) Voucher
c) Transaction
d) Narration
9) The journal is called a book of $\qquad$ Entry.
a) Original
b) Ledger
c) Real
d) Profit
10) Closing stock is valued at cost price or market price whichever is $\qquad$ .
a) More
b) Less
c) Excess
d) God
B) Solve the following. ..... 061) Define Voucher.2) What is meant by Account?
3) What is meant by Drawings?
4) What is meant by Bad debts?
5) TDS stands for.
6) Define goodwill.
Q. 2 Solve any Eight of the following. ..... 16

1) Define Book-Keeping.2) Explain Golden Rules of Account.3) What do you mean by Double Entry system of Book-Keeping?
2) Define Depreciation.
3) Types of Subsidiary Books.
4) BRS Stands for.
5) Drawings.
6) Debit Note.
7) Types of Voucher.
8) Methods of Depreciation.
Q. 3 A) Attempt any Two of the following. ..... 101) What is double Entry system? Explain its merits and de-merits.2) Define Account and Explain its Types.3) Explain need and importance of depreciation.
B) Accounting Concepts. ..... 06
Q. 4 A) Attempt any Two of the following. ..... 08
9) Subsidiary Books.
10) Explain Trade discount and Cash discount.
11) Difference between book-keeping and accountancy.
B) XYZ limited purchase machinery of Rs. 50000 on 01/04/2007 company ..... 08 decided to charge depreciation @10\% per annum using original cost method (SLM) company close its book of account on $31^{\text {st }}$ March every year.
Shows Machinery Account for Three Year.
Q. 5 Attempt any Two of the following. ..... 16a) Bank Reconciliation Statement.b) TDS in Tally.c) How to create new company in Tally.

## SLR-FS-35

## Seat

No.

# B.C.A. (Semester - IV) (CBCS) Examination: Oct/Nov - 2022 OOPS WITH C++ - II 

Day \& Date: Tuesday, 21-02-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions :1) All questions are compulsory.
2) Figures to the right indicate full marks.
3) Draw neat diagrams and give equations wherever necessary.
4) Use of logarithmic table and calculator is allowed.
(At. Wts.: $\mathrm{H}=1, \mathrm{C}=12, \mathrm{O}=16, \mathrm{~N}=14, \mathrm{Na}=23, \mathrm{Cl}=35.5$ )

## Q. 1 Choose the correct alternative from the following options.

1) When the inheritance is private, the private methods in base class are
$\qquad$ in the derived class.
a) Inaccessible
b) Accessible
c) Protected
d) Public
2) Inheritance allow in C++ Program?
a) Class Re-usability
b) Creating a hierarchy of classes
c) Extendibility
d) All of the above
3) If base class has constructor with arguments, then it is $\qquad$ for the derived class to have constructor and pass the arguments to base class constructor.
a) Optional
b) Mandatory
c) Compiler dependent
d) Error
4) A virtual function that has no definition within the base class is called $\qquad$ .
a) Pure virtual function
b) Pure static function
c) Pure Const function
d) Friend function
5) Bv default, all the files in C++ are opened in $\qquad$ mode.
a) Text
b) Binary
c) ISCII
d) VTC
6) Which of the following is the default mode of the opening using the of stream class?
a) ios::in
b) ios::out
c) ios::app
d) ios::trunk
7) Which keyword is used to handle the expection?
a) Try
b) Throw
c) Catch
d) None of the above
8) Which keyword can be used in template?
a) class
b) typename
c) both class \& typename
d) function

## SLR-FS-35

Q. 2 Answer the following questions. (Any Four) ..... 08a) What are the advantages of inheritance?
b) What is Base class?
c) Which header file is used for reading and writing to a file?
d) Which mode is used to open a file in binary mode?
e) How Exception handline is implemented in the C++ program?
f) What is the difference between error and exception?
Q. 3 Write short notes. (Any Two) ..... 08a) Command line Argumentb) Pointer to base classc) Custom Exception
Q. 4 Attempt any two of the following question. ..... 08
a) Explain virtual base class with suitable example.
b) Explain the following formatted member functions of 'ios' class. width(), precision().

c) Explain 'Hierarchical inheritance' with one example.
Q. 5 Attempt any one of the following questions. ..... 08
a) What is Templates in C++? Explain Types of Templates in $\mathrm{C}++$ with example.
b) Write a C++ program which copies contents of one file to another.

# B.C.A. (Semester - IV) (CBCS) Examination: Oct/Nov - 2022 Data Structures using ' $C$ ' - 4.0 II 

Day \& Date: Wednesday, 22-02-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
3) Draw neat diagrams and give equations wherever necessary.
Q. 1 Choose the correct alternative from the following options.

1) The number of edges from the node to the deepest leaf is called $\qquad$ of the tree.
a) Height
b) Depth
c) Length
d) Width
2) Which of the following sorting algorithms is the fastest?
a) Merge sort
b) Quick sort
c) Insertion sort
d) Shell sort
3) Which of the following statements for a simple graph is correct?
a) Every path is a trail
b) Every trail is a path
c) Every trail is a path as well as every path is a trail
d) None of the mentioned
4) What is a full binary tree?
a) Each node has exactly zero or two children
b) Each node has exactly two children
c) All the leaves are at the same level
d) Each node has exactly one or two children
5) Why is Shell sort called as a generalization of Insertion sort?
a) Shell sort allows an exchange of far items whereas insertion sort moves elements by one position
b) Improved lower bound analysis
c) Insertion is more efficient than any other algorithms
d) Shell sort performs internal sorting
6) The Data structure used in standard implementation of Breadth First Search is?
a) Stack
b) Queue
c) Linked list
d) Tree
7) Which of the following is a disadvantage of linear search?
a) Requires more space
b) Greater time complexities compared to other searching algorithms
c) Not easy to understand
d) Not easy to implement
8) Which of the following is not an exchange sort?
a) Bubble Sort
b) Quick Sort
c) Partition-exchange Sort
d) Insertion Sort
Q. 2 Answer the following questions. (Any Four) ..... 08a) What is a binary search tree?b) Define Graph.c) What is meant by Sorting? Why sorting is necessary?d) Write any 4 applications of graph.f) What is an AVL tree?g) What is searching? Mention its types.
Q. 3 Write short notes. ..... 08a) Hashing \& Hash functionb) Dijakstra's shortest path algorithmc) Bubble Sort
Q. 4 Attempt any two of the following questions. ..... 08a) Explain different tree traversal methods.b) Write a program to implement Binary Search.c) Explain types of Binary Tree.
Q. 5 Attempt any one of the following questions. ..... 08
a) Write an algorithm for searching an element in a binary search tree.
b) Explain Quick Sort with example.

## B.C.A. (Semester - IV) (CBCS) Examination: Oct/Nov - 2022 MySQL

Day \& Date: Thursday, 23-02-2023
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Choose the correct alternative from the following options.

1) $D C L$ is used to $\qquad$ .
a) Manage the changes made by DML statements
b) Control access to data stored in a database
c) Inserting, Deleting and Updating data
d) None of the above
2) Storing the same data in many places is called $\qquad$ .
a) Iteration
b) Concurrency
c) Redundancy
d) Enumeration
3) Which of the following is used to delete an entire MYSQL database?
a) drop database dbname
b) drop entiredb dbname
c) drop db dbname
d) drop dbase dbname
4) Insert into instructor values (10211, 'Smith', 'Biology', 66000); What type of statement is this?
a) Query
b) DML
c) Relational
d) DDL
5) Which join refers to join records from the write table that have no matching key in the left table are include in the result set?
a) Left outer join
b) Full outer join
c) Right outer join
d) Half outer join
6) command is used to enter data into the created table.
a) SELECT
b) LOAD
c) INSERT
d) UPDATE
7) Create table employee (name varchar, id integer) What type of statement is this?
a) DML
b) View
c) Integrity constraint
d) DDL
8) The "father" of MySQL is $\qquad$ .
a) Michael Widenius
b) Bill Joy
c) Bill Gates
d) Stephanie Wall
Q. 2 Answer any four of the following.
a) Write a syntax of Create table command.
b) How to set auto increments in MySQL?
c) Explain any 4 aggregate functions.
d) List out DDL commands.
e) List out DML Commands.
f) Explain Primary Key Constraint.
Q. 3 Write short notes on any two of the following. ..... 08
a) Explain any 4 Constraints with examples.
b) Explain MySQL Clauses.
c) Explain View with its uses.
Q. 4 Answer any two of the following. ..... 08
a) Explain set operations with example.
b) Explain subquery with example.
c) Explain cursors with types.
Q. 5 Answer any one of the following. ..... 08
a) Explain Join with its types with examples.
b) Explain Stored Procedure its types of parameters with example.

# B.C.A. (Semester - IV) (CBCS) Examination: Oct/Nov - 2022 <br> Ethics and Cyber Law 

Day \& Date: Friday, 24-02-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
3) Draw neat diagrams and give equations wherever necessary.
Q. 1 Choose the correct alternative from the following options.

1) Information Technology Act was passed in the year $\qquad$ .
a) 1999
b) 2000
c) 2008
d) 2012
2) $A C L$ stands for $\qquad$ .
a) Air Conditioned List
b) Access Control List
c) Access Collection List
d) Account Control List
3) IT Act 2000, amended in: $\qquad$ .
a) 2008
b) 2005
c) 2011
d) 2015
4) $\qquad$ means a system of a secure key pair consisting of a private key for creating digital signature and public key for verifying digital signature.
a) Cryptography
b) Asymmetric cryptosystem
c) Symmetric cryptosystem
d) None of the above
5) Information Technology Act in based on model set of laws provided by
a) UNTCAD
b) UNO
c) UNCITRAL
d) UNICEF
6) In Digital signature the key pair used is called $\qquad$ _.
a) Public-personal
b) Private-personal
c) Personal-private
d) Public-private
7) Hacking is prohibited under $\qquad$ of the IT Act. 2000.
a) Sec. 64
b) Sec. 65
c) Sec. 66
d) Sec. 63
8) Cyber Crime involves the theft of $\qquad$ .
a) Property
b) Identity
c) Money
d) All of the above
Q. 2 Answer any four of the following.
a) What is Software Piracy?
b) Explain the Intellectual Property Aspects.
c) Explain the E-Mail Spoofing.
d) What is cybercrime and punishment?
e) What are Weaknesses in the IT Act?
f) Explain the scope and limitations of Ethical Hacking.
Q. 3 Write short notes on any two of the following. ..... 08a) Password Sniffingb) Security Aspectsc) Penetration Testing
Q. 4 Answer any two of the following. ..... 08a) Explain the FUS Triangle.
b) What is phishing?
c) What is Newsgroup Spam?
Q. 5 Answer any one of the following. ..... 08
a) What is security attacks? Explain the types of security attacks.
b) What is Foot Printing? What is Objective of Foot Printing?

## B.C. A. (Semester - IV) (CBCS) Examination: Oct/Nov-2022 Angular JS

Max. Marks: 40

Day \& Date: Saturday, 25-02-2023
Time: 12:00 PM To 02:00 PM
Instructions:1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Choose correct alternative from the following.

