MEMORANDUM OF UNDERSTANDING (MoU)

BETWEEN

SOLAPUR UNIVERSITY, SOLAPUR, MAHARASHTRA, INDIA

AND

**NATIONAL CHEMICAL LABORATORY (NCL), PUNE,
MAHARSHTRA, INDIA**

The Memorandum of Understanding (MoU) is made and entered on the 06th day of Dec., 2018 (“Effective Date”) and agreed upon to establish co-operation and collaboration in academic and research between

Solapur University, an educational institute, with its registered office at Solapur Pune National Highway, Kegaon, Solapur 413 255, Maharashtra, India (hereinafter referred to as ‘SUS’ which expression shall, unless repugnant to the context or meaning thereof, mean and include its successors, and permitted assigns) of the one part.

And

Council of Scientific and Industrial Research (CSIR), a society registered under the Societies Registration Act (XXI of 1860), having its registered office at Anusandhan Bhavan, 2, Rafi Marg, New Delhi 110001 through its constituent laboratory CSIR-National Chemical Laboratory (NCL) located at Dr. Homi Bhabha Road, Pune-411008, India (hereinafter called ‘CSIR-NCL’ which expression shall where the context so admits include its successors and permitted assigns) of the other part,

Both hereafter referred to as the “Parties” collectively or “Party” individually.

Solapur University, Solapur formerly was Post-graduation sub-centre of the Shivaji University, Kolhapur and inaugurated in 2004 by Mr. Sushilkumar Shinde,

is a premier institution of higher education and research in western India. The university is committed to meet the educational, social, cultural and economic needs of the region and is dedicated to promote and foster a culture of high quality teaching, learning and research.

National Chemical Laboratory (CSIR-NCL), Pune, established in 1950, is a constituent laboratory of Council of Scientific and Industrial Research (CSIR). CSIR-NCL is a science and knowledge based research, development and consulting organization. It is internationally known for its excellence in scientific research in chemistry and chemical engineering as well as for its outstanding track record of industrial research involving partnerships with industry from concept to commercialization.

The two parties recognize human resource development and institutional capacity building as the basis of mutually beneficial co-operative programme. This memorandum is established in year of 2018 as per the interest of both the institutions.

ARTICLE I- OBJECTIVES OF THE PROGRAMME

The objectives of programme are-

- To provide opportunities for professional education for teaching staff members of SUS and CSIR-NCL, promote the institutional linkage between SUS and CSIR-NCL and to explore other avenues for possible purposeful collaboration.
- To build and maintain a balance portfolio of scientific activities as well as R&D programs to enable and to fulfil the demands of its stakeholders, present and future.
- To contribute to the creation of high quality research with competencies in the area of chemical, material, biological and engineering sciences.

ARTICLE II- SCOPE OF THE PROGRAMME

This programme plans to provide collaborative co-operation through

1. Collaborative research programme in field of interest, SUS and CSIR-NCL will jointly identify the specific field of interest and conduct research of mutual interest and benefit.
2. Student Exchange Programme-exchange programme for SUS and CSIR-NCL students will be explored and conducted accordingly for beneficial of both parties.
3. Faculty Exchange Programme- exchange programme for SUS and CSIR-NCL faculty will be explored with mutual beneficial.
4. Any other form of co-operation that may be agreed between SUS and CSIR-NCL.

ARTICLE III- DURATION OF THE PROGRAMME

This MoU shall enter into effect upon the date of signature by the Parties. It shall remain in effect for a period of five (5) years from the Effective Date. If this MoU is to be terminated without causes, a three month prior notice should be sent by either of the parties as applicable. This MoU may be renewed by consent of both the institutions.

ARTICLE IV- SPECIAL PROVISION

1. Both institutions shall exchange the useful information and report the progress on each other educational, research based and such other activities.
2. Both institutions shall do their utmost to ensure the smooth and efficient implementation of the programme.
3. Best efforts shall be taken by both to provide necessary information for mutual consultation whenever requested.
4. Each Party shall pay its own costs and expenses incurred in connection with this MoU.

5. The Parties will not be financially liable to each other for the performance of the agreement and also shall hold each other unconditionally harmless from any possible claims brought by Third Parties against either Party in connection with the performance of this Agreement.
6. The provision of samples or specimens by either party in connection with this MOU will take place without any guarantees or assurances of specific properties. If assurances of any specific properties are required then these must be explicitly stated in a written statement. Neither party will bear any liability for products supplied in connection with the research work
7. Amendment to this MoU shall be made in written form and mutually agreed.
8. Day to day implementation of this agreement will be coordinated by **Prof. R. B. Bhosale or any other team member** of SUS and **Dr. P. P. Wadgaonkar or any other team member** of CSIR-NCL.
9. All disputes arising during implementation of this programme shall be settled through mutual negotiation.
10. Both the institutions will maintain fruitful communication in order to ensure effective implementation of the programme.

This MoU is prepared in two identical copies; each institute will hold the original copy duly signed by the Vice-chancellor of SUS and the Director of CSIR-NCL.
