## REPORT ON WEBINAR-23-07-2020

With the blessings of PAH Solapur university, Solapur, having constant encouragements of our respected Vice Chancellor Dr. Mrunalini Fadanavis, Pro Vice Chancellor Dr. D. N. Mishra, Registrar Dr. Vikas Ghute, I/C Director, School of Technology Dr. A.S. Lawand, a WEBINAR was conducted in order to elaborate the scope and carrier opportunities of Integrated M.Tech. in Cosmetic Technology with regards to faculties and students. The School of Technology hosted the webinar on the following schedule and the topic:

### **Topic: Carrier and Opportunities in Cosmetic Technology**

Date: 23<sup>rd</sup> July, 2020

Resource person:

- 1) Dr. Smita Chakote, Prof. and HOD, Dept. of Skin, MIMSR Medical College, Latur
- 2) Dr. Nilesh Gaikwad, Senior Scientist NRCP, Solapur

Time: 12 PM to 1 PM

### **About the speaker:**

- 1) Dr. Smita Chakote completed her MBBS, MD from Jawaharlal Nehru Medical College Belagavi. She has been awarded by B R Gokhale Gold medal. She perceived a LASER TRAINING in THAILAND. Smita mam is a eminent speaker at various national, international conferences of cosmetology, dermatology. She has written two books, KNOW YOUR SKIN LOOK YOUNG FOREVER, NON INVASIVE ART OF BODY SCULPTING. She is writing a book -100 LIVES CHANGED.

Smita mam has special interest in body shaping, weight reduction, pimple treatment, pemphigus vulgaris, motivational speech and in enriching of life. She also has her YouTube channel and her recent video on pimple got 80 K views.

2) Dr. Nilesh N. Gaikwad is presently working as Senior Scientist (Agril. Structures and Process Engg.) at ICAR- National Research Centre on Pomegranate, Solapur, Maharashtra. He completed his B.Tech (Agril. Engg.) from MPKV Rahuri, Post-graduation and Ph.D. in Agril. Engg. (Agril. Processing & structures) from Indian Agricultural Research Institute, New Delhi. He has started his professional career as Scientist from ICAR-Central Institute of Post Harvest Engineering and Technology, Ludhiana, Punjab in yr. 2009. His present research interest includes post-harvest management value addition of pomegranate for food, pharmaceutical and cosmetics industry. He has completed five ICAR funded and two externally funded projects.

He has published 21 research papers in national and international journals, edited eight books, six technical bulletins and authored 6 book chapters. He has also filed two patents. He has designed, developed and evaluated electronic weight grading machine for oranges, fish descaling machine, fish descaling hand tool, fish vending table cum storage unit and poultry dressing table.

#### **Description:**

During this webinar, Dr. Smita Chakote described how the cosmetics became the need of every person. She also shared her thoughts about how the cosmetics play a crucial role in personality development.

During this webinar, Dr. Nilesh N. Gaikwad shared his presentation including brief pharmacognostic information about seed, seed oil, peel, juice of pomegranate along with reported research study. He also included his projects like modified atmospheric packaging of pomegranate juice, RTS beverage, minimally processed arils, and pomegranate wine as lead innovator. He also shared an idea about utilization of pomegranate in different cosmetic products. He motivated the participants in the way to improve thinking skills about research.

**Program:** For this Webinar, registration link using Zoom ID and password was created. The link was circulated among students and faculties of Science. More than 774 participants both teaching Faculty Members and Students have participated in the webinar.

At the beginning, I/C Director, School of Technology Dr.A.S. Lawand, gave a welcome address to the participants. During this programme Anchoring was done by Assist. Prof. S.A. Ghorphade.

The introduction of guest is made by respected I/C Director, School of Technology Dr.A.S. Lawand and Assist. Prof. S.G. Pore, of Dr. Smita Chakote

mam and Dr. Nilesh Gaikwad sir respectively. Assist. Prof. G.B. Jagtap guided the participants for joining the webinar and their queries. Assist. Prof. C. G. Gardi assisted our team for the success of webinar.

After the presentation Assist. Prof. S.A. Ghorphade delivered the vote of thanks.

From the WEBINAR, the participants got the ideas of scope and opportunities of this course. They came to know about the tools to develop an innovative cosmetic using the different parts of Pomegranate. In addition they gained knowledge to generate research ideas.
