YEARLY STATUS REPORT - 2022-2023

Part A	
Data of the Institution	
1.Name of the Institution	**Punyashlok Ahilyadevi Holkar Solapur University, Solapur**
• Name of the Head of the institution	**Dr. Prakash Mahanwar**
• Designation	**Vice Chancellor**
• Does the institution function from its own campus?	**Yes**
• Phone no./Alternate phone no.	**02172744778**
• Mobile no	**7774043981**
• Registered e-mail	**vco@sus.ac.in**
• Alternate e-mail address	**iqac@sus.ac.in**
• City/Town	**Solapur**
• State/UT	**Maharashtra**
• Pin Code	**413 255**
2.Institutional status	
• University	**State**
• Type of Institution	**Co-education**
• Location	**Urban**
• Name of the IQAC Co-	**Dr. Gautam Kamble**

ordinator/Director	
• Phone no./Alternate phone no	**02172744771**
• Mobile	**9850248094**
• IQAC e-mail address	**iqac@sus.ac.in**
• Alternate Email address	**gskamble@sus.ac.in**
3.Website address (Web link of the AQAR (Previous Academic Year)	**http://www.sus.ac.in/**
4.Whether Academic Calendar prepared during the year?	**Yes**
• if yes, whether it is uploaded in the Institutional website Web link:	**https://www.sus.ac.in/uploads/naac/AQAR%202022%2023/PART-A/Academi-Calender-2022-23.pdf**

5.Accreditation Details

Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
Cycle 1	**B**	**2.62**	**2015**	**15/11/2015**	**14/11/2020**
Cycle 2	**B++**	**2.96**	**2022**	**25/01/2022**	**24/01/2027**

6.Date of Establishment of IQAC	**22/02/2023**

7.Provide the list of Special Status conferred by Central/ State Government- UGC/CSIR/DST/DBT/ICMR/TEQIP/World Bank/CPE of UGC etc.

Institution/ Department/Faculty	Scheme	Funding agency	Year of award with duration	Amount
Punyashlok Ahilyadevi Holkar Solapur University, Solapur	**Research and Developement**	**RGSTC**	**2022-23**	**3,85,000**
Punyashlok Ahilyadevi Holkar Solapur University, Solapur	**Capacity Building Program**	**MSFDA**	**2022-23**	**4,00,000**
Punyashlok Ahilyadevi Holkar Solapur University, Solapur	**University Chair**	**State Government**	**2022-23**	**6,00,00,000**

8.Whether composition of IQAC as per latest NAAC guidelines	**Yes**
• Upload latest notification of	**View File**

formation of IQAC	
9.No. of IQAC meetings held during the year	4
• The minutes of IQAC meeting and compliance to the decisions have been uploaded on the institutional website. (Please upload, minutes of meetings and action taken report)	**Yes**
• (Please upload, minutes of meetings and action taken report)	**View File**
10.Whether IQAC received funding from any of the funding agency to support its activities during the year?	**Yes**
• If yes, mention the amount	**4,00,000**

11.Significant contributions made by IQAC during the current year (maximum five bullets)

Webinar on NEP Implementation. Date 28/04/2023
Capacity Building Programme for Women. (MSFDA) Date 16/12/2023 to 20/12/2022, 17/04/2023 to 21/04/2023
FDP Skill Development. Date 09/01/2023 to 13/01/2023
04 Patents granted to the faculty members
Academic Bank of Credit Increased

12.Plan of action chalked out by the IQAC in the beginning of the Academic year towards Quality Enhancement and the outcome achieved by the end of the Academic year

Plan of Action	Achievements/Outcomes
Patents	**IQAC has encouraged and supported the faculty to file patents and as a result the 4 patents were granted to the faculty.**
NEP-2020 Implementation	**NEP implementation of Curricular Framework for Principle of Affiliated Colleges, Director of Schools Campus.**
Research Model competition	**The students were motivated for research & development.**
Academic and Administrative Audit	**AAA of 06 Schools on campus was conducted**

Capacity Building Programme for Women. (MSFDA)	Organized Capacity Building Programme for Women by Dr. Meena Kalele, Dr. Sampada Naseri, Dr. Shilpa Charankar, Dr. Ravikala Kamath, Dr. Vaishali Patil, Mr. Parag Kulkarni, Dr. Deepali Kale

13.Whether the AQAR was placed before statutory body?	Yes

- Name of the statutory body

Name	Date of meeting(s)
Management Council	22/02/2024

14.Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to Assess the functioning?	Yes

15.Whether institutional data submitted to AISHE

Year	Date of Submission
2022-23	14/02/2024

16.Multidisciplinary / interdisciplinary

With the student centric approach Punyashlok Ahilyadevi Holkar Solapur University Solapur, imparts knowledge to the students by giving quality education through its 11 schools and 27 departments which cater to the requirements of the students. Apart from this the university has focused its activities with a multidisciplinary/interdisciplinary approach. Keeping in mind the set norms of National Education Policy 2020, the university has made rigorous efforts for its implementation since 2022. It endeavours towards evolving flexible, choice based, skill and education.

