The Expert Committee had evaluated the presentations in terms of current completeness of the work, novelty of the approach, degree of interaction with potential industrial partners, availability of expertise in team members to take the project to completion in a year's time and potential market value and volume in near as well as long term future.

The Committee has recommended the following project, in the first phase, for funding for technology developments in Solapur University, Solapur through the funds already released to the University under this component of RUSA .

1. Title of Project:- Flexible gas sensor for detection of toxic gases

Name of PI:- Dr. V. B. Patil

Sanctioned Amount:- Rs. 15 Lakhs.

The sanctioned amount can be used in general for

- (i) purchase of critical equipments (60%),
- (ii) consumables and contingency and travel(20%) and
- (iii) manpower(20%).

However Convener & team shall have flexibility to utilize the given fund for any other component which may be necessary for successful execution of the project.

The purchase of equipment should follow the Purchase Committee procedures of the University keeping in mind the RUSA guidelines.
