## Policy to Nurture Academic Excellence-Merit Scholarships

### Introduction

The PAH Solapur University has decided to introduce a reward system for girl students showing a high level of Merit during their academic program at PAH Solapur University. This reward system is in addition to the awards conferred during every year. It is aimed at bringing in an academic rigor among students and keeps them focused on their academic track.

This policy document details the various Scholarships that will be bestowed upon the students during their academic program and the framework to implement and disburse the Scholarship.

There will be three types of rewards for the students:

- i. Muli Shikva Samaj Ghadva
- ii. Earn and Learn
- iii. Departmental Research Fellowship
- iv. Sports Scholarship

#### **i. Muli Shikva Samaj Ghadva:**

This consists of the Scholarships that will be given to girl students who are overall semester toppers of their batch and subject toppers in their class. The batch toppers of every class at senior and junior level during an academic year will be given a cash incentive.

#### **ii. Earn and Learn:**

The main objective of the scheme is to develop a student as a multifaceted personality with academic excellence and a commitment to an egalitarian society. India lives in her villages and to bridge the gap between rural Bharat and urban India, this scheme is basically undertaken for the benefit of students coming from the rural areas, who are economically backward, intelligent, and meritorious but cannot afford higher education, needy and financially hard pressed. It inculcates in the student the idea that no work is big or small and develops a work culture with the right aptitude. The list is created every semester for a program. This is a vision of keeping our youth gainfully employed as well as to contribute from civil society. This is a paradigm shift in the way we see higher education. This will make higher education accessible and available to the poor, meritorious and the marginalized.

### iii. Departmental Research Fellowship:

In view of the recent trends, thrust and emerging areas being introduced in research and considering the fact that the major number of University Students having mostly rural background and also due to limited access to the facilities at their disposal, it is observed that the University Students are denied access to facilities of upgrading their academic qualifications. It is also difficult to qualify themselves for the award of various scholarships / fellowships on national and state level which further tends to eliminate them from competition for good academic positions. It has therefore been decided to introduce a scheme to be known as "Departmental Research Fellowship".

A candidate having at least 55% marks at M.A. /M.Sc. / M.Com. Degree of the PAHSUS University is eligible to apply.