To indorse multidisciplinary and interdisciplinary education the curricula for UG and PG courses is designed in such a way that they are augmented with elective courses for the students. The students are free to elect an open elective course of their choice and proceed with his education. For example, a student from science stream is free to select drama or music from Arts stream. Thus, is springs a platform for the student to pursue education in the field of his interest. Today we are abreast with technology and university is in tune with it. To gear up with the technology the university has come up with the introduction of add-on skill courses in its curricula.

The university also has to cater for the local needs of the people and hence university has started with 12 new skill-oriented courses in the academic year 2022-2023 with the total number of skill course going above 150. This is again a great achievement. The university encourages the entrepreneurial qualities amongst the students and is always ahead to support them through incubation centre of the university. Various departments and schools in the campus are determined to provide platform for advanced studies. With all such initiatives the university not only attract local student to the campus but at the same time it has successfully pooled out students at national and global level. The university has also taken steps to boost curricula for UG and PG courses by signing MoU's with national and international Institutes. This happens to be one of the prime aspects in attracting global talent to the university, with all multi and inter disciplinary approaches as per the requirement of NEP 2020

17. Academic bank of credits (ABC):

Academic Bank Credit forms a vital part of NEP 2020 and its aids to fulfil various student centric objectives such as to promote student-centric education, focus on learner-friendly teaching approaches, implement an inter-disciplinary approach, allow students to learn the best courses of their interest, enable students to learn at their own pace. Punyashlok Ahilyadevi Holkar Solapur University has introduced for Academic Bank of Credit (ABC) for its students. Major contribution of ABC is about providing transparency to the students and ensuring flexibility and mobility in respect of academic credit earned by them. Following are some of the key take aways of ABC in accordance with NEP 2020: -

- Credit transfer
- Deposition
- Accumulation
- Credit redemption.

These ensure the multiple entry and exit of the students for the curricula designed according to their choice. The whole work of ABC is monitored by a Nodal Officer appointed by the university and the same has been instructed to all affiliated colleges of the university. He plays a pivotal role in mentoring the students. With the perspective of all to get familiar with the ABC concept the university has taken measures to organise workshops, orientation program for principals, nodal officers, examination coordinators for ABC registration The University has registered 'Digi Locker 'and uploaded 1,15,016 certificates on ABC portal, while 23000 students registered for ABC.

18. Skill development:

The everchanging economic and industrial setup of the 21st century has noted an crucial demand of skilled human resource. Keeping in mind this demand, the Centre holds skill-oriented courses of the duration of six months to one year. The objectives of the Centre are not only limited to the production of skilled workers, but it also aims to inculcate an ability to develop their own business. Punyashlok Ahilyadevi Holkar Solapur University has a skill Development centre through which presently more than 150 skill-oriented courses are run in 8 different domains such as Paramedical, Allied Health Science, Commerce and Management, computer, Agriculture and other traditional courses. These courses cater to the local and global needs of the people. The objectives of SDC are as under

- To provide skill-oriented training along with traditional courses
- To provide skill-oriented employment opportunities and accordingly produce skilled human resource
- To establish the association between the University and industrial sector to attain mutual needs
- To support deprived, disadvantaged and women to become economically independent by providing skill-oriented teaching-learning experience
- To affiliate the registered institutions along with the affiliated colleges to realize the social responsibility of the University

The courses at the SDC are designed in such manner that they not only give boost to the hidden talents and skills of the students but also increase the employment prospects in them. In the last academic year, the skill development centre has come up with 12 new courses to ensure employability aspect within the students and also be in tune with the objectives of NEP2020

19. Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

India is a country with a huge cultural setup and almost 780 languages spoken as a survey conducted by People's Linguistic Survey of India. India stands in second position as far as the number of languages spoken. NEP 2020 projects an

educational system which unifies India's abundant linguistic culture and artistic legacy in the curriculum. To boost to the norms of NEP 2020 the university has come up with PG courses related to history, archaeology, Vedic mathematics, kautilyas Arthshastra as a part of economics subject, ancient Indian knowledge related to chemistry, to name a few.

The students are also made to understand the concepts of their subjects in the curricula in English as well as local language ie Marathi. This helps them to better understand the topic and get their doubts clarified. In support to this the question papers of open elective subjects are set in English as well as Marathi and students are free to opt the language of writing. The assessment work is done accordingly. This helps the students to score higher marks and increase their credit points.