1) Who is sometimes called as Father of AngularJS?
a) Brad Green
b) Igor Minor
c) Misko Hevery
d) Brian Ford
2) Which of the following is true about ng-init directive?
a) ng-init directive initializes an AngularJS Application data.
b) ng-init directive is used to put values to the variables to be used in the application.
c) Both of the above
d) None of the above
3) AngularJS supports two-way data binding?
a) True
b) False
4) Which of the following is not a valid Filter in AngularJs?
a) lowercase
b) orderby
c) email
d) currency
5) AngularJS directives are used in $\qquad$
a) Model
b) View
c) Controller
d) Module
6) How to combine filter and expression?
a) Using the comma \{\{ expression, filtre \}\}
b) Using point $\{\{$ expression. filtre $\}\}$
c) Using Pipe \{\{ expression | (filtre \}\}
d) Using Slash $\{\{$ expression / flitre \}\}
7) What will be the output for the following code?
<div ng-app ="""" ng-init="" points=[1,15,19,2,40]"'>
$<p>$ The output is $\{\{$ points[2] \}\}</p>
</div>
a) The output is 1
b) The output is 15
c) The output is 19
d) The output is 2
8) Which of the following syntax is used to create a module in AngularJS?
a) var myModule= angular.module();
b) var myModule= new Module();
c) module("app", []);
d) None of the above
Q. 2 Write short notes on any two of the following. ..... 08
a) What are the uses of controllers in AngularJS?
b) What is routing in AngularJS?
c) Define Ng -repeat Directive.
d) List out the components of filters
e) Define Ng-bind Directive.
f) List the features of Angular JS.
Q. 3 Write short notes on any two of the following. ..... 08
a) Write short notes on ng-disabled and ng-show Directive
b) Write a note on AngularJS Expressions.
c) Write short notes on AngularJS Modules.
Q. 4 Answer any Two of the following.

a) What is Controller? Explain Attaching properties and functions to scope.

b) Write a Sample "hello world" program using Angular JS.

c) What is SPA in AngularJS? Explain Pros and Cons of SPA.08
Q. 5 Answer any one of the following. 08
a) What is scope? Explain Scope Lifecycle in details.
b) Write a program to create a Single Page Application in AngularJS.

## B.C.A. (Semester - IV) (CBCS) Examination: Oct/Nov-2022 Advance 4.0 d Computer Networks

Day \& Date: Monday, 27-02-2023
Max. Marks: 40
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
3) Draw neat diagrams and give equations wherever necessary.
Q. 1 Choose the correct alternative from the following options.

1) What are the common protocols associated with the network layer?
a) Address Resolution Protocol
b) Reverse Address Resolution Protocol
c) Internet protocol
d) Neighbour Discovery Protocol
2) Which of the following routing algorithms can be used for network layer design?
a) shortest path algorithm
b) distance vector routing
c) link state routing
d) all of the mentioned
3) Which one of the following algorithm is not used for congestion control?
a) traffic aware routing
b) admission control
c) load shedding
d) routing information protocol
4) Which layer is responsible for process to process delivery in a general network model?
a) network layer
b) transport layer
c) session layer
d) data link layer
5) An encryption technique with 2 keys is $\qquad$ .
a) Monoalphabetic Cipher
b) Cryptography
c) Private key cryptography
d) Public key cryptography
6) The process of verifying the identity of a user $\qquad$ _.
a) Authentication
b) Identification
c) Validation
d) Verification
7) A digital signature is $\qquad$ .
a) a bit string giving identity of a correspondent
b) a unique identification of a sender
c) an authentication of an electronic record by trying it uniquely to a key only a sender knows
d) an encrypted signature of sender
8) Which of the following methods is used to broadcast two packets on the medium at a time?
a) Collision
b) Synchronous
c) Asynchronous
d) None of the above
Q. 2 Answer the following questions. (Any Four) ..... 08
a) Write full form of RARP, SMTP.b) Define Optimality Principle.c) What is Buffering?d) What is Congestion?e) What is Cryptography?f) What is Broadcast Routing, Multicast Routing.
Q. 3 Write short notes. (Any Two) ..... 08a) Link State routingb) Web Securityc) Elements of Transport Protocols
Q. 4 Attempt any two of the following question. ..... 08
a) Explain Network layer Design issues.
b) Explain Domain Name System in detail.
c) Define Network security. Explain the network security techniques.
Q. 5 Attempt any one of the following questions. ..... 08a) Explain the different Congestion prevention policies.b) Explain TCP/IP \& UDP in detail.

## B.C.A. (Semester - IV) (CBCS) Examination: Oct/Nov-2022

Python Programming

## Day \& Date: Tuesday, 28-02-2023

Max. Marks: 80
Time: 12:00 PM To 02:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 a) Choose correct alternative from the following.

1) Who developed Python Programming Language?
a) Wick van Rossum
b) Rasmus Lerdorf
c) Guido van Rossum
d) Niene Stom
2) Which type of Programming does Python support?
a) object-oriented programming
b) structured programming
c) functional programming
d) all of the mentioned
3) Which of the following is the correct extension of the Python file?
a) .python
b). pl
c). py
d).$p$
4) All keywords in Python are in $\qquad$ .
a) Capitalized
b) lower case
c) UPPER CASE
d) None of the mentioned
5) What will be the value of the following Python expression'?
$4+3$ \% 5
a) 7
b) 2
c) 4
d) 1
6) Which of the following is used to define a block of code in Python language?
a) Indentation
b) Key
c) Brackets
d) All of the mentioned
7) Which of the following character is used to give single-line comments in Python?
a) $/ /$
b) \#
c) !
d) /*
8) What will be the output of the following Python code?
$\mathrm{i}=1$
while True:
if $i \% 3=0$ :
break
print(i)
i + = 1
a) 123
b) error
c) 12
d) none of the mentioned
9) What is the order of precedence in python?
a) Exponential, Parentheses, Multiplication, Division, Addition, Subtraction
b) Exponential, Parentheses, Division, Multiplication, Addition, Subtraction
c) Parentheses, Exponential, Multiplication, Division, Subtraction, Addition
d) Parentheses, Exponential, Multiplication, Division, Addition, Subtraction
10) Which of the following is the truncation division operator in Python?
a) 1
b) $/ 1$
c) $/$
d) $\%$
b) Fill in the blank.
11) Python supports the creation of anonymous functions at runtime, using a construct called $\qquad$ .
12) Multi lined comment can be given inside $\qquad$ quotes.
13) How many except statements can a try-except block have $\qquad$ .
14) for i in $[1,2,3,4][:-1]$ :
print(i)
15) $\qquad$ represents an entity in the real world with its identity and behavior.
16) ___ is used to create an object.
Q. 2 Solve any Eight of the following.
17) What is collection?
18) What is GUI?
19) Explain Global and local variable.
20) Define anonymous function.
21) Define dictionary with syntax.
22) What is Exception?
23) Write various mode of file.
24) What is the use of PVM?
25) Explain variable with syntax.
26) How to Select an Element from a List?
Q. 3 a) Attempt any Two of the following. ..... 10
27) Write a program to check given number is Armstrong or not.
28) What is String and explain any live methods of string with example.
29) Explain the features of python.
b) Write a Short note on manipulating of dictionaries. 06
Q. 4 a) Attempt any Two of the following. 08
30) Write a program to insert employee information such eid, ename, salary, etc into employee Table.
31) Define module. Explain the importing module with example.
32) Write a program to check given number is prime or not.
b) What is exception? Explain types of exception.
Q. 5 Attempt any Two of the following.
a) Write a program to drawn the following shapes on canvas:
i) circle
ii) square
iii) rectangle
iv) line
b) What is String and explain any five methods of string with example.
c) Explain regular expression with example.

# B.C.A. (Semester - V) (New) (CBCS) Examination: Oct/Nov-2022 ENGLISH (Business English) 

Day \& Date: Friday, 27-01-2023

Max. Marks: 40
Time: 03:00 PM To 05:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Answer the following question by choosing the correct option.

1) What did Jim sell to buy a gift for Della?
a) Wedding ring
b) Leather shoes
c) His heirloom watch
d) Car
2) What was Phatik's deepest desire?
a) To belong and be loved
b) To be a ringleader
c) To be a boatsman
d) To become a teacher.
3) William Wordsworth was born on $\qquad$ .
a) $17^{\text {th }}$ April 1970
b) $17^{\text {th }}$ April 1770
c) $17^{\text {th }}$ April 1870
d) None of the above
4) Who snatched the Queen's mirror in the poem the Queen's Rival?
a) Her daughter
b) The new bride
c) The King
d) None of the above
5) How did the pupils view the schoolmaster in the poem "The Village Schoolmaster"?
a) Silly and slow
b) Soft and essay
c) Sad and shrewd
d) Severe and stern
6) Where did the two roads diverge in the poem "The Road Not Taken"?
a) On the brown road
b) In the yellow wood
c) On the grey road
d) On the green road
7) Rajan broke the window (Change into the passive voice)
a) The window was broken by Rajan
b) The window was broke by Rajan
c) Rajan was broken the window
d) None of the above
8) Someone $\qquad$ my social media account and posted some objectionable content.
a) Back up
b) Hack into
c) Boot up
d) Log in
Q. 2 Answer the following question in brief (Any Four)
a) Discuss the relationship of Jim and Della.
b) Why did Phatik's mother readily agree to the uncle's offer?
c) What is the main theme of the poem 'The Solitary Reaper'?
d) What does Queen Gulnar desire in the poem the Queen's Rival?
e) Describe the character of village schoolmaster.
f) What is the significance of the two roads in the poem "The Road Not Taken"?
Q. 3 Answer the following question. (Any One) ..... 10
a) Explain the concept " $21^{\text {st }}$ Century skills."

## OR

b) Explain the following skills with suitable examples 'Leadership', Creativity and collaboration in community.
Q. 4 Answer the following questions. (Any One)
a) Define the skill "Learning Skill" with example.

> OR
b) Explain Life Skills and its importance.

## B.C.A. (Semester - V) (New) (CBCS) Examination: Oct/Nov-2022

## CORE JAVA

Day \& Date: Saturday, 28-01-2023
Max. Marks: 80
Time: 03:00 PM To 06:00 PM
Instructions:1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Choose correct alternatives.

