## **Solapur University, Solapur Hon'ble Vice – Chancellor's Feelings**

**Friends,**

It gives me immense pleasure to present 13<sup>th</sup> Annual Report of Solapur University, Solapur to you. It encompasses the graphical presentation of physical, academic, infrastructure and overall development of the university during the academic year 2016-17.

Solapur University was established on 1<sup>st</sup> August, 2004 with the primary objective of overall development of the Solapur District. It specially focuses on teaching, research, extension and services. As a Vice-Chancellor, with my colleague of the university, I have always been tried for the upgradation and development of the university, students, researchers, teachers and employees.

This academic year was very historical and significant for the university. It's an honor for the Solapur University that it has signed an official Memorandum of Understanding (MoU) with University of Turku, Finland, one of the highest ranked institutes in the world. The objective of this MoU is purely an academic exchange between two universities and to start the 'Centre for Foresight Studies' in Solapur University with an innovative academic programme in Foresight Studies. Indus Foundation, a world renowned agency working in the field of higher education, has honoured Solapur University with 'Award for Education Technology' for its contribution of maximum use of technology in its administration to simplify its official work. The university has another feather in its cap that Govt. of Maharashtra has recognized as the 'Best NSS Unit University' at state level.

As per the Maharashtra Public University Act – 2016, the results of Solapur University are declared in time comparatively to other universities in the state. The question papers are circulated online. The degree certificates of the students are printed with the advanced ten levels of security marks such as D-Matting, QR Code, Gold Foil, Embossing, Tear Resistant, waterproof with A-4 Size Teslin paper. Solapur University is placed at a unique level in the state of Maharashtra. Interestingly enough, Solapur University has made available the colour printed degree certificate through

their login for those who did not attend the convocation ceremony of the University. It's really proud for the university that delegations from other universities are visiting to map and replicate the innovative activities of the Solapur University.

I wish your kind cooperation in this academic endeavor being done by Solapur University and I also wish that our university shall achieve maximum credentials of academic and physical growth, so that each student, teacher and researcher shall be committed to the larger interest of the society. It will decentralize the education and surely, Solapur University could be a role model for it.

Thank You,

**Dr. N.N. Maldar**  
**Vice-Chancellor, Solapur University, Solapur.**