The university has its own language department which run PG online and offline course. These languages are Hindi, Marathi, Urdu, Kannad, Sanskrit, Pali, Prakrut etc. These are all self-funded courses and the university takes the onus to manage their financial burden. There two courses Certificate Course in Pali, Spoken and Certificate Course in Communication Skills in Sanskrit Language are run by the University for the integration of Indian knowledge system in teaching Indian language and culture using online mode.

The university takes efforts to conserve and encourage Indian ancient traditional knowledge, Indian arts, culture and tradition by enriching the curricula adding courses and subjects related to Brahmi lipi, Prakrit Shilalekh, Yoga Dhyan in Prakrit, Bhagwati Aradhana, Certificate Course in Yoga, Course in Ashtang Yoga, Ayurved Parichay, Buddhist Philosophy, Buddhist Culture, Buddhist Sculpture. Add-on-courses for such Indian arts and culture are also imparted at the SDC in university. Moreover, to enhance the Indian Knowledge system the University follows the CBCS pattern and the open elective subjects are open for the students of all affiliated colleges.

20.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

Outcome based education forms the essence of NEP 2020. To achieve this objective the old curriculum is transformed into outcome-based subjects. This is modified from time to time with a view to nurture the competencies and employability of the students of the university departments. This OBE is bifurcated into 3 aspects such as Program Outcome (PO), Program Specific Outcome (PSO) and Course Outcome (CO). The information regarding the same is available on the website of the university and updated with the changes made from time to time. The students are well acquainted with it at the time of induction program which gives a clarity to the students regarding about the course which they are enrolled with and their achievement thereof at the completion of curricula. The performance of the student is assessed with a yardstick of target level performance. The course outcome and program outcome CO & PO are instrumental for continuous improvement in capabilities of the students by focusing on apt learning and teaching methodologies.

The CO course outcome helps to evaluate students' performance with respect to the abilities of the students. Further the PO program outcome accomplishment is based on the course outcome attainment to facilitate the same course-programme outcome mapping. The parameters for target level is either the level set by course coordinator or passing percentage trend for the respective course. The target level ensures continuous improvement in the student's performance level. A clear idea about the POs, PSOs and Cos is communicated to the students.

21.Distance education/online education:

Today online education has become the need of time. During the COVID-19 pandamaic when it was impossible to conduct physical classes, online mode of teaching was used rigorously for imparting education to the students. Use of Google products/apps, such as Google meet, Google classroom was used by most

of the faculties. Even today the work of data collection and gathering of information can be well managed by google forms.

SWAYAM MOOCs platform is World's Largest Online Free E-Learning Platform Portal designed to achieve the three cardinal principles of Education Policy viz., Access, Equity and Quality. SWAYAM (Study Webs of Active-Learning for Young Aspiring Minds) MOOC Platform was developed indigenously by AICTE in 2016 to facilitate hosting of online courses which could be accessed by anyone, anywhere at any time free of cost. The University made an effort to encourage faculty and students to take up the courses offered by SWAYAM for updating their skill set in respective domain. As an effect, many of the faculty and students of the University have undertaken Online Courses under SWAYAM-MOOCs

The university under its Skill Development Centre conducts courses online as well as offline mode so as to facilitate those students who are unable to attend the college for some valid reasons, pursue their education. Certificate course in MODI script, Course in Mythology, yoga as examples of some online courses.

The University has established well equipped TV and Internet Radio Studio through which faculty members capture their lectures and deliver to students. All the schools are well equipped with ICT tools such as LCD projectors, smart classrooms with E-podiums, digital white board and Teach infinity software. Different Schools have additional ICT tools depending on the need of their academic programs. The faculty use ICT tools to make learning process more interesting as well as interactive

CURRICULAR ASPECTS

1.1 – Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which is reflected in Programme outcomes (POs), Programme Specific Outcomes(PSOs Course Outcomes(COs) of the Programmes offered by the University

The university has 11 Schools and 27 Departments that meet local, national, and global educational goals. The curriculum of the University is revised every three years has a student-centric approach facilitated by an ideal combination of the current skill-based approach and proven traditional teaching-learning pedagogies The curriculum focuses on interdisciplinary and multidisciplinary approaches to promote applied research to impart technology to industries. It provides various opportunities in the fields of Pharmacy, Medical Sciences, Chemical industries, design, green Chemistry, biodegradable polymer synthesis, etc. Along with it impa advanced knowledge in the areas of technology, computational sciences, Indian statistics, machine learning, data science, business management, marketing, etc. also concentrates on the students' linguistics and communicative competencies, s skills, and personality development and inculcates human values among them. It al helps in developing performing and professional skills. It creates awareness amor students about environment through implementing projects like groundwater exploration, environmental consultancy, herbal gardens, nutrition and health situations, the students' community, etc. The Skill Development Centre offers ab 142 skill-based courses to enhance entrepreneurial skills among students which he to reduce the unemployability ratio.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