1) What is the original name of Java Programming language?
a) J++
b) C++
c) OAK
d) TEAK
2) What does JVM stands for?
a) Java Variable Machine
b) Java Virtual Machine
c) Java Virtual Mechanism
d) None of the above
3) Name of a Class, Variable, Method or an Interface in Java language is called?
a) Argument
b) Value
c) Identifier
d) None of the above
4) Choose the wrong statement about Java programming?
a) Java supports unsigned integers
b) Java supports signed integers
c) Java supports signed char
d) None of the above
5) Which among the following is not a Data Type in Java?
a) short
b) int
c) long double
d) byte
6) What is a Narrowing Type Conversion in Java?
a) Conversion of data from lower data type to higher data type
b) Conversion data from a higher data type to a lower data type
c) Conversion of data from any data type to any data type
d) None of the above
7) A SWITCH case statement in Java is a $\qquad$ control statement.
a) Iteration
b) Loop
c) Selection
d) Jump
8) What is the default value of boolean data type elements of an array in Java?
a) true
b) False
c) 1
d) 0
9) Which is the super class in Java that bundles all classes to deal with exceptions and errors?
a) Error
b) Exception
c) Throwable
d) Throw
10) $\qquad$ is the process of converting a primitive data to its equivalent $\overline{\text { Wrapper class type. }}$
a) unboxing
b) boxing
c) type casting
d) All of these
11) Choose a correct statement about Java Interfaces?
a) Interface contains only abstract methods by default.
b) A Java class can implement multiple interfaces
c) An Interface can extend or inherit another Interface.
d) All the above
12) When a class extends the Thread class, it should override $\qquad$ method of Thread class to start that thread.
a) $\operatorname{start}()$
b) run()
c) init()
d) go()
13) Which of these method is used to handle a keyboard event listener?
a) keyListener()
b) addListener()
c) addKeyListener()
d) eventKeyListener()
14) Which of these class is super class of all the events?
a) EventObject
b) EventClass
c) ActionEvent
d) ItemEvent
15) Which of the following is not a valid statement in JDBC?
a) Statement
b) PreparedStatement
c) QueryStatement
d) CallableStatement
16) The object provides you with methods to access data from the table.
a) ResultSet
b) Parametrized
c) TableStatement
d) Condition

## Q. 2 Answer the following questions. (Any Eight)

a) What is JDK?
b) What is Event Delegation?
c) Define Thread Life cycle?
d) What is JRE?
e) What is enum?
f) What is recursion?
g) What is package?
h) What is API?
i) What is Exception?
j) Difference between AWT and swing.

1) Explain Data types with example.
2) Explain Simple java program Structure.
3) Write a program to check given number is prime or not.
B) Short note. Layout Manager.
Q. 4 A) Answer the following questions. (Any Two) 08
4) What is Inheritance? Explain types of inheritance with example.
5) Explain JDBC Drivers with its example and merits and demerits.
6) Write a GUI program to handle mouse event.
B) What is swing? Explain any Eight swing components with example. 08
Q. $5 \quad$ Answer the following questions. (Any Two) 16
a) Explain serialization and de-serialization with suitable example.
b) Explain exception handling in java.
c) Explain Different type of JDBC Statements with example.

## SLR-FS-44

# BCA. (Semester - V) (New) (CBCS) Examination: Oct/Nov-2022 

 VISUAL PROGRAMMINGDay \& Date: Monday, 30-01-2023
Max. Marks: 80
Time: 03:00 PM To 06:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
3) Neat diagrams must be drawn wherever necessary.
Q. 1 A) Choose the correct alternatives from the options.

1) The .NET Framework Class Library (FCL) is also known as $\qquad$ _.
a) Base Class Library (BCL)
b) Common Class Library (CCL)
c) Global Class Library (GCL)
d) Public Class Library (PCL)
2) The $\qquad$ namespace includes classes and interfaces that define the various collections of objects such as lists, queues, hash tables, arrays, etc.
a) system. Collection
b) system
c) system. Data
d) system. Drawing
3) What is the correct syntax to declare a variable in C\#?
a) typevariable Name = value;
b) typevariable Name;
c) variable Name as type = value;
d) Both a and b
4) What will be the output of the following C\# code?
using System;
namespaceMyApplication
\{
class Program
\{ static void Main(string[ ] args) \{ double $x=10.25$; Console. Write(Convert.Tolnt32(x)); \}
\} \}
a) 10.30
b) 10.25
c) 10
d) Error
5) 

a) Connection
b) Command
c) DataReader
d) DataTable

## SLR-FS-44

6) The $\qquad$ operator used to access member function of class?
a) :
b) : :
c) .
d) \#
7) statement is incorrect about the delegate.
a) Delegates are reference type
b) Delegates are type safe
c) Delegates are object oriented
d) None of these
8) Correct statement about constructors in C\#.NET is?
a) Constructors can be overloaded
b) Constructors are never called explicitly
c) Constructors have same name as name of the class
d) All of the mentioned
9) All code inside finally block is guaranteed to execute irrespective of whether an exception occurs in the protected block or not.
a) True
b) False
10) Choose the keyword which declares the indexer?
a) base
b) this
c) super
d) extract
B) Fill in the Blanks.
11) The method in which large or variable number of arguments are handled is known as $\qquad$ .
12) ___ exceptions handles the divide by zero error?
13) $\qquad$ process of defining two or more methods within the same class that have same name but different parameters list?
14) $\qquad$ namespace on which the stream classes are defined?
15) $\qquad$ is meant by the term generics?
16) $\overline{\text { acts as a base class for its subclass is known as? }}$
Q. 2 Answer the followings (Any Eight):
17) What is the importance of finally block?
18) Give the characteristics of abstract class.
19) What is namespace?
20) What is the difference between SDI and MDI?
21) What is DataSet?
22) What is virtual method?
23) What is variable length parameter?
24) What is boxing? How is it achieved?
25) Which reference modifier is used to define reference variable?
26) Which of these access specifiers must be used for main() method?

## SLR-FS-44

Q. 3 A) Answer the followings (Any two): ..... 101) Write short note on CheckBox and RadioButton control.2) Write a program where one class implements two interface.
3) Explain console I/O stream with example.
B) Explain following controls with example. ..... 06

1) ColorDialog
2) RichTextBox
3) DateTimePicker
Q. 4 A) Answer the followings (Any two): ..... 081) What is method overriding? Explain with suitable example.2) Differentiate Pass by value and Pass by reference usingsuitable example.
4) What is array? Write a program to find the maximum array elements from 10 elements.
B) What is ADO.Net? Explain Connection and Command object with ..... 08 example.
Q. 5 Answer the following (Any Two). ..... 16a) Write a program to implementation of Hashtable.b) What is inheritance? Explain multilevel inheritance with example.c) Write a program to copy the contents of one file into another file.

## SLR-FS-45

## Seat <br> No.

## B.C.A. (Semester - V) (New) (CBCS) Examination: Oct/Nov-2022 COMPUTER GRAPHICS

Day \& Date: Tuesday, 31-01-2023
Max. Marks: 80
Time: 03:00 PM To 06:00 PM
Instructions: 1) All questions are compulsory.
2) Draw neat labelled diagrams wherever necessary.
3) Figures to right indicate full marks.
4) Use of log table and calculators is allowed.
Q. 1 A) Multiple choice questions.

1) Which of the following plane is used for 2 D transformations?
a) Three-dimensional plane
b) Two-dimensional plane
c) One-dimensional plane
d) Four-dimensional Plane
2) Which of the following is a Computer Graphics Curve?
a) Bezier Curves
b) Implicit Curves
c) Explicit Curves
d) All of the above
3) Which of the following is the purpose for using clipping in computer graphics?
a) copying
b) zooming
c) adding graphics
d) removing objects and lines
4) The raster scan display systems that have 24 bits/pixel and a $1024 \times 1024$ screen resolution require a frame buffer size of:
a) 24 MegaBytes
b) 8 MegaBytes
c) 3 MegaBytes
d) 1 MegaByte
5) Curves in computer graphics is primarily used for which of the following function?
a) To draw different types of objects onto the screen
b) Zooming out a picture
c) Copying a picture
d) Zooming in a picture
6) In a graphical system, an array of pixels in the picture are stored in which of the following locations?
a) Frame buffer
b) Processor
c) Memory
d) All of the mentioned
7) Which of the following devices provides positional information to the graphics system?
a) Pointing devices
b) Both Input devices and Pointing devices
c) Output devices
d) Input devices
8) Which of the following is used in graphics workstations as input devices to accept voice commands?
a) Speech recognizers
b) Touch panels
c) None of the mentioned
d) All of the mentioned
9) Which of the following is defined as the process of elimination of parts of a scene outside a window or a viewport?
a) Editing
b) Cutting
c) Plucking
d) Clipping
10) Which of the following operations can be used to zoom in or out around any axis on a three- dimensional object from its original position?
a) Rotation
b) Shearing
c) Scaling
d) Translation
B) Fill in the blank.
11) ___ is commonly known as frame buffer on a black and white system with one bit per pixel?
12) ___ is a correct abbreviation of DDA algorithm.
13) ___ algorithm can be used to clip a polygon in 3D space?
14) ___ is the line path on the polygon area for a $45 \%$ line.
15) In graphical system, the array of pixels in the picture are stored in $\qquad$ .
16) $\qquad$ is a technique that is used to approximate the halftones without the reduction of spatial resolution.
Q. 2 Solve any Eight of the following. ..... 16
17) Enlist types and subtypes of parallel projection.
18) List out graphical input devises.
19) Explain the LCD Panels.
20) List out polygon filling algorithms.
21) Explain the Plasma panel display.
22) List out application areas of computer graphics.
23) What do you mean by sharing?
24) Explain hard copy raster devices.
25) What are the different types of polygon?
26) Explain the graphical output devices.
Q. 3 A) Attempt any Two of the following. 10
27) Rotate a triangle defined by $A(0,0), B(6,0), C(3,3)$ by 900 about origin in Anticlockwise direction.
28) What are the merits and demerits of DDA line drawing algorithm?
29) What is inside outside test?
B) Short note on. 06
30) Plotters
31) DDA Algorithm
Q. 4 A) Attempt any Two of the following. 08
32) Explain the types of 3-D projections.
33) Explain cohen-sutherland line clipping algorithm.
34) Explain in detail polygon Edge fill algorithm.
B) Describe the following.
35) Describe the solid area filling algorithm.
36) Explain the ordered edge list algorithm.
Q. 5 Attempt any Two of the following.
a) Explain in detail Random Scan Display and Raster Scan Display.
b) Explain the steps in Bresenham's circle drawing algorithm with example.
c) Translate the square ABCD whose co-ordinates are $A(0,0), B(3,0), C(3,3)$ and $D(0,3)$ by 2-units in both directions and then scale it By 1.5 units in $x$-direction and 0.5 units in $y$-direction.

| Seat |  |
| :--- | :--- |
| No. |  |

# B.C.A. (Semester - V) (New) (CBCS) Examination: Oct/Nov-2022 Recent Trends in IT 

Day \& Date: Wednesday, 01-02-2023
Max. Marks: 80
Time: 03:00 PM To 06:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.

## Q. 1 A) Multiple choice questions.

1) loT devices are naturally vulnerable to $\qquad$ threats.
a) Sensors
b) Heterogeneity
c) Security
d) Connectivity
2) What license is Hadoop distributed under?
a) Apache License 2.0
b) Mozilla Public License
c) Shareware
d) Commercial
3) Which of the following is performed by Data Scientist?
a) Define the question
b) Create reproducible code
c) Challenge results
d) All of the Mentioned
4) What are the different features of Big Data Analytics?
a) Open-Source
b) Scalability
c) Data Recovery
d) All of the above
5) $\qquad$ in loT as one of the key characteristics, devices have different hardware platforms and networks.
a) Sensors
b) Heterogeneity
c) Security
d) Connectivity
6) Which of the following is most important area of concern in cloud computing?
a) Security
b) Storage
c) Scalability
d) All of the mentioned
7) Which of the following is essential concept related to Cloud?
a) Reliability
b) Productivity
c) Abstraction
d) All of the mentioned
8) The huge number of devices connected to the Internet of Things has to communicate automatically, not via humans. What is this called?
a) Skynet
b) Bot 2 Bot
c) Machine 2 Machine
d) Intercloud
9) What was Hadoop written in?
a) Java (software platform)
b) Perl
c) Java (programming language)
d) Lua (programming language)
10) Cloud computing is an abstraction based on the notion of pooling physical resources and presenting them as a $\qquad$ resource.
a) real
b) virtual
c) cloud
d) none of the mentioned
Q. 1 B) Fill in the Blanks.
11) $\qquad$ is one of the key data science skills.
12) Machine learning is an application of $\qquad$ .
13) $\qquad$ license is Hadoop distributed under.
14) characteristic of big data is relatively more concerned to data science.
15) is the father of cloud computing.
$\qquad$ step is performed by data scientist after acquiring the data.

