

Mr. Swapnil Pawar

I'm a dedicated and passionate academic currently pursuing my PhD in Material Sciences. As an assistant professor, I've had the opportunity to teach and mentor postgraduate students, helping them grow both academically and professionally. I enjoy creating engaging course materials, conducting meaningful research, and sharing my work through publications and conferences. I'm also committed to building a collaborative, inclusive classroom where everyone feels encouraged to learn and contribute.

Skills

- ✓ Student and Faculty communication
- ✓ Project management
- ✓ Program planning
- ✓ Individual and group training

Experience