The university integrated the cross-cutting issue of gender with the increasing proportion of the girl students. It has formed 'Anti Ragging Cell' for the welfar of women and "Muli Shikvaaa Samaj Ghadawa" (Educate Women and Empower Society) is our best practice. It celebrates International Women's Day and the birth anniversaries of women's, national heroes to motivate women in the institution. university has constituted an Internal Harassment Committee to prevent Women's Sexual Harassment and a Gender Sensitization action plan for Women and highlights the gender issues and human values in the curricula.

Environment and Sustainability

The University celebrates 'National Environment Day' every year to highlight the relationship between humans and nature. The curricula of the various programs fo on environmental safety and sustainability. To promote ethical standards and practices in data management, research design, and statistical analysis, the Department of Biostatics tries its best. The institute organizes various seminar and workshops to create awareness of the safety of the environment. To promote h values and professional and business ethics and generate sensitivity towards hum values the university makes efforts.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the studentsand organises special Programmes for advanced learners and slow learners

The University assesses learning level of the students and accordingly offers special programmes for advanced learners and slow learners. Unit tests, assignmer etc are conducted throughout the semester as a part of Continuous Internal Assessment. To develop and to enhance the interest about the subject among the sl learners, seminar activity is conducted, wherein student has to prepare for a top not covered in the syllabus. Then he is asked to present it before the others. Alongside seminars, expert lectures are also arranged for such learners, by invit experts from academics as well as industries. Educational tours, excavations are also arranged to develop interest for the subject. TV studio, economics lab, muse etc are also constructed to develop learning abilities of slow learners. During

meetings with mentee, mentors discusses with their mentee regarding the difficult in the learning. For advanced learners, to further enhance their knowledge about subject, various workshops, conferences are organized. It helps to build research mindset among the advanced learners. Guidance workshops for NET/SET examination also conducted. Activities like project and internship are also conducted to enha the learning experience of the students.

Number of Students	Number of Teachers
1704	101

File Description	Documents
Upload relevant supporting document	**View File**

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences

The University makes efforts to enhance the learning experience of students. Apa from typical classroom teaching, faculty is engaged in other forms of teaching-learning methodologies. For example, seminar activity is made compulsory for few programmes, in which student needs to prepare for a topic by referring books and other resources, and then give a presentation to reveal his/her understanding of concept. Students are getting hands-on experience of equipment's, software etc. during their practical hours in the laboratories. To enhance their learning experience, Internship is included in the syllabus structure itself. Students undergo an internship (on job training) in the last semester of few programmes s as M.Sc. (Chemistry), MCA. Educational tours as well as excavation projects are conducted as a part of experiential learning for students. Students from various schools participate in 'Avishakar :Research Convention'. The innovative research ideas are nurtured and converted to prototypes in this research convention. Stude are also encouraged to go for online learning experience, such as SWAYAM, MOOCs. credits are reserved for completion of such courses. Students also participate in competitions held on the occasion of National Science Day as well as National Mathematics Day.

2.3.2 - Teachers use ICT enabled tools including online resources for effective teaching and learning process during the year

All the classrooms and many laboratories of the University are well equipped wit projectors for effective teaching and learning processes. A digital podium and interactive panels are also installed in many classrooms. All the necessary softw for advanced computing are subscribed and installed in the computing laboratories wherever necessary. The University Knowledge Resource Center (KRC)/Library is als equipped with the digital facilities such as automation for issuing and returning

books, app for checking status of books (e-KRC), V-shaped scanner etc are being u
by students. An internet connection of 1 GBPS bandwidth is available in the
University campus. University has its own TV studio where recording and editing o
video lectures is done. The video lectures recorded through this Tv studio are
available on University YouTube channel. Wherever and whenever required, online
guest lectures are arranged for students. The University has G-Suite subscription
Google services. The University also has a web radio channel named 'Vidya Vahini'
for podcasting audio content. The online resources, such as journals and e-books
subscribed by the University KRC and are made available for students as well as
faculty. For checking plagiarism of Ph.D. research thesis, University has subscr:
Turnitin software.