## Q. 2 Answer the followings (Any Eight):

1) What do you mean by Features in Machine learning?
2) What is Machine Learning?
3) What is Cloud Computing?
4) What is data science?
5) Define IOT.
6) Define Cloud cube model.
7) What is Green IT?
8) Attribute of Big Data.
9) What is Server Virtualization?
10) What are Green IT Standards and Eco-Labelling.
Q. 3 A) Answer the followings (Any two): 10
11) Explain in details the role of a Data Scientist.
12) Discuss in brief about Cloud economics and benefits.
13) Write the notes on Statistical modeling and Probabilistic distribution in data science.
B) What is Machine Learning? Describe Training versus Testing in details.
Q. 4 A) Answer the followings (Any two):
14) Write comparative notes on Hadoop vs Traditional systems.
15) What is Big Data and where it is produced?
16) What are the Core Components of Hadoop?
B) Explain in details the architecture of IOT and applications of IOT.
Q. 5 Answer the following (Any Two). 16
a) What are the Predictive and descriptive tasks in machine learning?
b) What are the Environmental impacts of IT and explain the Holistic Approach to Greening IT.
c) What do you mean by virtualization? Explain in details about Virtualization technologies and architectures.

## SLR-FS-47

## Seat

No.

## B.C.A. (Semester - V) (New) (CBCS) Examination: Oct/Nov-2022 Linux and Shell Programming

Day \& Date: Friday, 24-03-2023
Max. Marks: 80
Time: 03:00 PM To 06:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
3) Draw neat diagrams and give equations wherever necessary.

## Q. 1 A) Multiple choice questions.

1) Which combination of keys is used to exit from terminal?
a) $\mathrm{Ctrl}+\mathrm{t}$
b) $\mathrm{Ctrl}+\mathrm{z}$
c) $\mathrm{Ctrl}+\mathrm{d}$
d) $\mathrm{Ctrl}+\mathrm{e}$
2) Which command reads user input from the terminal and assign this value to a variable name?
a) read
b) Get
c) declare
d) Set
3) Which command is used to list all the files in your current directory (including hidden)?
a) Is-I
b) Is-t
c) $\mathrm{Is}-\mathrm{a}$
d) Is - i
4) How many links are created when we create a directory file?
a) 1
b) 2
c) 3
d) 4
5) Which command is used to view compressed text file contents?
a) cat
b) type
c) zcat
d) print
6) What does the following command do?
\$ vi file001
a) open file named file001
b) edit file named file001
c) delete a file named file001
d) open file if it exists else creates a new file
7) Which option of the kill command sends the given signal name to the specified process?
a) -1
b) $-n$
C) -a
d) $\quad-\mathrm{s}$
8) Which command is used to set terminal I/O characteristics?
a) tty
b) stty
c) ctty
d) ptty
9) Which variable contains last background job process id?
a) $\$$ !
b) $\$$ ?
c) $\$ \$$
d) $\$ 0$
10) Octal representation of rw- - w- rw - permission are $\qquad$ .
a) 644
b) 646
c) 626
d) 654
B) Fill in the blanks. ..... 061) symbol matches all character in file name.
11) The $\qquad$ command removes text from the Work Buffer.
12) LDAP stands for $\qquad$ _.
13) ___ command is used for printing a file.
14) ___ is a superuser.
$\qquad$ command is used to change the permissions of a file.
Q. 2 Solve any Eight of the following. ..... 16
a) List the functions of Kernel.
b) What is the purpose of boot block?
c) Give the advantages of shell scripts.
d) Give the advantages of vi editor.
e) What are the importance of /bin directory?
f) Explain cat command.
g) Explain chgrp and chown command.
h) Explain kill and join command.
i) Explain mounting command.
j) Explain printing files.
Q. 3 A) Attempt any Two of the following. ..... 10
15) Write note on $X$-window.
16) Differentiate between Linux and Windows.
17) What is pipes? Give the Example and use of pipes command.
B) Write down role of system administrator.
Q. 4 A) Attempt any Two of the following. ..... 08
18) Give command to Add user, Add group and delete user, delete group inLinux.
19) What does DHCP stand for? Explain how it works.
20) Write a program to display given number is Armstrong or not.
B) Explain 'Is' commands with different option. ..... 08
Q. 5 Attempt any Two of the following. ..... 16
a) Write Menu driven Program to confirm Entered no. is odd / Even, also find factorial of no.
b) Explain in detail different modes of vi editor.
c) What is Redirection? Explain its types.

# B.C.A. (Semester - VI) (New) (CBCS) Examination: Oct/Nov-2022 

## ENGLISH

## Literary Mindscapes - I

Day \& Date: Tuesday, 28-03-2023
Max. Marks: 40
Time: 03:00 PM To 05:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Choose the correct alternatives from the options.

1) What did Robert find which was left by his wife?
a) Money
b) Ticket
c) Note
d) Lunch
2) What was Aksionov doing while the samovar was being heated?
a) Taking a nap
b) Drinking
c) Feeding the horses
d) Playing guitar
3) How many children are listening to the story in the poem "Sita"?
a) Five
b) Two
c) Three
d) One
4) What are the things of beauty mentioned in the poem "ode to Beauty"?
a) The sun and moon
b) Young trees and streams
c) Flowers
d) All of the above
5) Who is the painter of the duchess's portrait in the poem "My Last Duchess"?
a) Aphra Pandolf
b) Fra Pangol
c) Aphra Behn
d) Fra Pandolf
6) What springs again like elastic in the poem "Life"?
a) tragedy
b) family
c) hope
d) death
7) He went $\qquad$ to his office to look for his lost keys (back / backside)
(Choose the correct adverb to fill in the blank)
8) Sumit said, "Maithili is at home."
(Rewrite/ Choose the correct reported speech)
a) Sumit said that Maithili is at home.
b) Sumit said that Maithili was at home.
c) Sumit said that Maithili was not at home.
d) None of the above
9) Why was the Quick family garden wild and carefree?
10) Why did Aksionov leave the inn early?
11) What is the tragic story told by the narrator in the poem "Sita"?
12) Describe the personality of the duchess in the poem "My last Duchess"?
13) Write a summary of a romantic poem "Ode to Beauty"?
14) Explain the theme of the poem "Life".
Q. 3 Answer any one of the following questions.10
a) Define the $21^{\text {st }}$ Century Skills "Literacy Skills". OR
b) How can technology literacy skills help learners in the future?
Q. 4 Answer any one of the following questions.
a) Define Initiative in your own words. Give an example of a situation in which you took initiative.

## OR

b) Explain the $21^{\text {st }}$ century skill "Media Literacy" and "Technology Literacy".

# B.C.A. (Semester - VI) (New) (CBCS) Examination: Oct/Nov-2022 Advanced Java 

Day \& Date: Monday, 27-03-2023

Max. Marks: 80
Time: 03:00 PM To 06:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
3) Draw neat labeled diagrams wherever necessary.
Q. 1 A) Multiple choice questions.

1) What are the different types of Bean injection?
a) constructor and setter
b) constructor and getter
c) getter and setter
d) setter, getter and constructor
2) In case of Table per Concrete class, there will be three tables in the database having no relations to each other. Which are the ways to map the table?
a) By union-subclass element
b) By self-creating the table for each class
c) Both A \& B
d) None of the above
3) Application is instance of which class?
a) javax.servlet.Application
b) javax.servlet.HttpContext
c) javax.servlet.Context
d) javax.servlet.ServletContext
4) In JSP Action tags which tags are used for bean development?
a) jsp:useBean
b) jsp:setPoperty
c) jsp:getProperty
d) All mentioned above
5) Abbreviate the term HQL?
a) Hibernate Queue Language
b) Hibernate Query Language
c) Hipher Query Language
d) None of the above
6) In RequestDispacher which method is used to sends the same request and response objects to another servlet?
a) forward()
b) sendRedirect()
c) Both A \& B
d) None of the above
7) Which of the following is an advantage of the statement - Separation of business logic from JSP?
a) Custom Tags in JSP
b) JSP Standard Tag Library
c) All the above
d) None of the above
8) Which cookie it is valid for single session only; it is removed each time when user closes the browser?
a) Persistent cookie
b) Non-persistent cookie
c) Both A \& B
d) None of the above
9) Which object of HttpSession can be used to view and manipulate information about a session, such as the?
a) session identifier
b) creation time
c) last accessed time
d) All mentioned above
10) Hibernate is an?
a) Open Source
b) Lightweight
c) ORM
d) All mentioned above
B) Fill in the blank.
11) AOP stands for $\qquad$ .
12) The valid scopes in JSP are $\qquad$ .
13) $\qquad$ class can handle any type of request so that it is protocolindependent.
14) A JSP is transformed into $\qquad$ .
15) ORM stands for $\qquad$ .
16) The collection types in Hibernate are $\qquad$ .
17) What are the three states of a Hibernate Persistence object can be?
18) What is Hibernate?
19) Write any two advantages of spring.
20) Write and explain two implicit objects in JSP.
21) Write any two differences between Session and Cookie.
22) List the JSTL SQL, tags.
23) What is an Internationalization and Locale? .
24) What is the use of ResultsetExactor and RowMapper?
25) List the General purpose tags in JSP.
26) List the implicit objects in JSP.
Q. 3 A) Attempt any Two of the following. 10
27) Explain JSP life cycle with suitable example.
28) What is request dispatcher? Explain forward and include in request dispatcher with example.
29) Explain constructor dependency injection of Spring.
B) Explain various directives in jsp. 06
Q. 4 A) Attempt any Two of the following. 08
30) Write a JSP page to check given no is Armstrong or not.
31) Write the difference between CGI and Servlet.
32) What is ORM? Explain use of ORM in details.
B) Explain hibernate inheritance mapping without using annotations.
Q. 5 Attempt any Two of the following. ..... 16
a) What is Cookie? Write a program to add a cookie on client browser.
b) Write a program to store Employee information such as eid, ename, salary, ect. Into emp table using Hibernate annotation.
c) What is Spring framework? Explain it's components in detail.

| No. |  |

# B.C.A. (Semester - VI) (New) (CBCS) Examination: Oct/Nov-2022 DOT NET TECHNOLOGY 

Day \& Date: Monday, 06-02-2023
Max. Marks: 80
Time: 03:00 PM To 06:00 PM
Instructions: 1) All questions are compulsory.
2) Draw neat labeled diagrams wherever necessary.
3) Figures to the right indicate full marks.
4) Use of log table and calculators is allowed.
Q. 1 A) Choose the correct alternatives from the options.