2.5.3 - IT integration and reforms in the examination procedures and processes (continuous internal assessm and end-semester assessment) have brought in considerable improvement in examination management syste of the institution

The University provides online student registration for examinations and online issuance of hall tickets. This facility is provided through college login as wel student's individual login. From application of admission to convocation, all modules are available in e-Suvidha, specifically for examinations. Based on admissions and eligibility data, examination forms are provided in student's log: as well as in college login. Students can apply for exam from their own login. Moreover, all post exam processing is done through e-Suvidha framework. Online application by the students for revaluation, photocopy of answer book, duplicate mark sheet, convocation, migration, college transfer, transcripts, ordinance cancellation etc. is the done through eSuvidha. Through the college or school log concerned college/school feeds the data in the software, which is received at the examination computer center. After feeding the University Exam marks, mark-list ledgers are processed automatically. Because of the automation in examination process, the results are being declared within minimum time. Even the assessment answer papers of University examination are scanned and made available in the concerned teacher's login. These papers are then assessed by teacher in online mo This has increased transparency as well as it has reduced the counting mistakes.

2.6 - Student Performance and Learning Outcomes

2.6.1 - The institution has stated learning outcomes (generic and programme specific)/graduate attributes which are integrated into the assessment process and widely publicized through the website and other documents

```
In the beginning of all academic programmes every year, orientation is given to t
admitted students regarding concerned programme as well as different courses with
it. Students are made aware of programme specific, course outcomes. They are also
given an orientation regarding graduate attributes that they are expected to poss
at the end of the programme. Apart from usual written examination (internal and
University), marks are reserved for the assessment regarding graduate attributes
For example, in the Seminar activity, students are expected to prepare on any top
not covered in the syllabus of the concerned programme. The student has to give a
presentation on this topic and is expected to answer all the queries raised by
others. This way, the graduate attributes like critical thinking, effective
communication etc. are assessed. The attributes like creative thinking, teamwork
leadership etc. are assessed through the project work and internship. These
components seminar, project etc. are included in the curriculum and few credits a
reserved for them.
```

File Description	Documents
Upload relevant supporting document	**View File**

2.6.2 - Attainment of Programme outcomes, Programme specific outcomes and course outcomes are evaluat by the institution during the year

```
The level of attainment of Programme Outcomes (POs) and Programme Specific Outcom
(PSOs) are determined by the University using certain parameters. The active
participation of students in research activities such as Avishkar etc is an
indication of attainment of the outcomes. The increasing number of students clea
competitive examinations like NET, SET, GATE etc is also viewed by the University
a measure of attainment. The attainment can also be observed by noting the fact t
more number of employable students are being produced resulting in more number o
placements through on and off-campus drives. The vertical mobility of students is
also observed to be increasing. More students are opting for higher education su
as Ph.D. degree. Above all these measures, the day-to-performance as well as mar
secured by students in internal as well as University examinations are also
indicative of attainment of the said outcomes.
```

RESEARCH, INNOVATIONS AND EXTENSION

3.1 - Promotion of Research and Facilities

3.1.1 - The institution Research facilities are frequently updated and there is well defined policy for promot
of research which is uploaded on the institutional website and implemented

- **The University has a robust Research Promotion Policy, communicated to studen and faculty through its website.**
- **It has established an innovation ecosystem, including an incubation center, conducts workshops to nurture innovative ideas.**
- **The annual Research Convention, "Avishkar," fosters a research culture.**
- **Seed money and start-up research grants are provided to young faculty, with 5.80 Lakhs granted for six socio-environmental research proposals and Rs. 5,00,000 sanctioned by ICSSR for a historical study.**
- **Travel grants facilitate faculty participation in international events.**
- **A well-equipped Instrumentation Centre supports advanced research with sophisticated instruments as X-ray diffraction, Fourier Transform Infra-Red Spectrometer, Nuclear Magnetic Resonance, Atomic Absorption Spectrometer, Thermal Gravimetric Analyzer & Differential Thermal Analyzer for advanced research. Functional MoUs with national/international institutions/industries enhance academic and research collaborations.**
- **Plagiarism prevention is ensured through the use of "TURNITIN" software. Facu engagement in various scholarly activities is encouraged, resulting in over research articles published in reputable journals. Additionally, an IPR cell assists faculty with patent filing and commercialization, resulting in the granting of four patents.**

3.3 - Innovation Ecosystem

3.3.1 - Institution has created an eco-system for innovations including Incubation centre and other initiative creation and transfer of knowledge

The University has cultivated an ecosystem for Research and Innovation by recruit and nurturing competent human resources, initiating knowledge creation and dissemination efforts, establishing cutting-edge infrastructure, and supporting incubates to translate their ideas into commercial products.