1) Ajax stands for Synchronous JavaScript and XML.
a) True
b) False
2) The following group profile properties defined under a group name in Web.config file. How will you access Street property? <properties> <group name="Address"> <add name='Street" /> <add name="City" /> </group></properties>
a) Profile.name.Street
b) Profile.Address.Street
c) Address.Street
d) None of the above
3) 

a) .map
b) .sitemap
c) .site
d) None of these
4) When a User's Session times out which event should you respond to?
a) Session_start
b) session end
c) application_start
d) application_end
5) What type of data can Cookies store?
a) String
b) Encrypt
c) DateTime
d) $\operatorname{Int} 32$
6) Session technique is a client side state management technique $\qquad$ .
a) True
b) False

## SLR-FS-50

7) $\qquad$ is a AJAX control in asp.net.
a) Timer
b) Upload
c) Manager
d) None of these
8) 

a) .aspx.vb
b) .aspx.cs
c) both a \& b
d) None of these
9)
a) ControlToValidate
b) Type
c) Error
d) All of these
10) Which object data is included in bookmarks and e-mail URLs?
a) View State
b) Cookies
c) Query String
d) All of these
B) Fill in the blanks.

1) ASP stands for $\qquad$ .
2) A module which is a collection of functions and data, designed to be used by another application is called $\qquad$ .
3) $\qquad$ is the first method that is fired during the page load.
4) control does not modify text at run time.
5) ___ validator is used to check an email address entered by the user.
6) $\qquad$ event is common for check box and radio button control.

## Q. 2 Answer the followings (Any Eight):

1) Write the features of ASP.Net
2) List the properties of Calendar control.
3) What is sitemap file.
4) Define web service.
5) Why need of master page?
6) What is WSDL?
7) What is IIS?
8) Explain Query String.
9) How to add AJAX control toolkit.
10) Write the event ordering of master page.
Q. 3 A) Answer the followings (Any two):
11) What is Web service? Explain WSDL.
12) Explain how to create web user control.
13) What is cross page posting? Explain with example.
B) Short Note on state management technique.

## SLR-FS-50

Q. 4 A) Answer the followings (Any two): ..... 081) What is navigation? Explain Tree View control with example.2) What is application folder? Explain App_Code folder.3) Explain Button control with properties and example.
B) What is ADO.Net? Explain architecture of ADO.Net ..... 08
Q. 5 Answer the following (Any Two). ..... 16
a) Explain ASP.Net page life cycle.
b) What is Personalization? Explain personalization model with <profile> tag.
c) What is master page? Explain nested master page with example.

| No. |  |

# B.C.A. (Semester - VI) (New) (CBCS) Examination: Oct/Nov-2022 DATA WAREHOUSE AND DATA MINING 

Day \& Date: Tuesday, 07-02-2023
Max. Marks: 80
Time: 03:00 PM To 06:00 PM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 A) Choose the correct alternatives from the options.

1) Which of the following refers to the problem of finding abstracted patterns (or structures) in the unlabeled data?
a) Supervised learning
b) Unsupervised learning
c) Hybrid learning
d) Reinforcement learning
2) Which one of the following statements about the K-means clustering is incorrect?
a) The goal of the k-means clustering is to partition (n) observation into ( $k$ ) clusters
b) K-means clustering can be defined as the method of quantization
c) The nearest neighbor is the same as the K-means
d) All of the above
3) Which one of the following correctly defines the term cluster?
a) Group of similar objects that differ significantly from other objects
b) Symbolic representation of facts or ideas from which information can potentially be extracted
c) Operations on a database to transform or simplify data in order to prepare it for a machine learning algorithm
d) All of the above
4) Euclidean distance measure is can also defined as $\qquad$ .
a) The process of finding a solution for a problem simply by enumerating all possible solutions according to some predefined order and then testing them
b) The distance between two points as calculated using the Pythagoras theorem
c) A stage of the KDD process in which new data is added to the existing selection.
d) All of the above

## SLR-FS-51

5) The term "DMQL" stands for $\qquad$ .
a) Data Marts Query Language
b) DBMiner Query Language
c) Data Mining Query Language
d) None of the above
6) Which of the following applied on warehouse?
a) write only
b) read only
c) both a \& b
d) none of these
7) Data mining is defined as?
a) subject-oriented integrated time-variant non-volatile collection of data in support of management
b) The stage of selecting the right data for a K.DD process
c) The real discovery stage of a knowledge discovery process
d) None of these
8) How to define Classification accuracy?
a) A subdivision of a set of examples into a number of classes
b) The task of assigning a classification to a set of examples
c) Measure of the accuracy of the classification of a concept that is given by a certain theory
d) None of these
9) Which clustering technique requires a merging approach?
a) Partitional
b) Hierarchical
c) Naive Bayes
d) None of the mentioned
10) Small logical units where data warehouses hold large amounts of data is known as $\qquad$ .
a) Data Layers
b) Data Marts
c) Data Storages
d) Data Miners
B) Answer in one sentence.
11) Define Testing Data set.
12) Euclidian Formula to calculate distance
13) Fact table
14) Outlier Records
15) Noisy Data
16) Pattern
Q. 2 Answer the followings (Any Eight):
17) Binerisation
18) Classifier
19) Confidence
20) HDD
21) OLAP
22) ETL

## SLR-FS-51

7) Maximal Frequent Item set
8) Manhattan Formula
9) Over fitting in decision tree
10) Similarities
Q. 3 A) Answer the followings (Any two):
11) Define decision tree. Explain the algorithm to draw induction of Decision tree.
12) What is Dimension table? Explain snow flake schema with example.
13) Define Data Mining. Explain Web Mining.
B) Solve the following (Any one).
14) Draw a FP growth tree for following data and find frequent Item Set.

| TID | Items | TID | Items | TID | Items |
| :--- | :--- | :--- | :--- | :--- | :--- |
| A1 | $\{z, x, y\}$ | A4 | $\{z . p, e\}$ | A7 | $\{z\}$ |
| A2 | $\{x, y, p\}$ | A5 | $\{z . x, y\}$ | A8 | $\{z . x, y\}$ |
| A3 | $\{z, y, p, e\}$ | A6 | $\{z . x, y, p\}$ | A9 | $\{z . x . p\}$ |

2) Define Clustering. Explain Types of Clustering in Details.
Q. 4 A) Answer the followings (Any two):
3) What is Classification? Explain Naive Bayes Classifier with example.
4) What is Knowledge? Explain the detailed process of KDD.
5) What is OLAP? Explain ROLAP architecture.
B) Describe the following. (Any Two).
6) Define Medoid. Explain PAM Algorithm.
7) Define Data mining. Explain special data mining.
8) Explain K-mean algorithm with example.
Q. 5 Answer the following (Any Two).
a) Define Market Basket Analysis. Explain Apriori Algorithm with proper example.
b) What is Pre-processing? Explain different data Pre- processing Methods.
c) Explain Data Warehouse architecture in detail.

| Seat |  |
| :--- | :--- |
| No. |  |

# B.C.A. (Semester - VI) (New) (CBCS) Examination: Oct/Nov-2022 CRYPTOGRAPHY AND NETWORK SECURITY 

Day \& Date: Wednesday, 08-02-2023
Max. Marks: 80
Time: 03:00 PM To 06:00 PM
Instructions: 1) All questions are compulsory.
2) Draw neat labeled diagrams wherever necessary.
3) Figures to the right indicate full marks.
4) Use of log table and calculators is allowed.
Q. 1 A) Choose the correct alternatives from the options.

1) An asymmetric-key (or public-key) cipher uses $\qquad$ .
a) 1 key
b) 2 key
c) 3 key
d) 4 key
2) The man-in-the-middle attack can endanger the security of the diffie-hellman if two parties are not $\qquad$ .
a) authenticated
b) joined
c) submit
d) separate
3) In cryptography, what is cipher?
a) algorithm for performing encrption and decryption
b) encrypted message
c) both algorithm for performing encryption and decryption and encrypted message
d) decrypted message
4) What is data encryption standard (DES)?
a) block cipher
b) stream cipher
c) bit cipher
d) byte cipher
5) The inverse of 7 module 26 is $\qquad$ .
a) 12
b) 15
c) 20
d) 18
6) Elgamal encryption is $\qquad$ .
a) symmetric key encryption algorithm
b) asymmetric key encryption algorithm
c) not an encryption algorithm
d) block cipher method
7) An attack in which the site is not capable of answering valid request is $\qquad$ _.
a) Smurfing
b) Denial of Service
c) Traffic analysis
d) E-mail bombing
8) The shift cipher is sometimes referred to as $\qquad$ .
a) Caeser cipher
b) Cipher
c) Multiplicative cipher
d) cipher text
9) The DES Algorithm Cipher System consists of $\qquad$ rounds (iterations) each with a round key.
a) 12
b) 18
c) 9
d) 16
10) Which of the following is /are offered by the Hash functions?
a) Authentication
b) Non repudiation
c) Data Integrity
d) All of the above
B) Answer the following questions.
11) What is DES?
12) Define Hash Functions.
13) List the names of attacks threatened by integrity.
14) Define Steganography.
15) What is S/MIME?
16) What do you mean by active attacks?

## Q. 2 Answer the followings (Any Eight):

1) What is encryption and decryption?
2) Differentiate between cryptography and steganography.
3) What is Trapdoor one-way function?
4) Encrypt the message "Welcome" with key=5 using additive cipher.
5) Explain any two security services.
6) Define Digital Signature.
7) What do you mean by honeypots?
8) Define Cryptanalysis.
9) List out applications of IPSec.
10) What is Avalanche effect?
Q. 3 A) Answer the followings (Any two):
11) Write a short note on Meet-in -the -middle attack.
12) Explain different types of active and passive attacks.
13) What is TLS? Explain.
B) Explain with neat labeled diagram Kerberos.
Q. 4 A) Answer the followings (Any two):
14) Define firewalls? Explain its types.
15) Encrypt the data "Life is full of surprises" using autokey cipher with K1=10.
16) Write a short note on Transposition ciphers.
B) Explain general structure of AES.

## Q. 5 Answer the following (Any Two).

 16a) Explain with neat labeled diagram RSA Cryptosystem.
b) Write a short note on PGP and S/MIME.
c) Explain security services- provided by digital signature.

| Seat |  |
| :--- | :--- |
| No. |  |

# B.C.A. (Semester - VI) (New) (CBCS) Examination: Oct/Nov-2022 ADVANCED PYTHON 

Day \& Date: Thursday, 09-02-2023
Max. Marks: 80
Time: 03:00 PM To 06:00 PM
Instructions: 1) All questions are compulsory.
2) Draw neat labeled diagrams wherever necessary.
3) Figures to the right indicate full marks.
4) Use of log table and calculators is allowed.
Q. 1 A) Choose the correct alternatives from the options.

1) Django is a $\qquad$ Python web framework.
a) low-level
b) mid-level
c) high-level
d) None of the above
2) Django supports the $\qquad$ pattern.
a) MVI
b) MVP
c) MVC
d) MVZ
3) Who developed Django?
a) James Gosling
b) Simon Willison
c) Guido van Rossum
d) None of the above
4) Django is based on which framework?
a) MVC
b) MVVM
c) MVT
d) None of the above
5) What are the features of Django web framework?
a) Templating
b) Form handling
c) Admin Interface (CRUD
d) All of the above
6) For User Entry data which widget we use in tkinter?
a) Entry
b) Text
c) Both of the above
d) None of the above
7) How Pack() method works on tkinter widget?
a) According to $X, Y$ coordinates
b) According to row \& Column wise
c) According to right ,left , up ,down
d) None of the Above
8) How we import tkinter in python programmer?
a) import tkinter
b) import tkinter as t
c) from tkinter import *
d) All the above
9) Correct way to draw a line in canvas tkinter?
a) line()
b) canvas.create_line()
c) create line(canvas)
d) None of the above
10) How pack() function works on tkinter widget?
a) According to $x, y$ coordinate
b) According to row and column vise
c) According to left, right, up,down
d) None of the above
B) One sentence answer/one word answer.
11) Essential thing to create a window screen, using tkinter python?
12) How we import a tkinter in python program?
13) Minimum number of argument we require to pass in a function to create a line?
14) Use of the angle attribute is on which widget?
15) To get the multiline user data which widget we use.
16) We can able to delete Button, Label \& Frame using which function?

## Q. 2 Answer the followings (Any Eight):

1) What is an App in Django?
2) What is root window?
3) What Is a Web Framework?
4) Explain Tkinter.
5) What are widgets in python?
6) What are containers in python?
7) What is XML?
8) Explain Spinbox widget.
9) Explain any 4 properties of canvas.
10) Write a program to create simple window.

## Q. 3 A) Answer the followings (Any two):

1) Write a python program to draw arcs opposite to each other.
2) Write a simple XML program.
3) Write a python program to add Label \& Entry.
B) Short note/Solve.

Write a short note on Layout Manager in detail with suitable example.

## SLR-FS-53

Q. 4 A) Answer the followings (Any two):

08

1) What is GUI programming? Explain advantages of GUI programming.
2) Write a python program to display Message Box.
3) Explain MVT design structure.
B) Describe/Explain/Solve

Explain Socket Programming in detail.
OR
Explain Check Button \& Radio Button widget in detail with example.
Q. 5 Answer the following (Any Two).
a) Explain Containers in python in detail.
b) Explain XML with Parsing method in detail.
c) Write a python program to display following Menu:

Menu:-

1) Sum of Two Numbers
2) Square root of Number
3) Exit

## B.C.A. (Semester - VI) (OId) (CBCS) Examination: Oct/Nov-2022 Advanced Java

Day \& Date: Tuesday, 28-03-2023
Max. Marks: 70
Time: 03:00 PM To 05:30 PM
Instructions:1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Select the correct answer from the given alternatives.

1) Sessions is a part of the Session Tracking and it is for maintaining the client state at $\qquad$ side.
a) client
b) server
c) both a and b
d) none of the above
2) Clean up process in servlet is handled by $\qquad$ method.
a) $\operatorname{start}()$
b) $\operatorname{stop}()$
c) init()
d) destroy()
3) Cookies are stored at $\qquad$ side.
a) server
b) client
c) both a and b
d) none of these
4) Which JSTL tag catches any exception that occurs in a program body?
a) <c:catch>
b) <c:try>
c) <c:exception>
d) All of these
5) Which is / are true about Hibernate?
a) An open source
b) A light weight
c) Is a framework interact with database
d) All of these
6) In spring, AOP stands for Active Object Program.
a) True
b) False
7) Which of these packages contains Locale class?
a) java.lang
b) java.io
c) java.util
d) java.awt
8) Which of the inheritance strategy is used to sub-element <subclass> of element<class>?
a) TPH
b) TPC
c) TPS
d) None of these
9) What are different types of Bean injection in spring?
a) constructor
b) setter
c) setter and getter
d) both a) and b)
10) All Hibernate annotations are defined in $\qquad$ package.
a) javax.persistance.*
b) javax.hibernate.*
c) javax.hibernate.annotation.*
d) java.annotation.*
11) TLD stands for Tag Library Descriptor.
a) True
b) False
12) config is instance of which class?
a) javax.servlet.ServletContext
b) javax.servlet.ServietConfig
c) javax.servlet.Config
d) javax.servlet.Application
13) Which of the following class can be used to execute Sql queries in spring?
a) JDBCHelper
b) JdbcTemplate
c) DBHelper
d) DBTemplate
14) Which class can handle any type of request so that it is protocol independent?
a) GenericServlet
b) HttpServlet
c) HttpSession
d) None of these
Q. 2 A) Answer the following (Any Four) ..... 081) What are the features of servlet?2) What is collection mapping? List it's mapping ways.3) What is internationalization and localization?4) Write the steps to create the first application of HB.5) What is JavaBean?
B) Write Notes on (Any Two) ..... 061) Write the difference between GenericServlet and HttpServlet.2) Explain Hibernate architecture.
15) Explain constructor injection in spring.
Q. 3 A) Answer the following (Any Two) ..... 08
16) What is the difference between doGet and doPost methods?2) Explain any four JSP implicit object.3) What is request dispatcher? Explain forward and include in requestdispatcher with example.
B) Answer the following (Any One) ..... 061) Explain JSP life cycle with example.2) Explain prepared statement in Spring Jdbc Template with example.
Q. 4 A) Answer the following (Any Two) ..... 10
17) Explain JSP action tags in detail.2) Explain Spring Architecture in detail.3) Write a program to count how many times user has accessed thewebpage using HttpSession.
B) Answer the following (Any One) ..... 041) List the JSTL tags and explain only core tags.2) Write a program to implements HTTP request POST method in servlet.
Q. 5 Answer the following (Any two) ..... 14a) List the types of inheritance in Hibernate. Explain one type with example.b) Write a program to store Employee information such as eid, ename, salary,ect. into emp table using Hibernate annotation. (oracle table)
c) Explain the session tracking mechanism in detail.

## B.C.A. (Semester - VI) (Old) (CBCS) Examination: Oct/Nov-2022 Dot Net Technology

Day \& Date: Monday, 27-03-2023
Max. Marks: 70
Time: 03:00 PM To 05:30 PM
Instructions:1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Choose the correct alternatives.

1) What are the Command Object methods.?
a) ExecuteNonQuery
b) ExecuteReader
c) ExecuteScalar
d) All of the above
2) What is the file extension of web service in ASP.NET.?
a) .ascx
b) .asmx
c) .aspx
d) .docx
3) AJAX stands for $\qquad$ .
a) Asynchronous Javascript and XML.
b) Abstract Java and XML
c) Another Java and XML
d) Another Java and X-Window.
4) Which is the first event of ASP.NET page, when user requests a web page.?
a) PreLoad
b) Load
c) Preinit
d) init
5) $\qquad$ is a property common in every validation control.
a) ValidataionExpression
b) InitialValue
c) ValueToCompare
d) ControlToValidate
6) Which web server control is used to display advertisements in ASP.NET a webpage.?
a) Image
b) ImageMap
c) Panel
d) AdRotator
7) What is/are the advantages of Master Page.?
a) It helps to display common content in multiple pages.
b) They allow you to centralize the common functionality of your pages so that you can make updates in just one place.
c) It helps to create a common page layout.
d) All of the above.
8) The heart of the new ASP.NET personalization service is the User Profile.
a) True
b) False
9) SiteMapPath control displays path from root to current page.
a) True
b) False
10) From the following which is not a valid State Management object.?
a) Querystate
b) Cookies
c) Application State
d) Hidden form fields
11) In which of the following folder source code such as class, dataset etc. are stored.?
a) App_Data
b) App_Themes
c) App_Code
d) App_WebReferences
12) We can add CSS files in themes.
a) True
b) False
13) Which of the following web server control used as container for other server controls in a ASP.NET.
a) PlaceHolder
b) Panel
c) Table
d) ImageMap
14) A master page contains a ScriptManager control and a user wants the AJAX functionality on content page then which control is necessary on content page.
a) AsyncPostBack Trigger
b) ScriptManager
c) ScriptManagerProxy
d) None of the above
Q. 2 A) Answer the following (Any Four) 08
15) What is Web Service.?
16) What is Master Page.?
17) What is Self page posting.?
18) What is Cookies.?
19) What is AJAX.?
B) Write Note On (Any Two) 06
20) CustomValidator control with example.
21) Button Class.
22) Datareader.

## Q. 3 A) Answer the following (Any Two)

1) Explain SiteMapPath Control.
2) Explain advantages and disadvantages of Client side and Server side state management.
3) Explain CommandName property with example.
B) Answer the following (Any One) 06
4) Explain UpdatePanel, Timer, ScriptManager control in detail.
5) What is Personalization.? Explain with example.
Q. 4 A) Answer the following (Any Two) ..... 10
6) Explain Compare and Range Validator controls with example.
7) Explain nested master page with example.
8) Explain AdRotator control with example.
B) Answer the following (Any One) ..... 04
9) Explain IsPostBack and AutoPostBack.
10) Explain ValidationGroup.
Q. 5 Answer the following (Any two) ..... 14
a) How to use TreeView control in ASP.Net explain with example.
b) Explain application folders used in ASP.NET.
c) Design web page for student information and write code to insert, update and delete student record.

## B.C.A. (Semester - VI) (Old) (CBCS) Examination: Oct/Nov-2022 RECENT TRENDS IN IT

Day \& Date: Monday, 06-02-2023
Max. Marks: 70
Time: 03:00 PM To 05:30 PM
Instructions:1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Choose the correct alternative from the following options.