Key highlights of the research and innovation ecosystem:

1. Establishment of Innovation and Incubation Centre: The University has set up t MSIs Incubation Centre PAH Uddyam Incubation Centre, funded by the Government of Maharashtra with an outlay of Rs. 5.00 Cr.

2. Research Funding: Faculty members have secured significant funding from nation agencies such as ICSSR, BSR-SERB, and Aakruti, demonstrating the University's

commitment to research excellence.

3. Networking: The University has forged strong partnerships with national and international universities, institutions, and industries to promote interdisciplinary and multidisciplinary research. Through 07 MoUs and collaborati activities, students and faculty have published joint research publications in reputable journals indexed in Scopus and Web of Science.

IPR Cell: A dedicated IPR cell raises awareness among students and faculty about intellectual property rights (IPR). The University incentivizes faculty to protec their IP by providing grants for drafting and examination charges. To date, 04 patents have been granted to faculty members.

3.6 - Extension Activities

3.6.1 - Extension activities in the neighbourhood community in terms of impact and sensitising students to social issues and holistic development during the year

Throughout the year, the NSS organizesof programs and events engaging students an staff in community-based activities like Cleanliness Drives, AIDS Awareness Camps and Beti Bachao initiatives.

Under the Earn and Learn scheme, students dedicate two hours daily to campus cleanliness and Swachh Bharat Abhiyan, while also exploring self-entrepreneurship opportunities.

Impact and Sensitization efforts include collaborative Road Safety Programs and Blood Donation Camps, along with initiatives like Voter Registration drives and Cleanliness Awareness Programs in partnership with the Civic Response Team. The University's Village Adoption Scheme focuses on the socio-economic development o: adopted villages in Solapur District.

NSS camps aim to instill social responsibility values through activities aiding distressed individuals, understanding the needs of underprivileged children, and promoting lifelong cleanliness habits. Academic departments facilitate learning outcomes by addressing societal issues, fostering partnerships with NGOs, and enhancing problem-solving, communication, and leadership skills.

Additionally, the Health Centre, Alumni Associations, and Women's Forum conduct health awareness programs, organ donation camps, and women's health initiatives, contributing to national integration through initiatives like the Fit India Mover and Sports Festivals.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The institution has adequate facilities for teaching - learning. viz., classrooms, laboratories, comput equipment, etc.

Campus area: The University Campus area is divide in three areas 482 Acres (new) +35.5 Acres (old) & +680.47 Sqm (Solapur City campus at Rang-Bhavan: Study Center Guest House, Classroom, wash room, Yoga class & Tribunal).

Class rooms: As per the statutory guidelines all Schools (11) of the University well equipped with a sufficient number of classrooms and laboratories with 100% power back-up. Installation of sophisticated instruments at research laboratories Every classroom has provided with white/green boards, projectors and screen. Students can access e-resources 24*7. Provision of 24*7 internet facilities with 1GBPS capacity. In total there are 36 Classrooms, 6 Seminar halls, 1 Committee ro and an Auditorium to meet the curriculum requirements.

Laboratories: There are total 42 Laboratories & Computer Labs for research activities. Two Museums of archeology and earth science. All laboratories are wel maintained & equipped with necessary equipments and facilities to carry out laboratory practical and research activities.

Library: University has a well-stocked library with a collection of over 2082 boo 599 Reference Books, 494 e-books, international journals 23 and national journals J-gate e-journals, SSC online Law Database, 13 newspapers.

Computing equipments: There are 35 projectors and 21 Podium (mounted and affixed) classrooms.

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS) and has digitisation facility

ILMS Software: KOHA

Version: 23.0.5.02

Automation: Partially

- **The University Knowledge Resource Centre has an Open Access System for studer and staff.**
- **University Knowledge Resource Centre has automated their housekeeping operati including circulations; web OPAC, acquisition through KOHA Library Software.**
- **Knowledge Resource Centre has RFID System for effective circulations and save the time of user.**
- **KOHA is an integrated Library Management System. Library staff can use this l website for issue and Return/ Renewal Books to students. It provides easy acc to information for library staff and users. Automation of alerts to remind patrons and staff about overdue time. IT provides different types reports lil Circulation Report, KRC staff login wise report, Usage reports etc.**
- **RFID (Radio Frequency Identification) is the latest technology to be used in Library for circulation of books. The self checkout station is a computer wit touch screen and a built-in RFID reader, software for personal identification and books circulation.**

J-Gate is an electronic gateway to global e-journal literature. J-gate provides seamless access to millions of journal articles available online. KRC have subscribed 40000+ e-journals from J-Gate database. Also linked all e- resources t university website for easy search.