1) $A$ $\qquad$ is an approach to Information Technology management that is concerned with viewing and treating a complex computer system as a single entity.
a) Holistic
b) Manual
c) Machine
d) System
2) cloud allows the accessibility of systems and services within a specific an organization.
a) Distributed
b) Private
c) Community
d) Hybrid
3) Virtualization management is primarily done from a $\qquad$ application.
a) Virtual Machine Manager
b) Vital Management
c) Control Management
d) Base Management
4) $\qquad$ is the study and practice of designing, manufacturing and disposing of computers resource efficiently and effectively with minimal or no impact on the environment.
a) Environmental
b) Computer
c) Green IT
d) Traditional
5) The $\qquad$ is the network of devices, vehicles, and home appliances that contain electronics, software, actuators, and connectivity which allows these things to connect, interact and exchange data.
a) Internet of things
b) Information of things
c) Important of things
d) Impact of things
6) is an application of artificial intelligence (AI) that provides systems the ability to automatically learn and improve from experience without being explicitly programmed.
a) Machine learning
b) Language learning
c) Device learning
d) Computer learning
7) $\qquad$ is a paradigm of distributed computing to provide the customers ondemand, utility based computing service.
a) Remote Invocation
b) Cloud Computing
c) Remote Sensing
d) Sound Computing
8) Which of the following is component of Hadoop?
a) HDFS
b) YARN
c) Map Reduce
d) All of the above
9) Hadoop works in $\qquad$ .
a) Master-Slave fashion
b) Master-Save fashion
c) Master-Saving fashion
d) Master-Seeing fashion
10) Which of the following is not a type of cloud Computing?
a) Private
b) Public
c) Hybrid
d) Protected
11) MapReduce is general-purpose computing model and runtime system for distributed data analytics.
a) True
b) False
12) Software virtualization abstracts networking hardware and software into a virtual network that can be managed.
a) True
b) False
13) Cloud services are of the form of utility computing that is the Cloud user uses these services pay-as-you-go model.
a) True
b) False
14) SaaS stand for Software as a Service
a) True
$\qquad$
b) False
Q. 2 A) Answer the following questions. (Any two) 08
15) What is Network virtualization?
16) Explain the structure of machine learning in detail.
17) Write on: Big Data
B) Answer the following questions. (Any Two) 06
18) Explain Burden and opportunity of Green IT.
19) Explain Sever virtualization and storage virtualization in detail.
20) What is Hadoop?
Q. 3 A) Answer the following questions. (Any Two) ..... 08
21) Explain the holistic approach of green IT.
22) What is loT? Explain its advantages and disadvantages.
23) Explain Life cycle of a Device or Hardware in detail.
B) Answer the following questions. (Any One) 06
24) Explain the cloud deployment model in detail.
25) What is hypervisor? Explain KVM and Xen in detail.
Q. 4 A) Answer the following questions. (Any Two) 10
26) Explain challenges of could computing.
27) Explain the Data Science Process in detail.
28) Explain the Hadoop Vs Traditional Systems in detail.
B) Answer the following questions. (Any One) 04
29) Explain the Architecture of IoT.
30) What is role of a data scientist?
Q. 5 Answer the following questions. (Any Two)
31) What are various applications of loT?
32) What is Cloud computing? Explain its essential characteristics.
33) Explain the Hadoop Master-Slave Architecture in detail.

## B.C.A. (Semester - VI) (Old) (CBCS) Examination: Oct/Nov-2022

 CRYPTOGRAPHY AND NETWORK SECURITYDay \& Date: Tuesday, 07-02-2023
Max. Marks: 70
Time: 03:00 PM To 05:30 PM
Instructions:1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Choose the correct alternative from the following options.

1) In Cryptography, when text is treated at the bit level, each character is replaced by $\qquad$ .
a) 4 Bites
b) 8 Bites
c) 6 Bites
d) 10 Bites
2) In Cryptography, the original message, before being transformed, is called
a) Simple text
b) Plain text
c) Empty text
d) Filled text
3) The full form of SSL is $\qquad$ .
a) Serial Session Layer
b) Secure Socket Layer
c) Session Secure Layer
d) Series Socket Layer
4) The process of transforming plain text to unreadable text $\qquad$ .
a) Decryption
b) Encryption
c) Network Security
d) Information Hiding
5) We use Cryptography term to transforming messages to make them secure and immune to $\qquad$ .
a) Change
b) Idle
c) Attacks
d) Defend
6) In symmetric key cryptography, the key used by the sender and the receiver is $\qquad$ -
a) shared
b) different
c) two keys are used
d) none of these
7) An algorithm used in encryption is referred to as cipher $\qquad$ .
a) True
b) False
8) The keys used in cryptography are $\qquad$ .
a) secret key
b) private key
c) public key
d) All of above
9) The Advanced Encryption Standard (AES), has three different configurations with respect to the number of rounds and $\qquad$ .
a) Data size
b) Round size
c) Key size
d) Encryption size
10) DES stands for $\qquad$ .
a) Data Encryption Standard
b) Data Encryption Subscription
c) Data Encryption Solutions
d) Data Encryption Slots
11) The digest created by a hash function is normally called a $\qquad$ .
a) Modification detection code
b) Modify authentication connection
c) Message authentication control
d) Message authentication cipher
12) ____ is not a block cipher.
a) $D E S$
b) IDEA
c) AES
d) $R S A$
13) In monoalphabetic substitution, the relationship between a symbol in the plaintext to a symbol in the cipher text is always $\qquad$ .
a) one-to-many
b) one-to-one
c) many-to-one
d) many-to-many
14) Digital signature cannot provide $\qquad$ for the message.
a) integrity
b) confidentiality
c) nonrepudiation
d) authentication

## Q. 2 A) Answer the following questions. (Any two)

1) What is Cryptography?
2) Write the Two security Protocols.
3) What is mean by Email?
4) What is Primality Testing?
5) Define the term Attacks.
B) Write Notes on. (Any Two) 06
6) Explain Attacks on Digital Signature.
7) Explain the Asymmetric Key Cryptography.
8) Security Goal.
Q. 3 A) Answer the following questions. (Any Two) 08
9) Explain the SSL Message Formats.
10) Write the use of Stream Ciphers.
11) Explain RSA Cryptosystem.
B) Answer the following questions. (Any One) 06
12) What is meant by cipher? Explain the types of cipher.
13) What is mean by SSL? Explain SSL Architecture.
Q. 4 A) Answer the following questions. (Any Two)
14) Explain services provided by IPSec.
15) What is Additive Cipher? Use the additive cipher with key $=15$ to encrypt the message "hello".
16) Explain the Structure and Analysis of DES.
B) Answer the following questions. (Any One)
17) Explain the Substitution Ciphers.
18) Explain the security attacks.
Q. 5 Answer the following questions. (Any Two)
a) Explain the PGP and S/MIME in detail.
b) Explain the Process and Services of the Digital Signature in detail.
c) Explain the security services and mechanisms in detail.

## B.C.A. (Semester - VI) (Old) (CBCS) Examination: Oct/Nov-2022 SYSTEM PROGRAMMING

Day \& Date: Tuesday, 07-02-2023
Max. Marks: 70
Time: 03:00 PM To 05:30 PM
Instructions:1) All questions are compulsory.
2) Figures to the right indicate full marks.
Q. 1 Choose the correct alternative from the following options.

1) Assembler is a machine dependent, because of $\qquad$ .
a) Argument list array(ALA)
b) Macro definition table (MDT)
c) Pseudo operation tablet (POT)
d) Mnemonics operation table (MOT)
2) Macro processor is an inbuilt function of $\qquad$ .
a) Assembler
b) Loader
c) Linker
d) Editor
3) A processor is $\qquad$ .
a) a sequence of instructions
b) the device where information is stored
c) a device that performs a sequence of operations specified by instructions in memory
d) none of these
4) A computer program that converts the whole program into machine language at a single time is called $\qquad$ .
a) Complier
b) Translator
c) Interpreter
d) All of the above
5) The $\qquad$ device can understand the difference data and programs.
a) ALU
b) Registers
c) Motherboard
d) Microprocessor
6) Compilers can check $\qquad$ .
a) Syntax Error
b) Logical Error
c) Both Logical and Syntax Error
d) None of these
7) In an absolute loading scheme $\qquad$ loader function is accomplished by programmer.
a) Linking
b) Allocation
c) Both (a) and (b)
d) Reallocation
8) A compiler program written in a high level language is called $\qquad$ .
a) object program
b) source program
c) machine language program
d) none of these
9) Advantage of using assembly language rather than machine language is $\qquad$ .
a) it is mneomonic and easy to read
b) addresses any symbolic not absolute
c) introduction of data to program is easier
d) all of these
10) $\qquad$ of the following is a phase of a compilation process.
a) Lexical analysis
b) Code generation
c) Both (a) and (b)
d) None of these
11) A loader is a program that $\qquad$ .
a) Program that places programs into memory and prepares them for execution.
b) Program that automates the translation of assembly language into machine language.
c) Program that accepts a program written in a high level language and produces as object program.
d) None of these
12) A system program that setup an executable program in main memory ready for execution is called as $\qquad$ .
a) loader
b) linker
c) Assembler
d) load and go
13) A simple two-pass assembler does which of the following in the first pass?
a) It allocates space for the literals
b) It computes the total length of the program
c) It builds the symbol table for the symbols and their values
d) All of these
14) The computer language generally translated to pseudocode.
a) Pascal
b) Machine
c) Fortran
d) Assembly
Q. 2 A) Answer the following questions. (Any Four) 08
15) Give the name of general purpose register.
16) What are the features of macro?
17) Define loader and binder.
18) Why symbol table is used?
19) What are the problems in designing of assembler?
B) Write Notes on (Any Two)
20) What are the advantages of radix sort?
21) Explain dynamic binders.
22) State difference between compiler and interpreter.
Q. 3 A) Answer the following questions. (Any Two)
23) Explain the general structure of assembly language program.
24) State difference between bottom-up and top-down parser.
25) Explain the code optimization phase?
B) Answer the following questions. (Any One) 06
26) Explain different parameter passing mechanisms in macro-processor.
27) Explain shell sort with example.
Q. 4 A) Answer the following questions. (Any Two) 10
28) Explain binary search with example.
29) Explain components of programming system.
30) What is assembler? Explain general design procedure of assembler.
B) Answer the following questions. (Any One)
31) Explain absolute loader.
32) Explain the conditional macro expansion the suitable example.
Q. 5 Answer the following questions. (Any Two)
33) What is compiler? Explain phase of complier.
34) What is sorting? Give comparison of sorting.
35) What is macro? Explain types of macro.

# B.C.A. (Semester - III) (CBCS) Examination: Oct/Nov-2022 Operations Research 

Day \& Date: Wednesday, 01-03-2023
Max. Marks: 70
Time: 09:00 AM To 11:30 AM
Instructions: 1) All questions are compulsory.
2) Figures to the right indicate full marks.
3) Draw neat diagrams and give equations wherever necessary.
Q. 1 Multiple Choice questions. (2 marks each) 14

1) Feasible solution satisfies $\qquad$ .
a) Only constraint
b) Only non-negative restriction
c) Both a and b
d) Both $a, b$ and optimum solution
2) When total supply is equal to total demand in a transportation problem, the problem is said to be $\qquad$ .
a) balanced
b) unbalanced
c) degenerate
d) non-degenerate
3) One disadvantage of using North-West Corner rule to find initial solution to the transportation problem is that $\qquad$ .
a) it is complicated to use
b) it does not take into account cost of transportation
c) it leads to a degenerate initial solution
d) All of these
4) The solution to a transportation problem with ' $m$ ' rows (supplies) \& ' $n$ ' columns (destination) is feasible if number of positive allocations are $\qquad$
a) $m+n$
b) $m * n$
c) $m+n-1$
d) $m+n+1$
5) The application of assignment problems is to obtain $\qquad$ .
a) only minimum cost
b) minimum cost or minimum cost
c) assign the jobs
d) none of these
6) Operations research is the application of $\qquad$ methods to arrive at the optimal Solutions to the problems.
a) economical
b) scientific
c) a and b both
d) artistic
7) Hungarian Method is used to solve $\qquad$ .
a) A transportation problem
b) A travelling salesman problem
c) A LP problem
d) Both a \& b
Q. 2 A) Answer the following (Any Four) 08
8) Define objective function with example.
9) State the maximization in assignment problem.
10) Write rules for Northwest corner method.
11) Write the formula to find opportunity cost $d_{i j}$ in MODI Method.
12) What are the basic and non-basic cells?
B) Answer the following (Any Two)
13) Describe the unbalanced assignment problem.
14) Write the following Linear Programing Problem in standard form, Maximize $Z=55 x+29 y$ subject to

$$
\begin{gathered}
3 x+7 y \leq 10 \\
4 x+y \geq 15 \\
y \leq 4 \\
x, y \geq 0
\end{gathered}
$$

3) Write the scopes of operations research.

## Q. 3 A) Answer the following (Any Two)

1) Distinguish between assignment problem and Transportation problem.
2) Solve the assignment problem to minimize the cost.

3) Write a tabular form of Transportation problem with 4 factories and 4 warehouses.
B) Answer the following questions. (Any One)
4) Define
5) Feasible solution \&
6) Decision variable of LPP.

Write the tabular form of TP with 3 factories \& 4 warehouses.
2) Solve the following AP for maximize the profit by Hungarian method.
A
B
C

D | P | Q | R | S |
| :---: | :---: | :---: | :---: |
| D |  |  |  |\(\left[\begin{array}{ccc}35 \& 27 \& 28 <br>

28 \& 34 \& 29 <br>
35 \& 24 \& 32 <br>
24 \& 32 \& 25 <br>
\hline 23 \& 32\end{array}\right]\)
Q. 4 A) Answer the following questions. (Any Two)

1) Solve the following $A P$ to minimize the cost.
$\left.\begin{array}{l} \\ \mathrm{P} \\ \mathrm{Q} \\ \mathrm{R} \\ \mathrm{S}\end{array} \begin{array}{rccc}\mathrm{A} & \mathrm{B} & \mathrm{C} & \mathrm{D} \\ \mathrm{S} & 15 & 13 & 14 \\ 11 & 12 & 15 & 13 \\ 15 & 12 & 10 & 11 \\ 15 & 17 & 14 & 16\end{array}\right]$
2) Find IBFS of following TP by matrix minima method.

|  | $W_{1}$ | $W_{2}$ | $W_{3}$ | $W_{4}$ | $a_{i}$ |
| :---: | :---: | :---: | :---: | :---: | :---: |
| $\mathrm{~F}_{1}$ | 190 | 300 | 500 | 100 | 70 |
| $\mathrm{~F}_{2}$ | 700 | 300 | 400 | 600 | 90 |
| $\mathrm{~F}_{3}$ | 400 | 100 | 600 | 200 | 180 |
| $\mathrm{~b}_{\mathrm{j}}$ | 50 | 80 | 70 | 140 |  |

3) Define canonical form of LPP. Give any example.
B) Answer the following questions. (Any One)
4) Find IBPS of following TP by north west corner method.

|  | $W_{1}$ | $W_{2}$ | $W_{3}$ | $W_{4}$ | $\mathrm{a}_{\mathrm{i}}$ |
| :---: | :---: | :---: | :---: | :---: | :---: |
| $\mathrm{F}_{1}$ | 30 | 25 | 40 | 20 | 100 |
| $\mathrm{~F}_{2}$ | 20 | 26 | 35 | 40 | 250 |
| $\mathrm{~F}_{3}$ | 31 | 33 | 37 | 30 | 150 |
| $\mathrm{~b}_{\mathrm{j}}$ | 90 | 160 | 200 | 50 | 500 |

2) Explain matrix minima method (least cost method) to find IBFS of TP.

## Q. 5 Answer the following (Any Two)

a) Solve the following Linear Programing Problem by graphical method.

Maximize $Z=3 x+4 y$ subject to,
$5 x+4 y \leq 200$
$3 x+5 y \leq 150$
$5 x+4 y \geq 100$
$8 x+4 y \geq 80$
And $x, y \geq 0$
b) Describe MODI's Method.
c) Explain the test for optimality using Hungarian method.

B.C.A. (Semester - II) (New) (First Year) Examination: Oct/Nov-2022 DEMOCRACY, ELECTIONS AND GOOD GOVERNANCE
Day \& Date: Sunday, 12-02-2023
Max. Marks: 50
Time: 12:00 PM to 02:00 PM
सूचना : 1) सर्व प्रश्न अनिवार्य आहेत.
2) उजवीकडील अंक गुण दर्शवतात.

## Answer

प्र. 1 योग्य पर्याय निवडा.

1. महाराष्ट्रातील स्थानिक स्वराज्य संस्थांमध्ये महिलांसाठी किती जागा राखीव आहेत?
अ) $50 \%$
ब) $33 \%$
क) $25 \%$
ड) $70 \%$

2. -- हे भारताचे सध्याचे मुख्य निवडणूक आयुक्त आहेत.
अ) सुनिल अरोरा
ब) तामिळ सेल्वम
क) के. उन्नीकृष्णन
ड) रामनाथ कोविंद

3. भारतीय राज्यघटनेत मूलभूत हक्कांचा समावेश --- भागात करण्यात आला आहे.
अ) तिसन्या
ब) घटनादुरूस्ती
क) त्याहत्तराव्या
ड) सारांश

4. अप्रत्यक्ष लोकशाहीला —— लोकशाही असेही म्हटले जाते.
अ) वाईट
ब) प्रातिनिधिक
क) नकारात्मक
ड) सकारात्मक

5. जर भारतात कोणी व्यक्ती किंवा राज्यसंस्थेने मूलभूत हक्कांवर बंधने आणली तर नागरिकांना ——— दाद मागता येते.
अ) सर्वोच्च आणि उच्च न्यायालय
ब) संसदेत
क) सरकारकडे
ड) ग्रामसभेत

6. सामाजिक लोकशाहीचे उद्दिष्ट -—— प्रोत्साहन देणे होय.
अ) सामाजिक न्यायाला
ब) नोकरशाहीला
क) श्रीमंत लोकांना
ड) सुशिक्षितांना

7. भारतीय राज्यघटनेत किती मूलभूत अधिकारांचा समावेश करण्यात आला आहे.
अ) सहा
ब) एक
क) दहा
ड) बारा

8. आदिवासी रोजंदारीवरील कामगार, मच्छिमार, बांधकाम मजूर यांचा समावेश भारताच्या --- समूहांमध्ये होतो.
अ) पुढारलेल्या
ब) वंचित
क) सत्ताधारी
ड) यापैकी सर्व

9. प्रातिनिधिक लोकशाहीत -- प्रक्रिया शासन आणि जनतेला जोडते.
अ) भ्रष्टाचार
ब) हुकूमशाही
क) निवडणूक
ड) अर्थशास्त्र

10. प्रत्यक्ष लोकशाही इसवी सन पूर्व तिसन्या शतकात -- येथे सुरू झाली.
अ) भारत
ब) इंग्लंड
क) अथेन्स
ड) अमेरिकेची संयुक्त संस्थाने

11. खालीलपैकी कोणता अधिकार भारतीय राज्यघटनेमधील मूलभूत अधिकार आहे?
अ) शिक्षणाचा अधिकार
ब) संप करण्याचा अधिकार
क) संपत्तीचा अधिकार
ड) क्रांती करण्याचा अधिकार

12. --- ही तळपातळीवरील संसदेची छोटी प्रतिकृती आहे.
अ) लोकसभा
ब) विधानपरिषद
क) ग्रामसभा
ड) राज्यसभा

13. सुशासनासाठी -- हे आवश्यक आहे.
अ) केंद्रीकरण
ब) खाजगीकरण
क) लोकसहभाग
ड) दंगा नियंत्रक पोलीस

14. भारतीय मतदार -— सदस्य प्रत्यक्षपणे निवडतात.
अ) राज्यसभेचे
ब) लोकसभेचे
क) विधान परिषदेचे
ड) निवडणूक आयोगाचे

15.73 वी आणि 74 वी घटना दुरूस्ती -- सरकारशी संबंधित आहेत.
अ) केंद्र
ब) राष्ट्रीय
क) राज्य
ड) स्थानिक

15. लोकशाहीला घटनात्मक शासन असेही म्हटले जाते, याचा अर्थ --- राज्य असा होतो.
अ) शक्तीचे
ब) कायद्याचे
क) सत्ताधारी शक्तीच्या लहरीप्रमाणे
ड) हुकूमशहाचे

16. सार्वजनिक उत्तरदायित्व म्हणजे प्रातिनिधीने लोकांना -- असणे होय.
अ) विरोधी
ब) बेजबाबदार
क) जबाबदार
ड) यापैकी सर्व

17. स्वातंत्र्य, समता आणि बंधुता ही --- लोकशाहीची मुख्य मूल्ये आहेत.
अ) जुन्या
ब) ग्रीक
क) सामाजिक
ड) परदेशी

18. ज्या राजकीय प्रक्रियेद्वारे केंद्र सरकारकडून स्थानिक सरकारकडे प्रशासकीय अधिकार आणि जबाबदान्या हस्तांतरित केल्या जातात त्याला ——— असे म्हणतात.
अ) विकेंद्रिकरण
ब) केंद्रीकरण
क) हुकूमशाही
ड) हस्तक्षेप

19. राजकारणाने गुन्हेगारीकरण हे भारतीय लोकशाहीपुढील मुख्य ——— आहे.
अ) गरज
ब) आव्हान
क) पात्रता
ड) देणगी

20. भारतात राजकीय सहभागाच्या संधी ——— मर्यादित असतात.
अ) महिलांना
ब) नेत्यांना
क) श्रीमंत लोकांना
ड) यापैकी नाही

21. लोकसभेत ——— सदस्य आहेत आणि ते प्रत्यक्ष पध्दतीने निवडले जातात.
अ) 555
ब) 250
क) 288
ड) 543

22. सोलापूर शहर हे ——— कार्यक्षेत्रात येते.
अ) महानगरपालिकेच्या
ब) ग्रामपंचायतीच्या
क) नगरपरिषदेच्या
ड) पंचायत समितीच्या

23. भारतातील स्थानिक स्वराज्य संस्थांमधील एक तृतीयांश जागा --- राखीव असतात.
अ) महिलांसाठी
ब) मच्छिमारांसाठी
क) स्थलांतरित मजुरांसाठी
ड) बांधकाम मजुरांसाठी

24. महाराष्ट्र विधानसभेत --- सदस्य निवडून येतात.
अ) 75
ब) 200
क) 288
ड) 388

25. भारतातील शासन पध्दतीमध्ये ——— स्तर आहेत.
अ) चार
ब) तीन
क) दोन
ड) पाच

26. उत्तरदायित्व आणि पारदर्शकता ही दोन तत्वे --- याच्याशी संबंधित आहेत.
अ) वाईट शासन
ब) जुने शासन
क) झुंडशाही
ड) सुशासन

27. भारतीय नागरिकांना माहितीच्या अधिकाराद्वारे ——— माहिती मागविता येते.
अ) खाजगी कंपन्यांकडून
ब) सरकारी अधिकान्यांकडून
क) बहुराष्ट्रीय कंपन्यांकडून
ड) यापैकी सर्व

28. शिक्षणाच्या अधिकाराद्वारे राजसंस्थेने —— या वयोगटातील बालकांना शाळेत नाव नोंदविले आहे याची खात्री करून घेणे आवश्यक बनले आहे.
अ) 6 ते 14
ब) 1 ते 5
क) 15 ते 20
ड) यापैकी नाही