4.3.2 - Institution has an IT policy, makes appropriate budgetary provision and updates its IT facilities including Wi-Fi facility

IT Policy

The University has 11 schools, with interrelated departments within each school. administrative departments are also connected to this network. University procure its own domain name and hosted the own website www.sus.ac.in. Under the Google Ap for Education all the students including students of affiliated colleges and sta members got institutional email IDs.

IT Policy for hardware

The IT policy for hardware covers all those devices which are categorized as hardware.

IT policy for software

IT policy for Software covers all kind of software including operating system, system software, application software, diagnosis tools, antivirus, tools used fo research and development, compilers, debuggers, network software, internet applications, webbased applications, applications to operate specialized laborato equipments.

IT policy for campus network

The IT policy for campus network is designed to protect the campus network and to optimally used by the users of this network.

Maintenance of IT

The IT department of University will consist of a senior IT head having overall expertise of hardware, software, network and internet. He/she will be assisted by one or two IT assistants who could implement the plans and instructions given by IT head.

5.4 - Alumni Engagement

5.4.1 - The Alumni Association/Chapters (registered and functional)contributes significantly to the developm of the institution through financial and other support services during the year

The University boasts a registered Alumni Association, established on 01/01/2016 under the Societies Assistant Charity Commissioner, aimed at fostering a strong between alumni and current students. Alumni actively support students through interaction, financial aid, guidance, and placement assistance. The association's mission is to cultivate a mutually beneficial relationship between the University and its alumni, with regular alumni meets being arranged annually.

Objectives of the Alumni association include promoting close relations among alum and between alumni and the University, disseminating information about the alma mater, assisting in fundraising efforts, and advancing academic excellence. Alumni also play a crucial role in curriculum revision, with representation in departmen Board of Studies meetings and providing guest lectures on contemporary technolog: developments and career guidance.

Each school within the university forms its own Alumni group and organizes annual alumni meets. Alumni participation in meetings fosters interaction with faculty, allowing them to offer suggestions on curriculum enhancement. Notably, alumni fr the School of Computational Sciences contribute by delivering guest lectures to current students, sharing insights into modern technological trends and career prospects.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The institution has a clearly stated vision and mission which are reflected in its academic and administrative governance

The institute has clearly stated vision and mission which are reflected in its academic and administrative governance. The University's academic and administrat governance closely associates itself with the vision and mission of the Universit

Vision: Enrich research, teaching skill and employability of the students with execution of best practices.

Mission: Empower students and teachers in various fields on the basis of global a
local resources by enriching power within them.

Keeping in mind the vision and mission of the university the skill development
center has come up with 12 new skill-oriented courses which help to generate
employment and this is in line with the National Education Policy 2020.

The university engages its faculties in various committees and to fulfil the vis
and the mission of the institute it has its own prospectus and publishes annual
report. The various committees which support administrative governance are libra
committee, RUSA & RGSTC, IPR committee, international cell committee, grievance
cell, to name a few. These committees work in line with the vision and mission of
the university and help achieve its goals. The functioning of the academic and no
academic flows in hierarchy. The same can be exhibited in a organogram.

File Description	Documents
Upload relevant supporting document	**View File**

6.1.2 - The effective leadership is reflected in various institutional practices such as decentralization and
participative management

University follows decentralized and participative management approach in all
activities, initiatives and decision making. Committees review the progress and
necessary timely action for ensuring excellence. The administrative and academic
responsibilities are decentralized to provide educational leadership.

For this purpose, the of administrative officers and their staff (total 67
employees) are transferred in various sections and departments within the univers
which cater in the decentralization of routine works. All the activities of vario
department are decentralised. This practice is one of the prime motivations for t
participative management across the university. The university has a placement ce
which caters the needs for job placement of the students of various schools Apart
from this the institute has its own policy towards awards to be given in various
categories. The university conducts various programs such as Youth Festivals,
Utkarsh festival, NSS activities where all the teaching staff participate in vari
committees to make the event successful. The university also has its Alumni
association which helps the passed-out students to get well connected with the
university. Moreover, the university also has anti-ragging, grievance, and variou
other committees which enhance participative management

6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has a performance appraisal system, promotional avenues and effective welfare meas for teaching and non-teaching staff

Response: PAHSUS follows performance appraisal system, promotional avenues, and welfare measures for teaching and non-teaching staff as per the norms of UGC.

I) PBAS: The university has developed proforma of "Performance Based Appraisal System" for the assessment of teachers for promotion under CAS. The process of CA is carried out frequently. Along with that teachers are permitted to attend orientation, refresher, faculty development programme, short term teaching Programmes, and conferences and workshops required for promotion. Teachers are al benefited with leave to carried out research activities.

II) Promotional Avenues for Non-teaching Staff:

To evaluate the annual performance of non-teaching staff, their administrative ability, technical and professional ability, integrity, character etc. are taken

into consideration. Appraisal report of non-teaching staff is assessed by the concerned authority of the University. They are informed to improve themselves in case any discrepancy is observed in their performance and are promoted to higher position if found well in their performance.

Following is the list of existing welfare measures of University for the teaching and non-teaching staff.

- Provident Fund
- Gratuity
- Reimbursement scheme
- Felicitation of the best teacher and best employee
- Day Care Centre
- Kalyan Needhi Yojana
- Credit Cooperative Bank Ltd.
- Insurance policies (Mediclaim & Accidental)

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes by constantly reviewing the teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals

Response: Two practices are institutionalized by IQAC are 1) Experiential and
Participatory Teaching Learning Methods, 2) Monitoring outcomes of the programmes

1.Teaching Learning Processes: University has been following participatory and
experimental teaching leaning methods to engage students in learning process.

University's schools are taking efforts for learning practices through handling
(hands-on) and observations (brains-on) for instance, Students of Mass Communicat
department are recoded events in the University with the help of media lab.

2. Structures: The approach of IQAC has always been providing quality based and student centric teaching learning process and has designed the policy to assess evaluate it from time to time. Accordingly, IQAC is modify teaching, learning activities after taking the review and suggestions from students feedbacks. Transforming Traditional Classrooms to Digitized Classrooms.

3. Methodologies of operations: University organized training programmes for the teachers to upgrade their knowledge. The syllabus of all programmes is updated t to time. Study tours are organized to provide learning through experiences.

4. Learning Outcomes at Periodic Intervals: Group activities such as seminars and project presentation are more interactive. The periodic intervals are set by the University to observe student's progress.

7.2 - Best Practices

7.2.1 - Describe one best practice successfully implemented by the Institution as per NAAC format provided the Manual

Best Practice- 1

Objective: Cultivate an environment for innovation and incubation.

Context: In the academic year 2022-2023, the Innovation and Incubation center initiated programs like Ideathon 1.0 and Envirothon 1.0.

Practice: Includes venture selection, mentoring, seed funding, infrastructure support, venture review, and resource network development.

Evidence of Success: Various programs facilitated participation of students, faculties, and new entrepreneurs, fostering idea sharing and collaboration.

Challenges and Resources: Rural communities face awareness gaps regarding the incubation center, necessitating mobilization of internal and external funds for outreach and awareness programs.

Best Practice- 2

Objective: Nurture research culture among the post graduate student by providing financial support for their project & encourage faculty member to protect their Intellectual property rights.

Context: PAHSUS prioritizes research and innovation, offering opportunities for sustainable development through student engagement.

Practice: Encouraging research through competitions like Avishakar and Hackathon along with providing fellowships and minor research grants.

Evidence of Success: Notable outcomes include 7 AKRUTI Technologies developed ,Enrolment of 17 JRF and 05 DRF fellows, 04 patents, 88 research articles, and awarding 04 PhDs.

Problems Encountered and Resources Required-

- Limited resources
- Technical difficulties
- Ethical considerations

Resources Required-

- Government funding for research
- Equipment
- Infrastructure

7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

In the academic year 2022-2023 under skill development centre various courses are run as Paramedical related courses, Technical related courses, Commerce and Management related courses, Computer related courses, Other traditional related courses, and Agriculture related courses.

In the academic year 2022-23, 10 courses have been newly approved under Skill Development Centre and a total of 142 courses are running.

For the first time in the history of Skill Development Centre, the Certificate Distribution Ceremony was organized on 29/08/2022.

The examinations of the first semester and all the previous repeater students in academic year 2022-2023 of the various courses running under the Skill Development Center were conducted offline in the month of December, 2022.

A workshop was organized in the present university from January 09, 2023 to January 13, 2023 under Integrating Skills in Curriculum. A total of 43 people like teachers and administrative staff from various universities and colleges in Maharashtra has participated in the said workshop.

Present University Skill Development Center and DevLearn Technology, Mumbai had entered into an MoU for the academic year 2019-20 to 2022-2023, the said MoU has been extended for the academic year 2022-23 to 2025-26.

7.3.2 - Plan of action for the next academic year

1. Attracting students globally by initiating new UG and PG program in the campus so as to enroll more students in our university.
2. Major focus on startups and entrepreneurial activities in tune with NEP 2020
3. Increase the number of MOU at national and global level with the objective to enhance university participation in acquiring global talent and global knowledge.

4. **Effectively materializing NIRF participation so as to secure position in top universities.**
5. **Emphasize major focus on research activities resulting in increased patents, consultancy services and research papers.**
